## R. B. Taylor Selects Committee to Aid in Formulating Plans to Finance Center

Accepting the challenge handed him at the meeting of the town council Monday evening, R. B. Taylor has named a committee of local residents to assist in securing funds for running the new Community House for the balance of the year.

Mr. Taylor points out the fact that the town has appropriated the sum of \$1,000 for immediate needs of the operating committee and the necessary funds for the remainder of the year are to be raised by popular subscription.

Mr. Taylor further states: "The building will be operated primarily for the benefit and pleasure of the teen-agers of this community and to my mind this is one of the greatest steps forward Virginia Beach has taken since I have been a citizen of the town. I am sure it is unnecessary for me to emphasize the importance of having a meeting place and pleasure center for the children. It has been a crying need for years and years and now that it is accomplished fact I, and I believe you too, want to leave no stone unturned to hold fast to it and give it all the impetus possible."

Mr. Taylor has asked the following residents of the community to meet with him Monday evening, March 8th, for the purpose of discussing plans for assisting the town council in its endeavor to promote the youth activities in the community:

W. W. McCannan, W. K. Macdonald, W. W. Stroud, Sidney S. Kellam, Ben Wahrman, Mrs. Roy Deal, Mrs. Arthur Jordan, Mrs. Irene Fleming, Mrs. Russell Hatchett, Albin R. Malthe, Mrs. Mary Kellam, Frank Sheehan, Mrs. Anne Simmons, Rev. C. W. Carnan, Rev. Ira Knight, Rev. Robert Forrester, Rev. Robert Davis, Rev. P. P. Brennan, and E. B. Bayne.

In an endeavor to further a cause in which it is vitally interested, the Virginia Beach News will donate advertising space each week. This space may be purchased by individuals, firms, "a friend," or any way desired with payment made direct to the finance committee of the Community House and not to be handled by the News Office. Our regular advertising rates will be used and the copy will be handled through a committee designated by Mr. Taylor, through which all requests for use of the space must come.

## Tides and Sun

THE CALENDAR FOR VIRGINIA BEACH AND CAPE MERRY (Revised by U. S. Weather Bureau, Cape Henry)

DATE	High	Low
March 5 a. m.	4:11	10:48
March 5 p. m.	4:39	10:49
March 6 a. m.	5:02	11:21
March 6 p. m.	5:26	11:43
March 7 a. m.	5:52	
March 7 p. m.	6:14	12:36
March 8 a. m.	6:39	12:59
March 8 p. m.	6:57	1:06
March 9 a. m.	7:17	1:11

March 11 a. m.	8:39	2:25
March 11 p. m.	8:45	2:46

Days of Week	Sun	Sup
Friday	6:39	6:02
Saturday	6:39	6:03
Sunday	6:27	6:04
Monday	6:36	6:05
Tuesday	6:34	6:06
Wednesday	6:33	6:07
Thursday	6:31	6:07

To obtain tides of high or low water from above times: Lynnhaven Inlet, add 20 minutes; Ocean View, add 45 minutes; Old Point, add 45 minutes; Ocean Inlet, subtract 45 minutes.

## C. of C. Opposes Placement Of Pound Poles

The board of directors of the Virginia Beach Chamber of Commerce has adopted a resolution opposing the erection of pound poles with fish nets along the beach extending from Fort Story to Seventh Street, it was announced Thursday by Al Malthe, secretary.

Adoption of the resolution came only after a lively discussion was heard among the board members. The measure passed by a small majority.

Copies of the resolution, which points out the hazards such construction might offer to navigation and danger to swimmers, were sent to the Commissioner of Fisheries and the Corps of Engineers, U. S. Army.

The resolution follows: "Now, therefore, be it resolved that the Virginia Beach Chamber of Commerce go on record as protesting the placing of pound poles with fixed nets thereon within the waters of the Atlantic Ocean from the Fort Story reservation to the north extending southward to include Seventh Street of the Town of Virginia Beach as being detrimental to navigation in such waters and as being offensive to the health and well being of the inhabitants thereof and that the Commissioner of Fisheries, his inspectors and agents, be requested not to issue further permits for such structures in said waters and that the Corps of Engineers, U. S. Army, be requested to adopt a regulation prohibiting the use of net fishing adjacent to the above area of said Town for fish trap areas."

"By direction and approval of the Board of Directors of the Virginia Beach Chamber of Commerce."

"Albin R. Malthe, Secretary."

## Red Cross Sewing Quota Filled

The sewing quota allotted the Princess Anne Junior Woman's Club, placed in a capacity house of over 1,000 garments Wednesday evening. Under the direction of Charles Anne Clunking of the Council Production Organization of New York, the performance moved from one dance group to the next without a hitch or a moment's delay. The abnormally continued chorus numbers were interspersed with comedy acts and the entire program showed a wealth of talent which had heretofore lain dormant or underdeveloped.

Augmented by excellent lighting effects the make-up and costumes took on a professional air seldom seen in a so-called amateur performance.

Success of the Production The success of a production does not lie entirely in the laps of the performers. "The behind the scene workers" do not receive their glory over the footlights but in the realization of a successful performance. To Miss Kitty Manby, general chairman, and her selection of chairmen and committee women who so capably carried out each phase of the production was a huge share of the glory.

Guests: Misses and Mrs. Shelly

## Red Cross Section Of Community House Ready

Work has been completed on the new quarters for the American Red Cross and the organization expects to move its offices from 14th and Atlantic to the Community House early next week. This announcement was made by Miss Pearl Duty, secretary of the Princess Anne Chapter of the American Red Cross at a joint meeting of the Youth Commission and the House Committee held in the Community House Wednesday afternoon.

In addition to the Red Cross announcement the two groups devoted much of their time to a discussion of teen-age and youth programs to be held in the Community House. T. A. Baxter, public relations expert and an authority on youth or teen-age clubs, was a guest at the meeting. Baxter gave an interesting account of the formation of teen-age groups, stressing the necessity of having adult sponsors and at the same time pointing out that the young people must "run their own show."

Baxter discussed the various problems that will be encountered in setting up a youth program, and explained the need for a definite program for the teen-agers.

E. B. Bayne, reporting for the athletic committee, told the group of immediate plans to line the auditorium floor for basketball, shuffleboard and volley ball. Bayne stated that the committee was in the process of drawing up definite plans which will enable them to better determine their needs in equipment.

The youth commission appointed G. Fred Cook, Jr., and Albin R. Malthe to serve as a committee to plan for dedication ceremonies for the building, set for March 12th.

Mrs. James Kontopanos was asked to contact the Garden Club to determine its interest in beautifying the grounds around the building.

**R. H. Ewing Heads Service Dept. for Tidewater Gas Co.**

Tidewater Gas Company has secured the services of Robert H. Ewing to manage the operation of the company.

In making the announcement Ray Cassett, president, said that Mr. Ewing has had many years experience in sales and service with the Washington Gas and Light Company. After serving with the USMC, he administered the allocation program in the Civilian Production Administration for all store manufacturers.

Mr. Ewing, his wife and three daughters are making their home at Virginia Beach.

## District "L" Class Teachers Meet

Community service and community responsibility with a challenge to higher standards of teaching were emphasized in the principal address at the meeting of District "L" class-rooms teachers Saturday.

The luncheon held in the Jefferson Hotel, was attended by approximately 100 teachers in the district, and was presided over by Miss Mary Craig, district retiring president.

Officers and representatives from the four sections comprising District "L" and State president of NEA were introduced to the assembly.

**Key Speaker** The key speaker of the meeting was Mrs. Jessie Pugett, regional director, class-room teachers, from Lexington, Ky., who advocated a teacher preparation of four years in special teacher training courses.

She stressed the importance of unifying the entire profession in an endeavor to mold the future of the profession as well as the pupils. Mrs. Pugett placed the responsibility of future citizenship in the hands of class-room teachers and challenged them to give their best to the molding of the youth in their charge. In so doing they would strengthen the moral fiber of the nation. The job of teaching was not just to get better conditions for the teachers, she said, but the biggest job was working for the future of the boys and girls—a real community service and a challenge to every teacher in the profession.

The invocation was rendered by Mrs. L. W. Meschum, president of the Cooke P. T. A., with the welcome from Mrs. Elmer Harris, president of the Princess Anne County Class-Room Teachers.

## Lucy Mason Holt PTA Guest Speaker

The Parent Teacher Association of the W. T. Cooke school held the Father's Night meeting on Monday evening in the school auditorium. Mrs. L. W. Meschum, president, took the opportunity to dedicate the new curtain which had been purchased with funds raised by the Carnival staged in the fall.

Miss Lucy Mason Holt, principal of the Ocean View School, was guest speaker and spoke on the child at home, in school and in church. Mr. Leo Miller, chairman of publicity said that in spite of the date conflicting with the regular meeting of the Town Council a large number of parents were in attendance at the meeting.

The 5th grade Glee Club under the direction of Miss Mill rendered musical selections.

At the conclusion of the business meeting refreshments were served in the lunch room.

## Red Cross Board Members Named

The Princess Anne Chapter of the American Red Cross elected Mrs. R. L. Gambill and Frank Sheehan to the board of directors at the March meeting held Tuesday evening.

Announcement was made that there is still a real need for comic books and more comic books for patients in government hospitals, and patients in the Marine Hospital want old radio to renovate and use. This work is a part of the occupational therapy for patients who are electrically inclined and the Red Cross hospital committee requests any old radio which is not being used. If the one turned in cannot be fixed there is a possibility some of the parts may be used to repair another machine. A call to Red Cross headquarters will bring someone to collect the article.

Mrs. R. A. Midgett, chairman of the nutrition committee, announced that under the direction of Mrs. Frances Woolf, formerly with the YEP as home demonstration director, nutrition is being taught in the Creeds High School to 65 girls and in the Princess Anne Training School twenty-five colored girls are being given the same course. Mrs. Midgett said this is a voluntary service of Mrs. Woolf.

## Norfolk Southern Seeks Permit to Increase Bus Fare

The Norfolk Southern Bus Corporation has filed application with the State Corporation Commission for authority to revise its rates and fares.

E. M. Fletcher, vice president and general manager of the corporation, informed Mayor H. W. Fielder Leeke that the application had been entered by the State Corporation Commission on February 18, 1948, and was docketed for hearing before the Commission in its courtroom at Richmond on Wednesday, March 31, at ten o'clock in the morning.

The application further stated that it was the desire of the corporation to increase the rates and fares in the transportation of passengers by motor vehicle over its lines on all routes except over U. S. Highways 17 and 170 from Norfolk to the Virginia-North Carolina State line.

The order directed all interested parties to appear before the Commission at the time and place designated to present any pertinent testimony.

A copy of this public notice was sent to Mayor Leeke. M. C. Mansfield, chairman of the Princess Anne Board of Supervisors, and P. W. Acton, Jr., Commonwealth's Attorney for Princess Anne County.

## BICYCLE FRANCHISE LET, PRICE BID \$5,913 BY MEEKS AND STRANGE

### Fleet of Pleasure Craft on Display at Cavalier Club

BOAT SHOW MARCH 13-14

The Spring showing of cruisers, runabouts and skiffs built by the Corect Craft Company will be presented by Lee O'Reilly, representative, on March 13th and 14th at the Cavalier Yacht and Country Club.

Rufus Knight, manager of the club, said that the showing will continue from 10 A. M. to 5 P. M. each day, and Mr. O'Reilly will give demonstration rides in the craft.

Mr. Knight, said the craft used at the Cavalier Yacht and Country Club are built by the company operating in Titusville and Pine Castle, Florida, which has been building pleasure craft of all types for over twenty-two years, and all boats are delivered by their own motor truck from shipyard to club dock.

During the 1947 boating season Mr. O'Reilly conducted the water ski school at the club and says his plan is to continue the school during the coming season.

## Forbes Open New Plant in Atlanta

At the request of Rich's Department Store in Atlanta, Ga., Chas. Forbes, candy manufacturer and president of Forbes Candies at the Beach, will open this week-end the third in his chain of plants.

Mr. Forbes said the invitation came as the outgrowth of the national candy manufacturers' meeting which he attended in New York several months ago and he felt the honor was a signal one at that Atlanta is one of the largest candy centers in the country, and the Rich establishment one of the most expensive in the South.

The plant will be located on the sixth floor of the building with display counters for sales on the main floor. James F. Spear, who formerly managed the Virginia Beach plant, will be in charge of the new operation. Mr. Spear was sent to Richmond to operate the plant in Talbott's store when that plant was opened.

Mr. Forbes and Mr. Spear left Thursday evening for Atlanta to attend the opening of his third plant for manufacturing candies.

Bids for bicycle franchise, presented over pound poles, seven pumps and the Community House were on the agenda at the March council meeting Monday evening.

Five bids were submitted for the bicycle franchise which was awarded to E. R. Meeks and E. M. Strange, Sr., on a five year contract with an annual payment of \$5,913. Other bids were submitted by J. P. Cupton, George E. Marshall, H. A. Bailey and E. P. Dixon, but all were in the three thousand per annum bracket. The winners of the contract were instructed to meet with Ray Smith, town attorney, to iron out any differences and draw up the necessary contracts.

### Sewage Disposal

A petition was presented to the councilmen signed by residents of 24th Street, lying between Baltic and Pacific Avenues for some relief in the sewage disposal problem of that section. Worth Perkins, sanitation engineer, told representatives present that a survey had been made and the committee was cognizant of the real need and plans were being considered for the installation of additional large pumps which would service not only the section in question, but would expand to the South end of the Beach which was also in need of additional disposal units.

### Community House

W. W. Stroud, chairman of the house committee for the new Community House, presented a budget for the coming six months. With apologies, Mr. Stroud asked for \$1,000 a month until the house could make some plans for help. In a breakdown of the proposed budget, Mr. Stroud asked a minimum to the maintenance of the building, which has three paid employees, the director whose salary is placed at \$50 a week; the custodian is to receive \$100 a month. Other itemized expenditures include fuel, power, janitor service, office supplies and general maintenance of the building. Mr. Stroud said that at present the Red Cross is the only paying activity in the building.

Councilman McCannan stated on the opinion that the new work, undertaken should receive full operation from the town; that a good job was being done by individuals and committees and the Community House was an asset to the community.

E. B. Taylor suggested that individuals in the town should be willing to contribute to such an important community project and he suggested for Fuel, Food & Building Supplies Corp. He offered to provide food at a minimum cost. He immediately upon this offer Mr. McCannan made a motion that Mr. Taylor be appointed chairman of a citizens' committee for the purpose of securing funds with the understanding the town would supply any deficit in the amount of \$1,000 per month budget, for the next six months, at least. Mr. Taylor seconded the motion stating that, in his opinion, there was nowhere to spend the town money more wisely.

Dr. Kerr entered a plea for help in the community with little less emphasis on the need for it. Mr. Stroud announced that that point requests for aid at the Community House would receive due consideration but the town was still in favor of the residents of Virginia Beach.

### ARC News

An ordinance was presented questioning the council to place a house in which beer and wine could be sold on the Beach from pre-war time of 1:40 A. M. to 11:40 P. M. The ordinance was referred to the chief of police and the police committee for consideration and recommendation at a later meeting.

### Fun Outcomes

There being no fun in the evening, the council for consideration and recommendation at a later meeting.

## Follies Talent Chairmen Uncover Wealth of Stage Ability at Beach

The Beach Follies, presented by the Princess Anne Junior Woman's Club, played in a capacity house of over 1,000 persons Wednesday evening. Under the direction of Charles Anne Clunking of the Council Production Organization of New York, the performance moved from one dance group to the next without a hitch or a moment's delay. The abnormally continued chorus numbers were interspersed with comedy acts and the entire program showed a wealth of talent which had heretofore lain dormant or underdeveloped.

Augmented by excellent lighting effects the make-up and costumes took on a professional air seldom seen in a so-called amateur performance.

Success of the Production The success of a production does not lie entirely in the laps of the performers. "The behind the scene workers" do not receive their glory over the footlights but in the realization of a successful performance. To Miss Kitty Manby, general chairman, and her selection of chairmen and committee women who so capably carried out each phase of the production was a huge share of the glory.

### COMMUNITY HOUSE—A COMMUNITY ASSET

The applause which followed the reading of the report on the new Community House at the council meeting Monday seems to be evidence of the approval of the undertaking and the expense justified, so far. The house committee is giving a great deal of thought to working out and perfecting the organization and praise and comment were voiced by councilmen for the splendid job in the appointments of individuals and committees to carry on the work. When asked for funds councilmen agreed that the money could not be more wisely spent and the project would be given all the consideration possible. Investment in youth will pay large dividends in good citizenship.

#### OUR TEACHERS

"The teacher gives not of his wisdom but rather of his faith and his lovingness. If he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind." —Kahlil Gibran, The Prophet.

The above thoughts were well brought out in the speech of Mrs. Jessie Puget as she addressed the class-room teachers of District "L." Not what we, as teachers, can get in the way of more salaries and better hours, but what we, as teachers, can give toward strengthening the unity of the organization, the profession and the community.

The thought was indeed refreshing when we hear so much these days of the over-worked and under-paid teacher, all of which may be true but with emphasis placed on the "giving" and not the "getting" leaves a feeling that, after all, there is a feeling of community service and community responsibility uppermost in the minds of those into whose hands the molding of citizens for tomorrow is placed.

#### BEHIND THE ROADWALK

When things go on behind the "Walls of Jerico" and women with insatiable curiosity and interest are on the outside trying to look in, either the walls are going to fall down or a pretty good sized crack hole is going to appear so there can be at least a glimpse of what goes on behind this seemingly impenetrable fortress. A wall has never been built which has no vulnerable spot.

A would-be bus rider was seen standing on the corner of 25th and Atlantic Avenue one evening after an extra long movie. The last bus had gone to the north and of the Beach. It was raining, and the man was a visitor at a home on 78th Street. We picked him up and carried him to his desired destination. The picture which he will carry home with him about Beach transportation and accommodation will leave much to be desired. His disgust was genuine and justified.

The Norfolk Southern Bus Corporation has improved some of its services but there is still room for consideration of patrons who are not within walking distance of shopping and theatres. The promise of a late bus to the north end is a long time in fulfillment.

The Community House rule which says "closed on Sunday" seems to be a topic for some discussion. There may be points against this rule but as we see the picture it is so right.

It is a Youth Center where young people are invited to gather for a social time or as a meeting place. Sunday is a day set aside for Holy things. The churches of the community encourage the gathering together of youth on Sunday for fellowship and worship where an atmosphere of sanctity prevails.

Young people of today are, at times, thoughtless and care-free, and a gathering at the Community House on Sunday could easily turn into activities which should be kept for week-days. The exuberance of youth needs guiding into proper channels.

The house rule in question may help our youth "To remember the Sabbath Day to keep it holy."

#### OUR HAT'S OFF

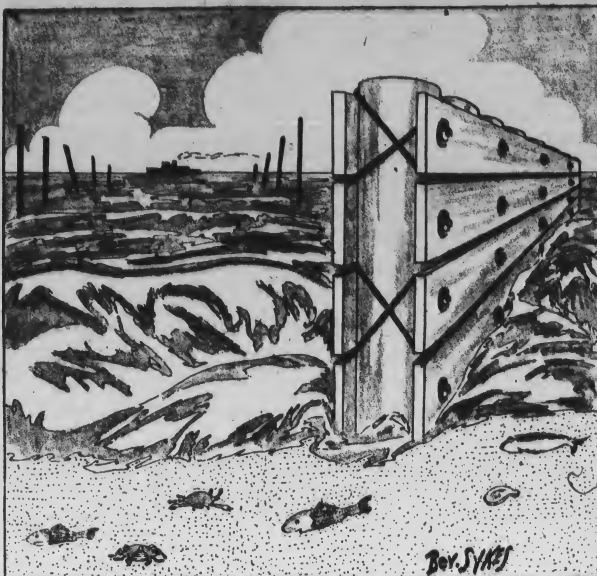

Our hat is off to the Junior Woman's Club of Princess Anne County and to the many people who made BEACH FOLLIES such a success. In this venture the people of Virginia Beach have proved that they can work together and produce excellent results. The hard work by members of the cast, the excellent direction by Mr. Conkling, the cooperation of Mr. Crockett and the employees of the BEACH THEATRE, and the people of Virginia Beach and Princess Anne County who gave their whole-hearted support.

#### WHAT? NO BATHERS?

Found poles with fish net, which catch and deposit all manner of debris along the beach, and barge covered jetties and groins do not paint a very pretty picture nor one which will attract bathers to Virginia Beach. The one aspect to the resort town is the delightful sea bathing and what guest will want to lol on the sands among dead fish and crabs thrown back into the water from the fishing boats pulling the nets. It is true the planters of the stakes say they will not empty the nets on the sands of Virginia Beach but there is nothing in the statement which assures the waterfront residents that unusable catch will not be thrown back into the water to drift ashore with the tide. As a result unsanitary and unwholesome conditions will certainly exist. The poles are a hazard and a menace to small craft off shore (who few in number) as well as to swimmers.

The jetties or groins present another problem. They may be a means to protect our beach from the ravages of the winds and waves but they reach from the shore outward. Barge will adhere to any object under the water and swimmers face the hazard of being thrown against these jetties by the surf and receiving severe cuts and bruises. The shore line at present presents a pretty picture and one which visitors come miles to enjoy. Let's not spoil what we have to offer, the only asset to Virginia Beach.

### What... No Bathers?

### Musical Musings

by Milton Epstein

We have frequently used the words banal, trite and commonplace, even hackneyed, in connection with music. Often Operatic tunes carry that stigma in our minds. If, however, we stop to realize what makes us think of these melodies in this fashion, we must know that it is their persistent repetition, and their popularity that causes this reaction, and then, if we recognize the fact that all this banality, or popularity, is due to the inherent timelessness of these melodies, to their singability, the ease with which they are remembered, we understand that to have become trite, they must have been beautiful to begin with.

All of this discourse was provoked by a hearing of a complete recording of Donizetti's Opera, "Lucia De Lamermoor", based on Sir Walter Scott's Novel. The performance is by the La Scala Opera Co. and the entire production is balanced and well recorded.

A recession is a period in which you tighten your belt. In a depression you have no belt to tighten, and when you have no pants to hold up, it's a panic.

The story of Genesis contained 400 words; the Ten Commandments, 297; the Gettysburg address, 266; and a government announcement of a cut in the price of cabbage seed, 2,321.

When the colored preacher said to Brother Jones that he should give a small donation for a fence around the cemetery, Jones replied: "I don't see no use in a fence around the cemetery. Dem what's in there can't get out, and dem what's out sho doan wanna get in."

tion is balanced and well recorded. The Soprano and Tenor, of course, carry the greater burden of this music, but the other singers and the choral parts are exceedingly well done.

Lucia is sung by Mercedes Caparr, who can produce as a tone as we have heard in a long time. Her opening Aria which is preceded by a beautiful hazy solo practically floats.

The Tenor, Demuro Lamonto, does well too. His solo, and duet in the first act proclaims his love for Lucia, and his willingness to forgo his enmity for her brother. The voices blend in music that is very familiar, and the scene closes with the lovers vowing eternal devotion, as all lovers have for eons and will for eons, we hope.

The next scene quickly develops to a terrific musical climax, in the famous Sextette; Lucia's brother has forged letters in order to persuade her of Edgar's unfaithfulness, and forces her to marry his friend, Sir Arthur. Edgar comes in just after the marriage contract has been signed, and, re-

viles Lucia for her seeming perfidy.

In this great and very familiar composition, the principals sing of their conflicting emotions. It contains all of the sensations and passions of these six confused people; the betrayed lovers, the deceived companions and friends, the outwitted villain and the victimized bridegroom, Lord Arthur, the result being a tune that has been heard on every concert program and every barrel organ the country over, but a tune that remains supreme music despite its repetitions.

The next scene shows the assembled wedding guests, who are startled by the news that Sir Arthur has been stabbed by Lucia, who comes in dressed in her wedding finery, and sings one of the Gens of Coloratura Arias, the famous and brilliant Mad Scene. This is in three sections, the flowing introduction, the middle and most familiar part with its song-like melody and flute obligato, and the final finale, all in all a stunning opportunity for a soprano with flexibility equal to the demands of this Aria. This is Lucia's tragedy, her madness and her end.

The last scene takes place in the Graveyard, where Edgar learns of Lucia's death and stabs himself as he is reunited with his loved one. This holds two magnificent Tenor solos, and some grand choral numbers.

As we said at the beginning of these musings, it may be trite and banal, but it is mighty pretty music.

LETTER TO EDITOR—

Va. Beach, Va., March 1, 1948  
Editor,  
Virginia Beach News  
Virginia Beach, Virginia  
Dear Sir:  
Last Tuesday we went to the "Seminar" at the Colonial Room.

Monticello Hotel, Norfolk.  
The cause of the Palestine was presented most effectively and passionately by a young woman born and bred and educated in their hard-earned homeland. Our hearts were torn, our pockets emptied, we came home happy to

PARTIES : ANNOUNCEMENTS : PERSONALS

Twin boys, Milton Williams, Jr. and Wilfred Miller, were born to Mr. and Mrs. Milton William Thorpe, Wednesday February 25, at the Portsmouth Naval Hospital. Mrs. Thorpe is the former Miss Beulah Louise Gregory.

Mrs. M. H. Kendall left this week to visit her nephew, Morris F. Hall, and Mrs. Hall at their home in Clarkburg, W. Va. Mr. and Mrs. Joseph Jett and Miss Esther Jett have returned to their home on 51st St. after spending several days in Fieldville, Va.

Mrs. Landon Hilliard returned on Wednesday to her home on 26th St. after a trip to Washington, D. C. She was accompanied home by Eleanor Taylor, who will be her guest.

Mrs. George Arnold has returned to New York after visiting her sister, Mrs. Edith Burden, at her home on 78th St.

Mr. and Mrs. William Culbertson of Bronxville, N. Y. are spending a few days with Mrs. Culbertson's parents, Dr. and Mrs. John E. Culbertson, in Cavalier Park before leaving for Florida.

Mrs. Forest Bailey has returned to Richmond after spending two weeks with Mr. and Mrs. L. F. Hodges at their home on Raleigh Drive.

Mrs. James Beasley is spending sometime in Christiansburg, Va.

think that fine Jews and Gentiles could together do as much as was done that great day. Great for us in its Christian co-operation—for we forgot all religious prejudices, wept, prayed together and voted on a motion together; sending through President Truman our feelings about inhuman, ruthless raids from Arabian guerrillas. He, in turn, instructs the United Nations Council.

But we came back to Virginia Beach to find a Christian gentleman in our own community stabbed in the back by prejudices. A Native.

McCHESNEY - ETHRIDGE

The marriage of Miss Merle Joyce Ethridge, daughter of Mr. and Mrs. Hugh Norman Ethridge to Charles Edward McChesney, Jr. son of Mr. and Mrs. Charles E. McChesney, all of Virginia Beach, took place Saturday afternoon at 4 o'clock in the Virginia Beach Methodist Church. The ceremony was performed by the Rev. R. E. Forrest, pastor of the church.

Donald S. Reid has returned to Chevy Chase, Md. after visiting Mr. and Mrs. James L. Bennett at their home on 32nd Street.

Mrs. Holmes Butler will return this week end to her home on 32nd St. after visiting relatives in Suffolk, Va.

Mrs. May McLean is visiting Mrs. John Earl White at her home on 98th St.

Mrs. E. L. Cannon of Norfolk is visiting her sister Mrs. B. F. Allen, at her home on 864th St. Mr. and Mrs. F. M. Williams, Jr. have returned to their homes in Oceana after spending the week end visiting in Portsmouth.

MARY SINTON LEITCH

Mary Sinton Leitch, claimed by Princess Anne County as its own poetess, read from her familiar early poems and a group of her later unpublished ones at a meeting of the Poet's Corner in Norfolk Thursday. Among her readings she included "Pastoral" which won second of two grand prizes given by the Poetry Society of America in a recently held nationwide poetry contest.

Beside her poetry, Mrs. Leitch is the author of several plays and a historical pageant, she also edited the anthology, "Lyric Virginia Today", local poetess is co-president of the Poetry Society of Virginia, a member of the Norfolk Writers Club and of the Poetry Society of America.

MAKES BEACH'S LIST

The names of two Virginia Beach young women have been placed on the Dean's List at Mary Washington College of the University of Virginia for having attained scholastic honors during the first semester of the current college year. The roster, compiled recently by the registrar's office and released by Dean Edward Alvey, Jr., includes the names of 271 students, approximately one-fifth of the college's enrollment. Eligibility for the honor requires that a student achieve an average of "B" or "superior" in her courses with no grade on her record rated less than "satisfactory."

The two girls who have won the distinction are Misses Barbara Ann Booker and Miss Anne Morrow Osborn. They are sophomores and graduates of the Oceana High School.

Also on the list is the name of Alta Jeannette Towe, of Lynnhaven, a junior and graduate of Oceana High.

The Daughters of America, Council No. 3 will combine the regular March meeting with the celebration of the 15th anniversary. The meeting will be held on March 8th at 8 p.m. in the Methodist Church. Mrs. G. A. Smedley is president of the organization, and requests all members to attend.

W. & M. CONCERT SERIES

The membership drive for the William and Mary concert series is now in progress, according to announcement by Cornelia Grahn Hancock, manager of the series.

The offices are located in the lobby of the Monticello Hotel in Norfolk. The program which will be presented for the coming season will include the Metropolitan opera star, Patrice Munsel; Benno and Sylvia Rabinoff, violin and piano; Vienna Singing Boys; Benno Moisewitsch, pianist and Thomas L. Thomas, baritone.

Mrs. James Bennett entertained Monday afternoon at her home on 32nd Street at a party in celebration of the third birthday anniversary of her daughter, Ann Randolph Bennett. The guests numbered twelve.

Mrs. Edward M. Sperry, Mrs. Preston Eiz, Mrs. James R. Bell, Jr., Mrs. Clinton Woodhouse, Mrs. Floyd Dornire and Mrs. Earl Strole will return to their homes tomorrow after spending several days at the Farmington County Club, Charlottesville, Virginia, and attending the course of lectures on judging and making arrangements, staging a show and horticulture in amateur flower show, conducted by Mrs. Henry Kistner, of Glendale, N. Y.

## From the Pages of Rural Mail Carrier Yesteryear -

1926—March 3—1926  
The Virginia Beach Bank and Trust Company opened under the supervision of Hugh G. Whitehead.

Town Council authorized Town Engineer to begin work on proposition of Improvement League, presented by Chairman Walter Meher, to install lights down the center of Atlantic Ave., with six foot pathway to protect the lights.

Councilman Drinkwater informed council members that the tax assessors had entirely overlooked seventeen hundred lots in Shadow Lawn section when making their assessments and that this property represented about \$300,000.

Judge A. Johnson Ackles sold his home on Ocean Avenue and 18th Street to Northern interests for \$30,000.

1927—March 4—1927  
Severe snow storm blankets entire Princess Anne and Virginia Beach. Electric, telephone and schools were closed. The steam train operating between Norfolk and the Beach was stalled in an attempt to reach the Beach.

Town Council voted to sell the hundred and ten thousand dollar bond issue at a high premium of \$3,500. Many bonding companies bid for the 6 per cent municipal bonds and the final successful bidder was the Drake-Jones Company of Minneapolis, Minn.

Talbot Dickson, celebrated his ninth birthday at a very lovely party. His guest numbered eighteen.

1928—March—1928  
DAR unveils tablet to William Cornick at Eastern Shore Chapel. Mr. Cornick donated the land on which the chapel is built.

Board of Supervisors and School Board in joint session authorize ten per cent in school expenses over preceding year.

The 1922 cost being \$101,000, the ten per cent reduction will bring the cost to the neighborhood down to \$88,000.

1928—March—1928  
Zoning Board refuses to rezone ocean front property at Sea Pines from classification residence "B" (permitting hotel construction) to restricted residential property or residence "A." This action will permit the erection of the Gay Manor Hotel on the southeast corner of Thirty-ninth Street and Water Front, at an estimated cost of \$140,000.

Sturmont House on 17th Street and Pacific, built in 1904, was razed to make room for filling station. Mr. Sturmont came to Virginia Beach in 1885.

First Court of Honor of Boy Scouts held in Princess Anne Co. Awards given local scouts.

Richard Strohborn elected president of 4-H Council.

Elimination of "For Rent" signs pledged by Real Estate Board.

Plans made to present "Cavalcade of the Sea." Old dog track leased for pageant. C. T. Whitehead, James P. Guzy, E. N. MacWilliams, Russell Land and R. B. Taylor served as board members for the proposed project.

1942—March—1942  
J. Raymond Pritchard, Jr., reported to Miami, Fla., as an Army Aviation cadet. Charles P. Gay, Jr., was at the Army's Officer Training School at Fort Benning, Ga.

Hugh Lynn Cayce, chairman of Virginia Beach Recreation Com-

tee, reported a football field and playground facilities at the school.

County's gain in population set at 5,915 since 1940 census.

War ration books distributed.

Registration for War Ration Book No. 2 revealed that Princess Anne County's population totaled 25,899 or an increase of 30 per cent.

The figures were compiled by F. W. Cox, superintendent of schools, who directed the task of issuing ration books to all county residents.

Mr. Moss said that the examination will be held at Virginia Beach and all applications must be in the local office by March 18.

Further qualifications for the examination are that:

The examination will be open only to citizens of, or persons who owe allegiance to, the United States who are actually residing in the territory of the post office where the vacancy exists, who for one year next preceding the closing date for receipt of applications, and who meet the other requirements set forth in Form 1977 of July 1944. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles.

Form 1977 and the application blanks can be obtained from the vacancy office mentioned above or from the United States Civil Service Commission at Washington 25, D. C. Applications must be on file with the Commission at Washington 25, D. C., prior to the close of business on March 18th.

The salary of a rural carrier on a standard daily route of 30 miles is \$2020 a year, with an additional \$20 a mile a year for each mile or major fraction thereof in excess of 30 miles. Salaries on routes of shorter length or of less frequent service are proportionately lower.

A rural carrier serving one tri-weekly route shall be paid a salary on the basis of a route one-half the length of the route served by him. A rural carrier serving two tri-weekly routes shall be paid a salary on the basis of a route one-half the combined length of the two routes. All rural carriers must furnish and maintain at their own expense all necessary vehicle equipment for the prompt handling of the mail, but they are allowed an equipment maintenance of 6 cents a mile on the basis of the daily mileage scheduled (this amounts to \$540 per year, for a 30-mile route). They are permitted to use motor vehicles, but are required to furnish sufficient equipment to handle postal business properly.

DISTRICT SCOUT MEETING

The Princess Anne County District Scouting Committee will hold its regular meeting March 9th at the East Ocean View Presbyterian Church, James Kontopoulos, public relations chairman for Princess Anne County, announces the meeting for 8:00 P. M.

Committee, reported a football field and playground facilities at the school.

## Committee Named

Application for the current Red Cross drive in the section of Virginia Beach between 17th Street and 31st Street is under the chairmanship of Mrs. O. C. Manson.

Mrs. Manson has named the following committee of women to assist in securing funds for the current drive:

Mrs. R. N. Browder, Mrs. John Taylor, Mrs. Hinson, Mrs. Mary Glenn Taylor, Mrs. John Broderick, Mrs. Vernon Tillett, Mrs. Lloyd Jard, Mrs. Percy Hurd, Mrs. O. B. Bell, Mrs. W. J. Dickens, Jr., Mrs. Vivian Anderson, Mrs. Douglas Wilson, Mrs. James Kontopoulos, Mrs. H. E. Halstead and Mrs. Aubrey Holmes.

## BOOK STUDY GROUP

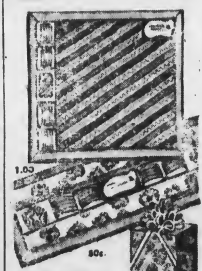

The book study group of the Princess Anne Woman's Club, which was postponed on account of the snow storm, will meet at 11 A. M. on Tuesday, March 9th, at the Pine Tree Inn.

Mrs. G. R. Anthony, leader, said the original program will be carried out and that Mrs. H. E. Snyder, of Norfolk, will speak on "Archaeology and the Bible" as planned. This meeting will precede the regular monthly meeting of the Woman's Club.

## NEIMEYER RETURNS

Vince Neimeyer, son of Mrs. O. V. Neimeyer, has returned to his home on Cavalier Drive after completing his military training in the U. S. Marine Corps, in Tsingtau, China.

Prior to entering the service, Neimeyer was a student at the Fishburne Military Academy. He expects to resume his education in the fall.

## MR. & MRS. ETHERIDGE, CHARLES McCHESNEY WEDDING SAT.

The marriage of Miss Merle Joyce Etheridge, daughter of Mr. and Mrs. Hugh Norman Etheridge, to Charles Edward McChesney, Jr., son of Mr. and Mrs. Charles E. McChesney, all of Virginia Beach, took place Saturday afternoon at 4 o'clock, in the Virginia Beach Methodist Church. The ceremony was performed by the Rev. R. E. Forrest, pastor of the church, before an altar backed with pine, garlands of ivy, white snapdragons and lighted candles. The wedding music was played by Miss Charles Hitchings, and Joseph R. White sang "My Hero" and "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a wedding gown of white satin, made with flitted bodice, long sleeves, full gathered skirt with a full length train, and the lace yoke and hip line bordered with flared lace ruffles bound in white satin. Her full length veil of imported illusion was arranged with a lace cap and

### PARTIES : ANNOUNCEMENTS : PERSONALS

Mrs. John Earl White has returned to her home on 38th Street after spending a month with her son and daughter-in-law, Dr. and Mrs. Fred D. White, at their home in Roanoke, Va.

Misses Susan Dodson, Helen Ann Fantone and An Lee Baum have returned to Mary Washington College, Fredericksburg, Va., after spending the week-end at their homes.

Mr. and Mrs. Herman Schmidt, who have been residing on 83rd Street, left Monday to make their home in Richmond.

coronet of orange blossoms, and seed pearls, and she carried a white prayerbook marked with an orchid and showered with stephanotis. She wore a strand of pearls.

Mrs. Ralph McChesney, sister-in-law of the bridegroom, was the matron of honor. She wore a dress of daffodil yellow marquisette made with off the shoulder neckline, full bishop sleeves, flitted torso bodice and a full skirt finished with godets of tiny self ruffles. She carried a nosegay of white carnations.

Miss Betty Norman Etheridge, sister of the bride, was maid of honor, and wore a dress of sea-foam green marquisette made with sweetheart neckline, bishop sleeves, flitted bodice, and full skirt finished with a cascade of ruffles. She carried a nosegay of pink carnations.

Miss Margaret Anne McChesney, sister of the bridegroom, was the bridesmaid, and wore a dress of taffeta and net, the bodice of taffeta with a round neckline and bishop sleeves, and a full skirt of net. She carried a nosegay of pink carnations. All of the attendants wore strands of pearls.

Ralph R. McChesney was his brother's best man. The ushers were Bob Mathals and Roy Ramsey.

The bride's mother wore a dress of robin's egg blue crepe with sequin trim, and a corsage of pink roses. Mrs. McChesney, mother of the bridegroom wore a dress of navy blue crepe with matching accessories, and a corsage of gardenias.

There was a reception at the home of the bride's parents. Later the couple left for a northern wedding trip, and upon their return will reside at Virginia Beach. The bride's traveling costume was a suit of blue and brown check wool, beige coat with blue muskrat tuxedo front, brown accessories, and a corsage of orchids.

The out-of-town guests were Mr. and Mrs. S. L. Lewis of Cambridge, Md.

Craig Shinguff and Rudolph Watson have returned to their homes after spending the week-end at the University of Virginia.

Mr. and Mrs. William Taylor Ham and young daughter of Charlottesville, Virginia, will arrive next week to visit Mr. and Mrs. Selden Grandy at their home in Bay Colony.

Mr. and Mrs. Hunter Phelan returned Saturday to their home in Bay Colony after spending several weeks in California.

Mrs. Robert Smith of Hagerstown, Md., and Mrs. Norman Scott are spending some time in Florida.

Mr. and Mrs. Maclin Simmons returned Saturday to their home on 52nd Street after spending a week in New York City. During their absence Mrs. William Shields Newton, of Norfolk, visited Miss Ann Leighton Simmons and Maclin Simmons, Jr.

Capt. and Mrs. Baldwin Foster are spending some time in Sarasota, Florida.

Mrs. T. C. Vaiden has returned to her home on 75th Street after visiting Mrs. Saunders Brooks in Richmond, Virginia.

## SHOPPING DAY —

by Margaret Boykin

Rained Tuesday, but when pay day money jingles (no time or inclination to sew hole in my pocket) of I go—the wings of shopping joy lifted my feet. (New shoes, too.)

Don't stay home all day—it's just put salt on your home work. It will keep. First stop was Billy's fascinating shop on 17th and—"what's the use." I scolded my practical self, "of having a victrola and playing old records over and over."

We all need music so I bought music! For home, and my youngest friends—Betty Martin singing "Mother Goose Parade"; Joe E. Brown teaching baseball to music; St. Luke's (N. Y.) choir boys (they sound like angels) singing Easter carols and chorals under that master choir director William Ripley Dorr; for mother, Handel's great "Messiah," shut in at the hospital, no Easter church music for her.

For a boy who hates practicing, yet loves music Rusty's Story—enacted by a real he-boy—the piano, violin, bass viol take on personalities and let him play études and symphonies that lift you heavenward. We'll save that for a June birthday and let the family enjoy it until then.

The piano is back in every quiet, cultural home. If you want your old "too big for any room" piano out of storage and tuned with artistry, skill and real love of that instrument of the gods—just call my friend Les Shelly of Shelly Appliance Company, he will call Mr. Sorin of the Sorin Piano Co. of Norfolk. You will have to wait as real piano tuners are scarce. It's a miracle that we have any but Mr. Sorin put the USO's piano in "perfect shape for the Folies—and you will see a me perfect shapes there or you will have by the time you read my humble column. I'm proud of our Junior Women's Club—they have brought us something really worthwhile. Telephone 2189 for space in the "Shopping Day" column.

31st Street and Pacific Ave.

Li. (g) and Mrs. Walter C. Robey have arrived in Monterey, California, and are residing at the Del Monte Hotel. En route to Monterey they visited Mr. and Mrs. Edwin Nutt at their home in Oxnard, California.

Mrs. M. H. Kendall left this week to visit her nephew, Morris P. Hall, and Mrs. Hall, at their home in Clarksburg, W. Va.

Mr. and Mrs. Joseph Jett and Miss Esther Jett have returned to their home on 31st Street after spending several days in Reidsville, Va.

Mrs. Landon Hilliard returned Wednesday to her home on 26th Street after a trip to Washington, D. C. She was accompanied home by Mrs. Eleanor Taylor, who will be her guest.

Mrs. George Arnold has returned to New York after visiting her sister, Mrs. Edith Burden, at her home on 78th Street.

Mr. and Mrs. William Culbertson of Bronxville, N. Y., are spending a few days with Mrs. Culbertson's parents, Dr. and Mrs. John Beattie, in Cavalier Park, before leaving for Florida.

Mrs. Forest Bailey has returned to Richmond after spending two weeks with Mr. and Mrs. L. F. Hodges at their home on Raleigh Drive.

Mrs. James Beasley is spending some time in Christiansburg, Va. Donald S. Reid has returned to Chevy Chase, Md., after visiting Mr. and Mrs. James Bennett at their home on 22nd Street.

Mrs. Holmes Butler will return this week-end to her home on 53rd Street after visiting relatives in Suffolk, Va.

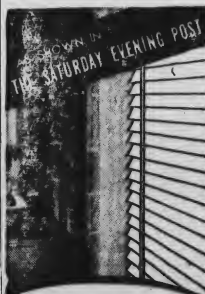

Mrs. May McLean is visiting Mrs. John Earl White at her home on 38th Street.

Mrs. E. L. Cannon, of Norfolk, is visiting her sister, Mrs. B. F. Allen, at her home on 86th Street. Mr. and Mrs. F. M. Williams, Jr., have returned to their home in Oceana after spending the past week-end visiting in Portsmouth.

## AMATEUR BASKETBALL

Mayor H. Warfield Leeke received last week a letter from the Mayor of the City of Rehoboth Beach, Delaware, insuing an invitation for amateur basketball teams of Virginia Beach to participate in an amateur tournament early in March.

Mayor Shaffer wrote that the Rehoboth Beach Lions Basketball Club was sponsoring the tournament which would be known as the Atlantic Coast Championship Basketball Tournament. Invitations were sent to Atlantic City, Ocean City and Wildwood in New Jersey, and Ocean City, Md., along with the invitation to Virginia Beach.

### COUNCIL MEETING

(Continued from page one)

\$5 fine for the first offense and a maximum of \$25 for succeeding violations.

**Fish Pounds**

The following resolution was passed with recommendation that copies be sent to the Governor of Virginia, Commission of Fisheries, and the U. S. Army Engineers:

**Resolution:**

Whereas it has come to the attention of Council that pound poles for fish seines have been placed in the Atlantic Ocean East of the Eastern terminus of Avenue B in the Town of Virginia Beach, beginning at a point 400 feet offshore and extending seaward for approximately 1200 feet; and,

Whereas such a pound pole and fish net area would constitute a menace to navigation by small boats and would compel boats navigating offshore either to pass far to seaward or else to pass such obstructions at a point very close to the shore where their passage would be endangered by breakers and sand bars and would thus deter the use of small pleasure craft in the waters of the Atlantic Ocean lying off the boundaries of the Town; and,

Whereas the use of such nets by commercial fishermen so close to the shore line of a populous community would result in the depositing on the Atlantic Ocean beach of dead fish, crabs and offensive debris detrimental to the health of the inhabitants of the Town and result in the emanation of noxious odors from such animal matter; and,

Whereas such pound pole areas are unsightly and constitute a danger to the safety of swimmers; Now, therefore, on motion made by B. Meredith and Mrs. Claude B. Gell attending. Until further action can be perfected this Council go on record as protesting the placing of pound poles with fixed nets thereon within the waters of the Atlantic Ocean adjacent to the boundaries of the Town from the northern terminus of the Town to the southern terminus of the Town.

minus of the boardwalk at 7th St. as being detrimental to navigation in such waters and as being offensive to the health and well-being of the inhabitants thereof, and that the Commission of Fisheries, its inspectors and agents, be requested not to issue further permits for such structures in said waters and that the Corps of Engineers, U. S. Army, be requested to adopt a regulation prohibiting the use of such waters lying adjacent to the above area of said Town for fish trap areas.

Councilman Murray recommended that before any final action was taken by council that the fishing industry at the extreme south boundary of the town, which has been in operation for fifty-five years, should be heard on the matter.

Other matters before the council consisted in the requested closing of an alley between 34th and 35th Street, replating a section on 23rd Street making the individual lots 50 feet instead of 30 feet, and a suggestion from Councilman Haycox that the State Highway Department be requested to resurface the entire length of Atlantic Avenue, which has shown wear from the winter storms.

### NEW GARDEN CLUB

Residents of Linkhorn Park and vicinity have organized a garden club with the beautification of the immediate section and Virginia Beach as a whole, their aim.

The organization meeting was held at the home of Mrs. James McMenamin with Mrs. Lowery B. Finley, Mrs. James U. Goode, Mrs. J. N. Innes, Mrs. Frank A. Dusch, Mrs. James A. Proudfoot, Mrs. W. B. Meredith and Mrs. Claude B. Gell attending. Until further organization can be perfected Mrs. McMenamin will serve as chairman of the group and announces the next meeting for Friday, April 2 at 4 p.m. at the home of the Town to the southern terminus of the Town.

### Deaths

#### J. E. WOODHOUSE

Funeral services for James Edmond Woodhouse, Jr., fifty three, former treasurer and town clerk of Virginia Beach, who died Friday at 10:30 a.m. at his residence, 207 28th Street, Virginia Beach, were conducted at the H. D. Oliver Funeral Apartments Sunday at 3 p.m.

The Rev. Robert E. Forrest, pastor of the Virginia Beach Methodist Church, officiated at the services and interment was in the Eastern Shore Chapel Cemetery at Oceana.

Death came to Mr. Woodhouse after an illness of several weeks. His services to the city as its treasurer and clerk covered a period of 10 years prior to 1938. He had long been active in the affairs of the resort town.

A native of Poplar Branch Currituck County, N. C. he was a son of the late James E. and Mrs. Sallie Frost Woodhouse. He had lived at Virginia Beach for 47 years. Recently, until his health precluded it, he was a civilian employee at Fort Story.

Besides his wife, Mrs. Goldie W. Woodhouse, he is survived by one daughter, Mrs. W. R. Payne, Jr., of Virginia Beach; five brothers, J. F. Woodhouse, C. M. Woodhouse, M. E. Woodhouse and W. G. Woodhouse, all of Virginia Beach, and W. S. Woodhouse of Lynchburg.

NORFOLK SOUTHERN BUS CORPORATION hereby gives notice that it has filed, with the State Corporation Commission of Virginia, application for authority to revise rates and fares and to make increases in rates and fares in the transportation of passengers by motor vehicle over its lines, except on routes over U. S. Highway 17 and over U. S. Highway 170 from Norfolk to the Virginia-North Carolina State Line, which application has been assigned Case No. 9148.

By order entered by the State Corporation Commission on February 18, 1948, the foregoing application has been docketed for hearing before the Commission in its courtroom at Richmond, Virginia, on Wednesday, March 31, 1948, at 10 o'clock a.m. Said order directs that all interested parties should appear before the Commission at said time and place and present any pertinent testimony.

"Have your eyes examined regularly"

MARKETING with Margerie

Does a casserole play a leading role in your kitchen? It does in mine... especially during Lent, when I serve lots of noodles, beans and other foods with "baking ways." Let me tell you how I fix my favorites.

**HAVE OODLES OF NOODLES!**

You needn't empty your purse to enjoy Lenten dishes that fill you up. Just make them with A&P's thirty ANN-PAGE NOODLES. Grand dozens of ways! For instance: Combine 1 cup coarsely broken, uncooked ANN PAGE BROAD NOODLES, a 5 oz. can of shrimp, 1 medium onion (sliced), 1 green pepper (sliced), 1 cup peas, ½ tsp. salt, dash pepper, 2½ cups tomatoes (a #2 can) and 2 tbsps. margarine. Place in 1½ qt. casserole; cover and bake in moderate oven, 350° F., about 50 minutes. Serve 4 to 6.

**CABBAGE-HEAD-LINER!**

Want a money-saver that's full of flavor? Line a 1 qt. casserole with 2 cups of shredded cabbage; add 1 cup of tomato juice and a 1 lb. can of tasty ANN PAGE BEANS from the A&P, and bake in a hot oven, 400° F., 50 to 60 minutes. 4 servings. P.S. If you're not observing Lent, place 2 or 3 bacon slices over beans before baking.

**SLICK SAINT PAT-TRICK**

For a touch of green on March seventeenth, make sandwiches Emerald Isle style. Here's how: Place 3½ slices of A&P's quick-melting CHED-O-BIT CHEESE FOOD on each slice of bread. Cut a green pepper crosswise in ¼-inch slices, and arrange shamrock-fashion on cheese. Broil 5 minutes, or till cheese is melted.

**HERE'S YOUR EYE CURE!**

To help your family see better in dim light, better see that they get enough vitamin A by serving carrots often. And if you're in the dark as to new ways to fix them, try this: Beat 3 eggs. Add 2½ cups grated raw carrots, 1½ cups of A&P's WHITE HOUSE EVAPORATED MILK, 1 tsp. salt, ½ tsp. pepper, ½ cup chopped walnuts and 3 tbsps. melted shortening. Pour into greased 1½ qt. casserole; set in pan of hot water and bake in moderate oven, 350° F., till set (about 1½ hrs.). Serves 6 to 8.

### How to Put Up with Women's Styles

When Will Dudley's misadventure gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were slave to fashion... ought to dress to please their husbands and not style designers.

See finally reminded Will of his habit of sitting by the radio Saturday afternoons in shirt sleeves and old slippers, listening to the sportscasts with a mellow glass of beer. Suggested that maybe Will was a slave to comfort.

And Will admitted she was right.

# Virginia Beach News

A Journal Devoted to the Interests of Princess Anne County and the State of Virginia

VIRGINIA BEACH, VIRGINIA, FRIDAY, MARCH 12, 1943

SINGLE COPY 5c, \$2.00 PER YEAR

Vol. 23 — No. 18

## Mrs. G. C. Manson Elected President of Woman's Club For Coming Year

Members of the Princess Anne Woman's Club elected Mrs. G. C. Manson president for the coming year at the meeting held Tuesday noon at the Pine Tree Inn.

Prior to the presentation of the state amendment to the constitution was passed and the inclusion of the president of the Junior Woman's Club as 4th vice president was ordered. Mrs. Russell Hatchett, retiring president, stated that this was a customary courtesy where there existed a junior organization sponsored by the senior group.

The entire slate of officers presented by the nominating committee was accepted by the group and will take effect at the April meeting. Those who will serve with Mrs. Manson are: Mrs. Kermit Land, 1st vice president; Mrs. Walker Hoverson, 2nd vice president; Mrs. William Kellogg, president of the Junior club, 4th vice president. The recording secretary is Mrs. Aubrey Holmes; corresponding secretary, Mrs. Douglas Wilson; and Mrs. Harry Holland, Sr., treasurer.

### Memorial Hospital

Mrs. John Bell, public welfare chairman, presented Mrs. DeKoven King, who pictured the real need in the county for a public welfare center. Mrs. King gave a brief history of the Tidewater Victory Memorial Hospital at Thalia which is falling to pieces for lack of care and upkeep. Mrs. King pointed out that Princess Anne County is no longer just a rural community but has grown to an established residential section and the 21 acres with two buildings will make an ideal health clinic for Princess Anne County. The T-B and X-ray units, she said, may be centrally located at a saving of time and effort. Classes in pre-natal and child welfare could be conducted with home management planning and sanitation added.

Mrs. King recommended the sponsorship of the hospital by the club in as much as members had always had a keen interest in its foundation and operation.

Mrs. A. E. Well, first president of the hospital, told club members unfamiliar with the history of the building that in 1928 a group of residents throughout the second congressional district had realized the need of a T-B center for the district and by public subscription had given the money for its erection as a memorial to loved ones who had lost their lives in the first World War. The hospital was built with proper ceremonies of corner-

stone laying and names of donors enclosed in the stone. Fifty-five beds were paid for and the hospital accepted its first patients. Mrs. Well continued that local finances did not prove sufficient for the operation and the building and its operation was turned over to the State Health Department in order to perpetuate the activity.

Then came the second World War. Mrs. Well said, and the Federal Government took the property, turned the building into offices and quarters and built the adjacent Camp Ashby. All equipment was distributed throughout the State. After the war the property reverted back to the State in whose hands it now rests.

### Bill to Sell Property Introduced

Mrs. Wallace Clark, who has had recent communication with the State Health authorities, said that it was now her understanding that the State was planning to sell the property to the highest bidder and that a bill had been introduced to that effect.

Mrs. G. C. Manson, Mrs. DeKoven King, Mrs. A. E. Well, Mrs. J. H. Bell and Mrs. Wallace Clark, who had been elected to the committee to look into the intentions of the State and ascertain what could be done to retain the building as a health center for the community, and see that the community group gets preference over any commercial group. She stated that the project was born in the Princess Anne Woman's Club, although sponsored by other groups, and in her opinion, it was up to the Princess Anne group to take the initiative to retain the center.

### Girl Scout Aid

A letter was read from Mrs. Jane Dill, sponsor for a girl scout troop at Fort Story, asking for assistance from the Woman's Club in order to continue activities with her troop. Mrs. Hatchett pointed out that the club had volunteered assistance to Mrs. Dill if needed and up to the present time none had been given. The club went on record to possibly sponsor the group in future activities and needs.

Other announcements made: Mrs. Hatchett were: Club Institute, March 30th, in Hilton Village, at which Mrs. Manson would represent the club; Art Alliance in Richmond, April 10th, and the annual Rose Show and Garden Week in Princess Anne County.

## Public Library To Be Sponsored By Local Rotary Club

The Virginia Beach Public Library, long in need of books and larger quarters, may soon take on the appearance of a full fledged library with the latest project of the Virginia Beach Rotary Club expected to fill the shelves of the library in its new home in the Community House.

Sponsorship by the Rotary Club Community Service Committee of a drive to collect books to replenish the meager selections now found in the library was voted at the club's last regularly scheduled meeting. Members of the committee, as well as all Rotarians are urging citizens to review their own book shelves to determine whether some books could be turned over to the library.

W. W. McClannan, Jr., chairman of the committee, stated that anyone having books to give to the library could call Virginia Beach 74 and the books would be picked up, or the books could be left at Atlantic Cleaners on 21st Street. McClannan explained that the library was in need of all types of books, but that particularly desirable were reference and children's books.

## Raquet's Shop On Atlantic Avenue Robbery Victim

The local police are still investigating the break-in and robbery of the Raquet Shop on Atlantic Avenue, which took place sometime between Saturday night and Sunday around 7 P. M. Mrs. McGraw, owner of the shop, said that the intruders entered the store through the iron gate at the back door and apparently entered with removal of the entire stock in mind by the way they started at the front of the shop and cleared those cases first. A large stock of dresses, suits, coats and jackets, both winter and summer weights, were stolen. Some of these lots were cast away in the alley, thus causing attention to their theft early Monday by Mr. Roberts, occupant of the adjoining store.

In spite of this misfortune, Mrs. McGraw would like to announce that her business is continuing on as usual with new stock arriving each day.

The Raquet Shop has been on the beach for eight years, being owned at one time by Mr. Raquet and Mrs. McGraw. Upon Mr. Raquet's death a couple of years ago, Mrs. McGraw became the present owner. For the past year they have been occupying their present location.

## Garden Club Plans For Garden Week Announced Mon.

Chairmen were announced and plans made for the annual Garden Week, Rose Show and Plant Sale at the regular meeting of the Princess Anne Garden Club Monday, March 8th.

The meeting was held at the home of Mrs. Gerould M. Rumble on 33rd Street, Miss Julia deWitt, chairman of the Spring Plant and Flower Sale, announced the date of the sale as March 27, 9 A. M. to Noon, in front of the Tidal House, 31st and Pacific Avenue.

Mrs. Elizabeth Gregory Hill reminded members of the dates for the historic Garden Week, April 27-28-29, and announced the several homes which would be open in Princess Anne County. She also announced tentative chairmen for the Rose Show to be held in the Panorama Room of the Cavalier Hotel on May 11-12.

## Sportswear Shop To Be Opened Mrs. J. W. Hunt

The opening in the near future of a new ladies' apparel shop, the Clair Hunt, to be located in the new Jefferson Hotel building, has been announced by Mrs. J. W. Hunt, owner and operator, to be assisted by Mrs. Janet B. Hunt. The shop will carry a complete line of exclusive sports wear and sweaters as well as accessories.

Previous to the opening of this shop, Mrs. Hunt operated the Clair Hunt Florist Shop in the Monticello Hotel for six years.

## Classes in Repair Of Farm Machines Start at Creeds

Classes in the repair of farm machinery are now in progress at Creeds High School, Back Bay. These classes are offered by the agricultural department of the school and are conducted under the supervision of Mr. W. L. Groop, vocational agriculture instructor at Creeds High School. Mr. John A. Brook has been engaged as instructor for the class which meets on Mondays and Thursdays of each week from 7:30 to 9:30 P. M. in the shop of the Creeds School agriculture building.

All farmers are invited to attend these classes and to bring in any farm equipment needing repair. Expert instruction will be given on any necessary repairs on all types of equipment. It is hoped that a large number of farmers will avail themselves of this opportunity.

The above picture was taken as boats were being unloaded at the Cavalier Yacht and Country Club in preparation for the Spring Shopping of the 1943 Correct Craft pleasure boats. Mr. Lee O'Reilly, local representative of the manufacturers, says that the boats will be on display Saturday and Sunday, March 13 and 14 at the Country Club on Birdneck Point.

## Nicholson Leaves Beach Engineer Post Petty Named Temporary Successor

Town Engineer Clyde P. Nicholson this week resigned his post to accept an appointment as railway transportation and traffic officer for Austrian railways. Nicholson will be attached to the U. S. Consulate in Vienna, Austria, and is scheduled to leave for Vienna by air on Monday, March 15th.

A graduate of Virginia Military Institute, Nicholson was first employed by the Norfolk Southern Railroad, serving in the engineering forces on construction work. Through many promotions he became assistant chief engineer of maintenance of ways and structures.

Mr. Nicholson has served as Virginia Beach town engineer since September 1, 1940, coming here to replace Russell A. McCoy, Jr. During his tenure of office, Mr. Nicholson has been instrumental in the improvement of various facilities of the community—boardwalk, water system, streets, sidewalks, etc.

Sanitation Engineer A. W. Petty will discharge the duties of town engineer until a successor is named.

## Playground Fence Donated by Lions Club Arrives and is Placed Immediately

The long expected fence around the Virginia Beach Playground arrived this week and is now in place.

E. B. (Bubba) Bayne, president of the Playground Association, said the fence had been ordered last September by the Virginia Beach Lions Club at an approximate cost of \$2,000, installed. Mr. Bayne said it is a Cyclone fence made of the best double treated galvanized wire, six feet tall with steel H-beam posts set in concrete bases.

There are two fifteen-foot openings, one on 19th and the other on 20th Street. A six-foot opening behind the bleachers will admit spectators to softball games and by the tennis courts on the West side where children do not play, there is a 100-foot opening.

This land on which the playground is built is owned by the Norfolk Southern Railroad and was loaned to the Town for this purpose until such time as the railroad has need of the property. Several years ago the organization of the Playground Association was affected through the efforts of E. B. Bayne, who was made president, with R. A. Jones, treasurer.

Mechanics and friends of the Town have contributed largely to the promotion of this playground and as a result a paid supervisor had charge of the activities of the children in the summer, and considerable interest and competition has grown in the adult softball games on summer evenings. Bayne said that interest is already being shown in these games and it is anticipated that the coming season will bring out more teams and more spectators. These games are free to the public and spectators, as a rule, pack the bleachers.

## Disabled Veterans To Meet Sun., 14th

There will be a very important meeting of all disabled veterans and members of the Purple Heart in Princess Anne County of World War II at the Jefferson Hotel on Sunday, March 14th, at 3 P. M. Announcement is made that the District Commander of Disabled Veterans will be present to discuss matters of vital importance affecting the rights of veterans and it is desired that all local veterans attend.

It is understood that there is no organized group of disabled veterans in Virginia Beach and Princess Anne County and one purpose of this meeting is to formulate plans for an active organization.

## Chief Johnson Emphasizes Need of Safety Devices on Light Motor Vehicles

Operators of all types of scooters, motorized bicycles and other light weight motor driven vehicles have been warned that they must adhere to all regulations governing their operation.

Chief of Police Reeves Johnson

## Plans For Welcome Sign To Be Carried Out Says Mailhes

Successful in securing a proper site, work is expected to start immediately on the construction of a huge "Welcome" sign, to be located at the junction of U. S. 58 and Laskin Road, according to a spokesman of the Trade Development Committee of the Virginia Beach Chamber of Commerce.

Preliminary plans for the sign project have been underway for several weeks, but actual work has been held up pending permission for use of the property. This permission was granted the past week.

Plans call for three signs to be erected on the triangular shaped site with the "Welcome" sign greeting visitors as they approach Virginia Beach, and two smaller signs to the rear of the main structure which would be read by the homeward bound visitor. The latter two signs would ask the tourist to visit Virginia Beach again while expressing the hope that he has enjoyed his sojourn at the Beach.

## County's Rural Property Shows High Valuation

Farm property in Princess Anne County is now worth more than \$8,769,000, and rural homes here and throughout the state are in the best condition in history, according to a report just released by the Title Council of America.

More than 75 per cent of farm dwellings in Virginia and the south are in excellent condition or need only such minor repairs as painting or general maintenance, the report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on Bureau of the Census surveys.

"The rise in farm incomes and property values since 1940 has been accompanied by a great increase in the number of rural homes equipped with such modern conveniences as electric lights, tiled baths and showers and running water," said P. E. Ortman, chairman of the council's residential construction committee.

Electricity, for instance, has gone into hundreds of thousands of the nation's rural dwellings since 1940, Ortman noted. More than 50 per cent of all farm homes now have electric lights, in contrast to 31.3 per cent in 1940. More than 32 per cent of rural dwellings in the United States today have running water, and 20.1 per cent have private baths, according to the Title Council report. In 1940, 17.3 per cent had running water and only 10.8 per cent private baths.

Numerous night accidents have occurred as a result of poor lighting on such equipment, and it is hoped that rigid enforcement of the lighting requirements of the Code may prevent many future accidents.

## Public Hearing On Rent Decontrol Set For Tuesday 10 am

A public hearing concerning the possible decontrol of rents for the Virginia Beach area has been called for 10:00 A. M. Tuesday in the town council chambers. This hearing is being called by the Hampton Roads Advisory Committee on Rents, and all interested citizens are urged to attend.

## E. B. Bayne To Be Speaker at Legion Auxiliary Meeting

E. B. Bayne, first chief of Virginia Beach, will be guest speaker at the regular meeting of the Princess Anne County American Legion Auxiliary, Unit 113, at the Community House on Monday, March 14th, at 3:30 P. M.

Mr. Johnson stated every patrolman has been notified to rigidly enforce all code requirements with special attention to night operation. A copy of the letter sent to each operator follows:

**The Letter to Operators**  
Re: Motor Scooters, Motorized Bicycles and other light weight motor driven vehicles;  
We have learned from the records of the Division of Motor Vehicles that you are the owner of a motor vehicle of the type listed above. These vehicles have been licensed by the Division of Motor Vehicles as motorcycles. The Virginia Motor Vehicle Code requires the following safety equipment on all these vehicles:

1. Brakes: a. If a one-wheel brake is used, it must be capable of stopping the vehicle in 45 feet from a speed of 20 MPH; b. If two-wheel brakes are used, they must be capable of stopping the vehicle in 25 feet from a speed of 20 MPH.
2. Lights: a. A headlight of an approved type, capable of making a person or object discernible for 200 feet; b. A tail-light of an approved type, red lens, capable of being seen for 300 feet; it must also illuminate the license plate as it can be read for 50 feet.
3. Mirror: a. A rear view mirror of an approved type, capable of allowing the operator to see 200 feet to the rear.
4. Horn: a. A horn of an approved type, capable of being heard 200 feet.

At the present time, the KD "Scout-Lite" No. 880 is the only headlight that has met the approval of this department for these vehicles. Operation of most of the lightweight equipment is, therefore, illegal, and we have instructed our inspectors to rigidly enforce the Code requirements for these vehicles, particularly with reference to operation during hours of darkness.

The Division of Motor Vehicles will not issue any title or license plates for these motor vehicles until such time as they meet the Code requirements. You, therefore, are required to present your vehicle for inspection at a State Police Inspection station, a State Police Trooper, a State Police Examiner, a Division of Motor Vehicles Inspector, or to your local police department. A certificate showing that your vehicle meets the Code requirements will be required by the Division of Motor Vehicles before a license will be issued. Your Department of State Police will make every effort to help develop satisfactory lighting devices for the type of vehicle now on our own. Your local dealer will be advised whenever lighting equipment is approved by this department.

We also take this opportunity of reminding you that the operation of any motor-driven vehicle requires a valid driver's license and that the Virginia Motor Vehicle Code does not permit the operation of such motor to a minor under 18 years of age.

## Tides and Sun

## THE UBERMEER WATER INCIDENT.

The old saying that "Norfolk was laid out by cow paths" must have spread to North Virginia Beach, in the Ubermeer section, judging by the many difficulties being encountered in laying out streets, roads and lots. Many years ago Dr. Masury owned that entire section of Virginia Beach. He went back on Crystal Lake and built the spacious and rambling Masury Mansion, now owned and occupied Mrs. W. B. Wilder. In those days this property was considered very remote from the Beach. It was exclusive, it was an estate, the like of which was not found anywhere at Virginia Beach.

As time went on a few lots were sold off with the idea of development. Water mains were laid and houses and cottages built near Atlantic Avenue.

The picture today is a beautiful woody section, but as property is being developed again by the score are being uncovered, the principal of which is uncharted water mains. Last week residents of the Lakeside Area were making coffee from ice cubes and dealing out their water reserves by the teaspoonful. The bulldozer clearing property for development "struck water". The mains were not marked on the plat, the property boundary lines were not defined and from all reports it was a guessing game all along the way.

As soon as the mishap was discovered an attempt was made to notify town authorities (who not be located at the time) to remedy the situation. At the same time a pump was rigged in an endeavor to help.

As in this instance, the average person is prone to jump at conclusions and criticize placing the blame where it seems to belong when further investigation shows a very different picture.

## A WAR MEMORIAL

What will become of the Victory Memorial Hospital at Thalia now seems to lie in the laps of legislators.

Its life may be chalked off to history and recorded only in the books of the various secretaries of the organization, in time to be forgotten by later generations who might look upon it as just another government project to be dismantled and forgotten.

This should not be the case, for many hundred residents of the second Congressional District, contributed money, time and talents to establish a permanent memorial to a loved one lost in the first world war.

Princess Anne County had no near-by hospital to take care of its tubercular patient in 1938 and residents of the district felt the great need. What more fitting tribute to a life sacrificed could be paid than to give life to another. Thus was born the Victory Memorial Hospital with 66 beds and a staff of doctors and nurses.

Funds were lacking to operate the hospital, consequently it was turned over to the State Health Department with the hope that with future growth it would be permanent. A memorial plaque was placed in the building with names and gold stars. When the corner stone was laid the names of all contributors to its being were placed therein. The Federal Government took over during World War two and officers from Camp Ashby were quartered there. The next step was the return of the building to the State.

And now it looks like it is headed for the auction block. Princess Anne needs a center for its public welfare work, a Health Center. Should this memorial be sacrificed along with those for whom it was built and to whom it was dedicated?

## LEGION'S FREEDOM BOOKLETS

The American Legion has come up with a new Americanism program that sparkles with the promise of tremendous good for keeping America always American.

On April 1st it will start distributing to 1,000,000 American homes the first of a series of 12 monthly brochures designed to build a new and increased appreciation of the blessings of American citizenship. Very aptly it calls these pamphlets its "Freedom Booklets" Explaining the Dividends from Democracy. "We could think of no better title."

They are about the most dramatic and forceful presentations of the inherent values of the American way of life that we have yet seen. Written simply, printed in color, these "Freedom Booklets" take up the various aspects of our form of government and portray their superiority over any other system. They do this in terms of every day living—in terms of individual rights and benefits, freedoms, purchasing power, automobiles, radios, electric refrigerators, vacuum cleaners, life insurance and other ordinary American necessities which are luxuries everywhere abroad.

This is a powerful weapon with which to combat alien subversive propaganda. It arms our people with up-to-the-minute factual information about the actual margins of our superiority in every respect, with which to rebut attacks on our institutions and ideals by communist elements and other "ism" groups. That's an effective way to bolster faith in America!

The American Legion hopes eventually to reach a distribution of 10,000,000 "Freedom Booklets" a month. It is offering the opportunity to groups of all kinds to participate in this campaign through a non-profit subscription plan. Leaders of all walks of life, including government, business, labor and civic organizations have endorsed the "Freedom Booklets" with enthusiasm.

More power to this American Legion drive to revitalize Americanism!

## THE UNITED NATIONS

The past month shows that Old Man Winter tied up the whole Nation and buried it in snow drifts. Thus we are a "united-snowland."

## UNITED NATIONS

In the history of all the World there never was a more definite and cleaner movement made by human beings than the creation of the United Nations. In the beginning it looked as though all of the unsolved questions about disarmament, restoration of displaced persons, the basic freedoms, key spots of all friendly Nations of the World, would be quickly ironed out. But the Western delegations didn't get their feet under the conference table before Russia started trouble.

Secretary Marshall has been a splendid leader, but even he could not keep peace in World circles.

We had tough enough experiences with the League of Nations and we should have known better than to hook up so tightly with Russia. However, the United States is doing this job the best we can—which isn't very good. Russia is insulting us nearly every day of the week. We may dissolve partnership with them. Meantime the threat of another war is recognized. What is going to happen nobody knows. But the United States is the most powerful Nation in the World and if Russia starts anything we certainly ought to know who to do with our atom bombs.

## SOUTHERN DEMOCRATS WILL LIKELY VOTE STRAIGHT

by J. E. James

Leaders of the Democratic party, particularly on Capitol Hill in Washington, were thunderstruck when President Truman issued his civil rights program. Mr. Truman missed the mark, as has been shown by the fact that Southern Democratic dissenters arose in wrath, threatening to bolt their old political party.

But the wrath against the President has been dying down and careful observers believe that Southern Democrats will vote—as usual.

The real weakness of the Democrats is in the North—one reason being that Mr. Truman has not worked harmoniously with his fellow Democrats in Congress.

The third ticket by Henry Wallace landed a surprise victory in the recent election in the Bronx, New York.

When the Democratic problems are all sized up the condition may be stated in a very brief sentence: "Truman is admittedly a weak candidate." He has been at odds with his own party in Congress over budgets, taxation, foreign policies, high prices; he has failed to stand shoulder to shoulder with Democratic leaders in the two branches of Congress. Nevertheless, in the opinion of the "wise leaders" in the National Capital, Mr. Truman will be the acme of the Democratic party.

## NEW STEEL FOR OLD

Working on the old football principle that the best defense is a fast and powerful offense, one of the Nation's largest industrial concerns, General Motors, has moved into the fight against the threatening steel shortage in 1948 by instituting a full-fledged scrap drive across the country.

"Scrap metal drives were one of the greatest contributions made by civilians during the war to keep our wartime steel output up," reminded C. E. Wilson, president of G.M., in speaking of the drive. "Today the economic importance of getting the scrap iron and steel into the mills is as great as the patriotic motives were during the war," he continued.

G.M. is asking help in the drive from all of its employees and dealers, close to 400,000 persons. They are being urged to enlist general public interest, on the basis that old steel makes new steel and new steel means more goods, more work and more income for all America.

Scrap steel is necessary to make the finest types of steel. Some fine tool steel is made entirely from scrap. Open hearth steel, of which most auto parts are made, requires 40 tons of scrap with each 60 tons of raw pig iron to produce 100 tons of finished steel.

An intensive 60-day drive, backed by a group the size of G.M.'s 400,000, can produce a lot of results, enough to turn the balance in an extremely critical situation. The project is worthy of the support of everyone, whether the scrap is sold commercially or donated to charitable institutions for sale by them. All the possessor of scrap metal needs to do is use the telephone.

## A PRAYER FOR THE WORLD

## Musical Musings

by Milton Epstein

Frans Schubert wrote a symphony in B Minor which was first performed thirty seven years after his death. It is known as the "Unfinished Symphony" and is probably one of the most popular of his writings. It is full of simple and straightforward melodies, which flow easily from the mind of a composer who wrote facetiously. Only the first two movements had been completed, though he left the notes for the third movement. Its main theme was used, and is very familiar because of this, in the opera, "Song of Love," based on Schubert's life.

The great C Major Symphony was Schubert's swan song. It was finished just eight months before his death, and contains music that is the very voice of lyric ecstasy. It is written in four movements, the second one containing a plaintive march-like melody sung by the oboe. The last movement brings the symphony to a close in a boisterous and joyous finale. This has been magnificently recorded by Bruno Walter and the New York Philharmonic Orchestra.

We are all familiar with his beautiful setting of Shakespeare's poems, "Who is Sylvia," and "Hark, Hark the Lark." His immortal "Ave Maria" is known to every lover of music everywhere.

Less known, though often as beautiful, is his song-cycle, "Die Schöne Müllerin" (The Maid of the Mill), which reveals the whole gamut of human emotions, from gay abandon to great despair.

Lotte Lehman sings these twenty songs, in which the young miller wanders along the Brook, meets and woos the Maid of the Mill, becomes jealous, desperate, and finally lets himself be engulfed in the waters of the Brook. Her singing is flawless and she is accompanied by Paul Ulanovsky at the piano. A great song cycle, sung by a foremost singer of songs.

The String Quartet in C Major was written in 1828, the last year of his life. It is known as one of the most romantically conceived works in all chamber music, and is given a distinguished performance by the Budapest Quartet with B. Hefetz, cellist, filling out the Quartet.

Schubert died at the age of 31 in great poverty, but with recognition of his greatness. Beethoven praised and sponsored him, and publishers were bidding for his manuscripts. His epitaph is truly apt: "Music has buried here a rich treasure, but richer hopes."

## IT PAID OFF

When the agent for a life insurance company paid M. S. Stone the amount of insurance her husband had carried, he asked her to take out a policy on her own life.

"I believe I will," she said. "My husband had such good luck with his."

—Uncle Sam

NO SLUMP IN BUSINESS

Bank credits are being tested by business interests throughout the country and people and corporations who are entitled to credit aren't having much trouble in business at their banks. The records show that bank loans are continuing to rise, which indicates that the U. S. Treasury policy is favorable to business, industry and corporate plans that mean the great American system riding easily on the top of the success.

PARTIES : ANNOUNCEMENTS : PERSONALS

Mrs. John Gibbs returned Monday to her home at Langley Field, Va., after visiting Mr. and Mrs. Harry Schuler at their home in Rudee Heights.

Mrs. Robert Beckham and two daughters, Nancy and Sarah, of Tarrytown, N. Y., are visiting Mrs. Beckham's mother, Mrs. Alexander Berkeley Moore, at her home on Crystal Lake.

Mr. and Mrs. J. Goodenow Tyler, Jr., and young daughter, Jane Allen Tyler, have returned to their home in Rudee Heights after spending a month at the Glennan home in Norfolk.

Mr. and Mrs. J. Peter Holland, Jr., left this week to spend two weeks at Miami Beach, Fla.

Miss Betty Darden has returned to Southern Seminary, Buena Vista, Va., after spending the week-end with her parents, Mr. and Mrs. William H. Darden, at their home on Pochontas Drive.

Miss Blanche Webb has moved from Norfolk to her new home in Rudee Heights.

Misses Julia and Katrina deWitt have returned to their home on 12th Street after spending some time at Miami Beach, Fla.

Thomas L. Woodhouse left Sunday to spend a few days in Philadelphia, Pa.

Mrs. George Franklin Darden left Saturday to visit Mrs. J. M. Darden at her home in Suffolk.

Mrs. John Nicholson and Miss Florence Le Moine returned Monday after spending the week-end with Dr. and Mrs. Tyree Finch at their home in Chase City, Va.

Salesgirl: "Isn't it a sweet doll? And you can lay it down and it closes its eyes and goes to sleep just like a real baby." Mrs. Jones: "Have you ever had a baby?"

SHOPPING DAY

by Margaret Boykin

Matter of a little fire in my study has hampered my shopping. I do not recommend "midget" frying pans for stumping Fall Malls at midnight, after reading the Eighty-eighth Psalm; the latter too soothing, the former inadequate for a real well filled cigarette. I & M. ought to give me a rake-off on that sentence? But last week I did run into the most delightful experience in a unique little "shoppe" off the well beaten track of immortal 17th Street. (To tell you the truth, Norfolk used to be just Granby and Main St.; so tiresome.) Our Town is really going strong on side streets—full of smart women who cannot and WILL not pay the overhead of 17th St.

Well, ladies, I found not only one of my lifelong friends, Mary Wales, but if you want your radio diagnosed by an almost psychic radio expert, just call her at her home—811-R. (Shop phone not connected since her move.) We'll take care of our old things in the home then; had to. But we reverted to the American way of life after, and started throwing our blessed treasures out of the window again. And in "Radio Retailing Today," Jan. '44, you will see my old friend's picture, with her work apron on and her fine, delicate fingers busy. I note the heading under one of her pictures (some real women get in pictures) "Careful replacement involves good mechanical mounting of the parts, and good soldering of joints, to keep call-backs at a minimum." See what I mean? Value received. We got it during the most expensive war in history. We have it NOW!

Was going to tell you about clever Mr. and Mrs. Edwards on Atlantic Blvd., near Gallie Chapel, but they need a book. Tel. 2189 gets you on this column. Call 2189.

A LITTLE WOOD

The sweet gum aways  
Her pretty head  
Toward the tall dark pine.  
Who stands so straight  
And looks so fine.

He swings away.  
His strong dark arms  
Straight to the southwest wind.  
"No use, my sweet,  
Really, there's no time."

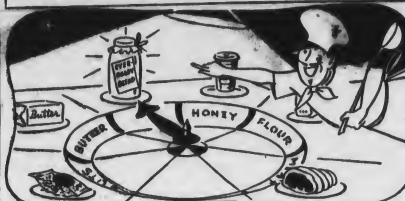

Our roots must get  
The best rich soil—  
The best view of the sun;  
"Flutter all your silly leaves;  
Should be lots of fun."

The sweet gum sighs.  
A tremor runs  
All through her slender frame,  
"I guess he's right and I am wrong.  
I will love him just the same."

Now maybe I can  
Look around.  
There is a fine young spruce,  
"But that is not the way I like,  
It's just the VERY Deuce."

M.B.A.B.

Spin the Wheel

By BETTY BARCLAY

Spin the wheel for luck, for good health, and for something very fine to eat. Here is a recipe for Honey Nut Pinwheel Ring which you'll find so easy and quick to do that you'll wonder how you ever got along without it. It's founded on the new "ever-ready" recipe which has been developed to take most of the work out of preparing hot breads.

This Ever-Ready Blend combines large amounts of flour, double acting baking powder, and shortening in a mixture that is handily stored for your hot bread decision. Then something extra special like the Honey Nut Pinwheel Rings is actually as easy to do as plain biscuits (with this recipe, every thing is easy — and fun.) Here's what you do: Just mix the necessary amount of Ever-Ready Blend with a little sugar and milk, making a soft dough that can be formed into pinwheels. Honey, butter, brown sugar, flour, nut meats, salt and a little water make up the mixture which goes on top of each pinwheel. It's a cinch to make, and a treat to eat!

**Honey Nut Pinwheel Ring**  
2 cups Ever-Ready Blend  
2 tablespoons sugar  
1/2 cup milk (about)  
2 tablespoons butter or margarine, softened  
2 tablespoons brown sugar  
2 tablespoons sifted flour  
2 tablespoons honey  
1/2 cup chopped nut meats  
Dash of salt  
2 teaspoons hot water  
Measure Ever-Ready Blend into bowl. Add sugar and mix well. Add milk and stir until a soft dough is formed. Turn out on lightly floured board and knead 30 seconds. Divide dough into six parts. Roll between palms of hands to form

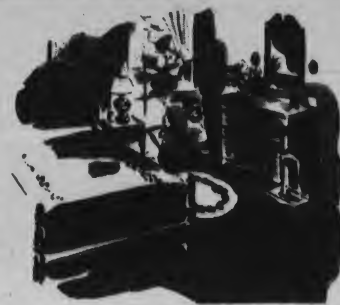

ropes about 12 inches long and 1/4 inch in diameter. Wind each strip of dough loosely, forming individual pinwheels. Place pinwheels on baking sheet with sides just touching to form ring.

Mix together remaining ingredients and spread mixture on each pinwheel. Bake in hot oven (425° F.) 25 minutes, or until done. Serve warm. Makes 6 to 8 servings.

**Note:** If desired, brush top of baked ring with glaze made by mixing together 4 tablespoons sifted confectioners' sugar and 1 1/2 teaspoons hot water.

**Ever-Ready Blend**  
6 cups sifted flour  
2 tablespoons calumet baking powder  
2 tablespoons salt  
1 cup (1/2 pound) shortening  
Sift flour once. Measure 3 cups into sifter, add 1 tablespoon (3 teaspoons) baking powder, and 1 1/2 teaspoons salt; sift into large bowl. Repeat. Cut in shortening with pastry blender or two knives until finely divided and mixture resembles coarse meal. Makes about 7 cups Ever-Ready Blend.  
Place in glass jars or crockery bowl and cover lightly with cloth or plate to allow circulation of air. Store in refrigerator or other very cool, dry place. Keeps well for 3 or 4 weeks.  
**TO MAKE BISCUITS:** For 10 to 12 biscuits, measure 3 cups Ever-Ready Blend into bowl. Add about 1/2 cup milk and stir until a soft dough is formed. (Use more or less milk, depending upon particular flour used.)  
Turn out dough on lightly floured board and knead 30 seconds. Pat or roll 1/4 inch thick and cut with floured 2 inch biscuit cutter. Bake on ungreased baking sheet in hot oven (450° F.) 12 to 15 minutes.

# COACH ANNOUNCES SCHEDULE OF KEMPSVILLE BASEBALL TEAM

A student driver program has been inaugurated in the Kempsville High School, one of the few schools in the section to have adopted the plan.

E. L. Myers, physical education instructor for the school is in charge of the program which was started February 1 and to-day has an enrollment of 48 students in two classes.

Mr. Myers said that the class meets daily for one hour and the course covers one semester. Pupils receive 1/2 unit towards graduation credit. He stated that the program is a very comprehensive one and covers not only the driving of the automobile as well. It is held in schools in conjunction with the A.A.A. and Virginia State Police and the car was secured through the Kline Chevrolet Co. of Norfolk. Mr. Myers added.

## BASEBALL SCHEDULE

Mr. Myers announced the beginning of the baseball season with scheduled practice this week and the following games to be played:

- March 30—Barry Robinson—H
- April 3—Churchland—H
- April 9—Mathew Whaley—T
- April 16—Oceans—T
- April 20—Poquoson—T
- April 23—Craddock—H
- April 27—Suffolk—T
- April 30—Portlock—T
- May 4—Deep Creek—H
- May 7—Barry Robinson—T
- May 14—Hickory—Gt. Bridge
- May 21—South Norfolk—T

The above characters denote: H—home game at Kempsville, T—games to be played away from home.

ROMANTIC MOOD. Dana Andrews wavers between co-star Marie Oberon and a modest blind girl who helped him when he was similarly afflicted with loss of sight, unaware that his two loves are one and the same. Ethel Barrymore co-stars with them in "Night Song," RKO Radio picture which also presents Artur Rubinstein as piano soloist with the New York Philharmonic-Symphony Orchestra, starting Sunday at the Beach Theatre.

IF ONLY... Jeanne Crain and Barbara Lawrence are all in a dither over the impending visit to their small town of popular, big-time bandleader: Dan Dailey in "You Were Meant For Me," the new Twentieth Century Fox hit starting next Wednesday at the Beach Theatre.

## Veteran's News

With the deadline for filing 1947 income tax returns drawing near, Mr. C. O. Eise, Officer-in-Charge of the Norfolk Veterans Administration Office, reminded veterans today that some of them have tax exemptions which do not apply to other civilians.

Veterans, he said, do not have to pay Federal income tax on 1947 income received for active military service below the grade of commissioned officer. The first \$1,500 of base pay received for active service as a commissioned officer is exempt also, he added. This applies equally, he continued, in cases where a veteran was released from active military duty during the year or in instances where he was called back to duty, either permanently or for a temporary period. The principle applies also to veterans drilling regularly as reservists.

Mustering-out pay is tax exempt as well as contributions by the Government to family allowances. The latter include not only payments to families of enlisted men in service, but also subsistence payments to students training under either the G. I. Bill or Public Law 16 for disabled veterans.

Also excluded from taxes are pensions and disability compensation to war veterans and their families, the VA representative declared. But while disability retirement pay is tax free, retirement pay other than that for disability is taxable and must be reported, he explained.

Veterans who want special help in preparing 1947 tax returns should visit their nearest U. S. Internal Revenue Office. March 15th is the deadline for filing, and returns must be filed by everyone whose 1947 income was \$500 or more.

The Veterans Administration has openings for graduate nurses in hospitals in the Richmond branch area at salaries ranging from \$2,844.80 per year to \$5,905, according to Mr. C. O. Eise, officer-in-charge of the Norfolk, Va., VA office.

Graduate nurses who are interested in duty in the VA's Richmond branch area, which includes Virginia, North Carolina, West Virginia, Maryland and the District of Columbia, should apply through Chief, Nursing Division, Veterans Administration, Branch Office No. 4, Richmond, Va.

The landlady brought in a plateful of extremely thin slices of bread, which dismayed her hungry men boarders.

"Did you cut these, Mrs. Brown?" asked one.

"Yes, I cut them," came the stern reply.

"All right," went on the boarder, "I'll deal."

## APPLE BLOSSOM FESTIVAL

Winchester, Va.—Feb. 24—Pictured is H. Delmar Robinson, elected President of the Shenandoah Apple Blossom Festival for the 1948 fete, which will be held here in this historic town of the Virginia Valley on Thursday and Friday, April 29th and 30th.

The new President stated that many elaborate plans are being launched for the two day celebration and detailed announcements would be forth coming soon. This civic undertaking, which is managed principally by 3000 volunteer workers will be staged for the 21st time since 1924. All activities were suspended during World War II.

No newcomer to the organization, President Robinson who actively heads the C. L. Robinson Ice and Cold Storage, Co. has been identified with the celebration since early Festival years. Mr. Robinson is a member of the Winchester Kiwanis Club, is Vice President of Oil Heat Inc. and President of Snapp Foundry, Inc. and Shennandoah Valley Lime and Stone Corp.

## Beach Garden Club Elects President &amp; Secretary for Year

The March meeting of the Virginia Beach Garden Club took place Wednesday at 3 o'clock in the auditorium of the Virginia Beach Presbyterian Church with Mrs. James N. Bell, Jr., as hostess. Mrs. Preston Hix, president, presided. Following a short business meeting, Mrs. Joseph Nelson, of Norfolk, gave a lecture on flower arrangement and illustrated her lecture by arrangements made during her talk. Following the lecture tea was served by the hostess. Election of President and Secretary of the club for the next year was held. Mrs. Floyd Dormire was elected president and Mrs. Greyson Willis was named secretary.

S. R. Brockenbrough, residence, Lot 5, Block 1, Section D, Cape Henry, estimated cost \$10,500.00.

## Breezy Ranch House

Breezy ranch-type house, shown above as pictured in the July issue of Good Housekeeping, may prove one of the solutions to today's housing needs. Long and low, it has a breezeway, covered terrace, three car-pools and everything in a house that makes for cool gracious living.

## FARM HOME PLANS AVAILABLE THROUGH EXTENSION OFFICE

## Scholarships Now Available At University of Va.

## U. OF VA. NEWS LETTER

Two scholarships for Virginia county high school graduates, one for a boy to the University of Virginia, one for a girl to Mary Washington College, are being offered by the League of Virginia Counties in cooperation with the National Association of County Officials and the University of Virginia.

The scholarships, which run for four years and carry tuition plus \$300.00 in cash each year, were announced today through the State office of the League of Virginia Counties here by its president, A. G. Copland, of Weyanoke, in Charles City County.

Last year one scholarship was offered. This was won by Warren McLean Dodson, of Fairfax County, who was school valedictorian and class president. He is now making an excellent record as a student of engineering at the University of Virginia.

This year a scholarship is offered for a girl to attend the Mary Washington College of the University of Virginia. Scholarships are open to graduates of county high schools only in those counties which are members of the League of Virginia Counties.

These scholarships are offered to stimulate interest in and knowledge of county government, explains W. B. Speck, Field Secretary for the League of Virginia Counties. This is one of the bases of the awarding of the scholarships, which include scholarship, covering the entire four year high school academic record, and citizenship, based on participation in community affairs and school extracurricular activities.

Knowledge of county government will be determined by a written paper or thesis on the organization and functions of the local government of the county in which the student lives. This paper must not only include explanations of duties and responsibilities of all county officials, but also individual comments and suggestions for improving the government of the county.

In each county two candidates, either boys or girls, shall be selected for the statewide competition by three judges named by county boards of supervisors. The state committee of three will include one person designated by each of the cooperating agencies. Applications made through school principals shall be filed with the county division superintendents of school not later than May 7th, in just two months.

## FARM HOME PLANS NOW AVAILABLE

The Extension Service file of farm building plans, available without cost through local county agents, has been expanded to include six blueprints of farm homes, scientifically designed to give the maximum in efficient and comfortable rural living. Of the six houses, two are small, two medium, and two are large, and all are designed so that either frame or masonry construction can be used.

The first of the small houses is a compact one-story house of modern design, and is suitable for a small family or for a tenant house on a large farm. Despite its small size, it has most good features of larger houses, including an adequate kitchen with dining space, workroom with laundry trays, two bedrooms, and storage room and closets.

The second small house is planned for log construction but can be adapted to frame or masonry. Especially appropriate is a country location, it can also be used as a tenant house or summer cottage.

The first of the medium-sized houses is compactly arranged with three bedrooms, large kitchen and living room, good traffic lanes, and ample closets. The second medium sized house, of traditional farm-house style, has two bedrooms and adequate dining space in the kitchen, living room large enough for company meals, and bath on the first floor, full basement with workroom and shower room. The second floor can be left unfinished at the beginning, but there is enough space for two large bedrooms and bath.

The first of the large houses has a large porch and lines reminiscent of Colonial cottages. All rooms and the downstairs lavatory can be reached from the entrance hall without passing through work or living areas.

This second large house plan provides for nine rooms, including two baths and a utility room, and seven large closets in addition to a large storage area and full basement.

Prospective home builders can choose the plan they want from a leaflet available at the county agent's office. He will then order the chosen plan from the Extension Service.

Organization and functions of the local government of the county in which the student lives. This paper must not only include explanations of duties and responsibilities of all county officials, but also individual comments and suggestions for improving the government of the county.

In each county two candidates, either boys or girls, shall be selected for the statewide competition by three judges named by county boards of supervisors. The state committee of three will include one person designated by each of the cooperating agencies. Applications made through school principals shall be filed with the county division superintendents of school not later than May 7th, in just two months.

## Chick Brooders Save Time, Labor And Fuel.

## CHICK BROODERS ARE PROFITABLE

Wider use of electric chick brooders to save time, labor and fuel on Virginia's farms is advised by H. W. Oslin, county agent, as electric service in Princess Anne County continues to expand.

Poultrymen's records show, the agent said, that the expense of operating a properly installed and managed electric brooder amounts to only about 1 1/2 to 3 cents per chick brooded.

Satisfactory commercially built brooders are available, but farmers can save from 25 to 50 per cent of the cost by building at home the necessary canopy and buying a completely assembled commercial heating unit to go with it, Oslin said. The handyman farmer can build the entire brooder satisfactorily, he added.

Brooders can be installed in the regular brooder house, the agent said. If the house has a good roof, tight walls on three sides, and the south side is equipped with windows to give ample light and ventilation when needed.

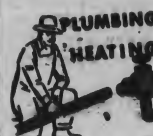

For farmers who already have brooders, Oslin advises checking them for operation about a week before the chicks are to arrive so any defective parts can be replaced. He also advises having an extra wafer for the thermostat available at all times. Then the brooder should be put into operation about 12 hours before the chicks arrive, and the thermostat adjusted to hold a temperature of 100 degrees F. under the hover.

Allow 10 square inches of floor space under the brooder for each chick, to avoid overcrowding, the county agent advises.

Complete instructions for construction and operation of electric brooders are available from the county agent, or from the Agricultural Extension Service, Blacksburg, Virginia.

## Abolition Asked By Association

Abolition of the semi-annual motor vehicle inspection law as something of "doubtful value" has been asked of the Virginia General Assembly in a bill introduced at the request of the Tidewater Automobile Association.

Senators Robert F. Baldwin, Jr. (a TAA director) & Edward L. Breeden, Jr., both of Norfolk, are patrons of the measure.

"The inspection law is designed to promote highway safety," they said in introducing the bill, "but its value in accomplishing this end is doubtful. Experience has proven that the law is extremely difficult to administer with any degree of uniformity, in addition to being extremely costly to the motorists in the State. At the present rate of 2 cents per vehicle every six months, the cost for inspection alone is in excess of \$375,000 per year."

Accident reports, they said, based on information supplied by the TAA, indicate that a very small percentage of highway mishaps is caused by mechanical defects. The four safest states — Connecticut, North Dakota, Rhode Island and Kansas have no safety inspection laws.

The bill would leave with the state highway patrol the power it already has to make spot inspections on the roads

## Gasoline Shortage to Hit In Spring - - - Rationing?

Isn't in Cards for  
Every Driver to  
Get All he Wants

A gasoline shortage, the first impact of which is just around the corner and may lead even to rationing, is forecast by the American Automobile Association which has released this analysis of the subject:

"Without any doubt motor fuel is the weak spot in the passenger car outlook. We of vehicles suspected of faulty safety mechanisms or involved in accidents."

What will happen to the proposal is too early at this writing to predict; but other bills have been introduced to alter the inspection laws, such as one to raise the fee to 50 cents to inspire closer inspection by garages; and the situation is in ferment. It is safe to assume that some change involving the inspection will be made at this session of the legislature.

These and all other proposals affecting motorists are being watched carefully by the TAA, as evidenced by the bill which would have provided that any driver arrested for a traffic violation, however minor, could be fingerprinted. When the TAA protested, this was amended to limit the fingerprinting to persons arrested for felonies.

have attended hearing after hearing. We have analyzed reports and recommendations from Government and from industry. We have watched and weighed the steps being taken to bring supply and demand into balance. But we have come up with the same answer. It just isn't in the cards that 30,000,000 owners of passenger cars will get all the gasoline they want in '48.

"What appeared to be a temporary shortage of petroleum products two or three months ago is now shaping up into something entirely different—a stringency which will last for a year or more, probably for several years. At least that is the way the picture is currently painted and it will take a lot of doing to change it.

"Currently every effort is being made to funnel crude petroleum into home and industrial heating and this is the time when normally gasoline stocks would be built up for early spring and summer use. So, we expect that the motorists will begin to feel the pinch in the early spring. President Truman is not likely to get from Congress the authority he has requested to install consumer rationing but there will be rationing by the companies to the retail outlets. It will be nationwide rather than local. It will probably cut deeper than anything we have had since the war.

"Indeed, unless allocations and conservation make the short supply meet basic need, there might well come an irresistible demand for consumer rationing. Hence, we have a vital interest in mobilizing not only our members but all motorists in an all-out campaign for motor fuel conservation.

"The story is simple enough. We have converted to power based on petroleum too fast and too far—away ahead of crude resources, refining capacity and distribution facilities. The demand for this year is now placed at 6,200,000 barrels a day. Compare this with an average of 5,300,000 barrels produced & sent to the refineries in 1947 and you will note that there is a gap of 900,000 barrels a day.

"Assuming more crude production at home, more imports from abroad, there would still remain the problem of refining capacity which, at the present, is around 5,600,000 barrels a day. And even with new refineries coming into production there is the stark probability of a difference between supply & demand of possibly as much as 500,000 barrels a day. If the shortage is fairly assessed against all products and all users, with the exception of the armed services, it should be possible to spread out the supply so as to avoid consumer rationing and serious hardship to car owners.

"Here are some enlightening figures: The per capita consumption of petroleum products in the United States has risen from 367 gallons in 1938 to 608 gallons in 1947. Today we consume more petroleum than the entire world consumed in 1938. Between 1935 and 1946 production of energy from coal increased 36%, while energy produced from oil and gas increased 95%. It is interesting to note that in the period 1941 to 1945 the increase in the demand for motor fuel was 18% the lowest of all the use categories increases. Here are the percentages of increase in these other categories: Kerosene, 43%; distillate heating oils, 68%; residual fuels, 34%; others 43%. But, in estimating where the impacts of the shortage may hit, we must not overlook the fact that approximately 35% of all petroleum goes into motor fuel.

"So, long-range-wise we need not only more tankers, more tank cars, more barges, but also more oil wells to produce crude, more and better refining capacity, more foreign oil to augment our resources, and a speeding up of the programs for synthetic

## 1948 Chevrolet is Massive

The over-all simplicity and massiveness of the new, 1948 Chevrolet is well shown in this three-quarter view of the Fleetmaster Sport Sedan. Fenders, hood, body and door panels all blend; and the crass moulding, below the windows, is wider than that used in previous models. Note the new T-shaped chrome center bar on the radiator grille.

## AUTO PERMITS DEDUCTIONS FOR INCOME TAX

Virginia motorists may deduct State gasoline taxes paid during 1947 when reporting their Federal Income Tax. The gasoline tax is six cents per gallon.

In order to take advantage of this or any other deduction however, a return must be made on long form 1040. Deductions are not to be listed if a withholding receipt is used as a return, or if the car owner files Form 1040 and uses either the tax table or standard deduction, since a blanket allowance is made in lieu of such deductions.

Automobile owners who expect to make use of these deductions will be aided materially by a special pamphlet, revised and up to date, available at offices of the Tidewater Automobile Association.

When using the long form 1040, all sums paid during the taxable year in the form of registration fees, driver's license fee and personal property tax may be deducted from the car owner's gross

production, which are still in the pilot stage.

"Whether or not Congress develops a broad-scale national oil policy along these and similar lines expressed in the A.A.A.'s Program of Action remains to be seen. However, the fact confronting us today is that no motor oil policy can be activated in time to prevent the motor fuel pinch in the offing."

income in arriving at the taxable income. The Federal gasoline tax and other Federal excise taxes are not deductible.

If a car is used entirely for business, all maintenance expenses and depreciation may be deducted along with interest on money borrowed for the purchase of the automobile. In the event the car is used both for business and pleasure, only a proportionate part of the maintenance cost and depreciation based on business use may be deducted. A casualty loss sustained by reason of damage to a passenger car and not covered by insurance may be deducted even though the car is not being used for business. Damages paid for injury to a pedestrian are deductible only if the car was being used for business at the time of the accident. No deductions are permitted in any instance for fines paid.

## Savings Bond Sales

EXCEED \$7 MILLION IN FEB.

Savings Bond sales in Virginia during February amounted to \$7,144,716 issue price, according to official tabulation. A break-down by series shows the E Bond retains its popularity, accounting for \$5,241,585 of the total, while F's totaled \$213,231 and G's \$1,689,900. Redemptions of the three series reached an all-time low in February, which was 51 per cent of amount outstanding.

The Sales in Princess Anne County amounted to \$33,127.35.

## Chevrolet Automobile Now at Peak; Claims Fourth of Cars In Use Today

Detroit—Latest available registration figures show the number of Chevrolets in operation has reached an all-time peak of 8,834,811 units. T. H. Keating, general sales manager of the company, announced today.

This is one-fourth of all automobiles in the United States and

virtually as many as owned in all other countries of the world combined.

The total gives Chevrolet a wide margin of leadership over competitive makes, Keating said. Total registrations reveal 34 per cent of passenger cars and 29 per cent of trucks now in use were built by Chevrolet.

## Dey Advises "Be Extra Alert" on Rainy Days

Rain, fog, or snow was responsible for one out of every eight fatal traffic accidents in 1946, and unfavorable road conditions during inclement weather were an important factor in one out of every five fatal traffic accidents, said John B. Dey, vice president of the Tidewater Automobile Association in announcing the distribution of the "Be Extra Alert on Rainy Days" poster and traffic safety lesson units to schools in Tidewater Virginia.

"To the difficulty of driving experienced by motorists during inclement weather is added the precaution of watching out for pedestrians who, heedless of traffic are hurrying to get out of the unpleasant weather," Mr. Dey added. "Umbrellas, carried improperly, and protective clothing, worn to ward off the rain, many times obstruct vision; the rain itself creates hazards by lessening visibility. It therefore becomes the personal responsibility of both motorists and pedestrians to 'Be Extra Alert on Rainy Days.'"

"The AAA poster colorfully illustrating this rule of safe walking and driving which is being distributed to more than 200,000 elementary and junior high school classes throughout the country this month was the grand award winner in the 1947 AAA National School Traffic Safety Poster Contest. It was submitted by James Harvey of the Cass Technical High School, Detroit, Michigan, who received as the grand prize a \$500 scholarship to an art school.

"Through the use of such traffic safety material stressing safe-pedestrian rules, schools here and in other parts of the nation are striving daily to inculcate in their students safe-pedestrian habits which should stand them in good stead throughout their lives," Mr. Dey declared.

## HIGHWAY DEPT. DIGS OUT

Richmond, Va. (Special)—Still wrestling with the problems of winter, the State Highway Department looked ahead this week to the coming spring.

Department officials announced that some 1,400 picnic tables will be in place along the primary system of highways before the beginning of the Spring and Summer tourist season.

These tables will be in addition to those already installed in the 39 wayside parks.

## State Highway Dept Seeking Causes of Road Break-Ups

Engineers of the State Highway Department are conducting an intensive research project throughout Virginia, seeking the major causes of road break-ups which followed the quick thawing after the winter's deep freeze.

In charge of the work in Princess Anne County and the Suffolk highway construction district is B. W. Butts, district materials engineer.

Working with him are O. S. Berkley, district soils engineer, J. S. Christian, of the Central Highway office in Richmond, and a number of local highway employees.

Research parties are moving into every county, determining the extent of the breakage and gathering all possible information concerning the condition of each road. When results are tabulated, the Department will have a thorough knowledge of how the various soil and surface types stand up under winter conditions.

Highway engineers throughout the nation are keeping a close watch on the Virginia project. According to State officials, "no other field of highway research could be of greater benefit to the State and nation."

## 25 years ago Beach Population 3,000 Not 5,000 Today?

Virginia Beach had petitioned the Circuit Court to allow the annexation of about four square miles of territory to the town. The wanted land began at the northwestern corner of the corporate limits where 26th Street intersected property situated in an arm of Lynnhorn Bay. It was estimated to be worth \$500,000 with a population of about 2,000. Mayor Drinkwater said the owners of the property were in favor of the annexation.

According to State officials, "no other field of highway research could be of greater benefit to the State and nation."

Research engineers are placing an emphasis on the low cost hard-surfaced roads. Field investigations have ever been made concerning the behavior of these roads under thawing conditions.

The deep freeze of the current winter and the following thaw have caused surface breakage on many roads, and emergency load limits have been imposed on most vehicles.

# Historic Homes Open for Garden Week

Many lovely homes and gardens, most of them dating back to Colonial times, but a few of them modern, will be included for the first time in the list of places open for Garden Week, April 28-May 1. A number of them may be found in the Roanoke and Danville areas and in northern Virginia.

In Princess Anne County the homes and shrines which will be opened may be visited only on April 27-28-29, and will be Broad Bay Manor, the home of Mr. and Mrs. John B. Dey, on Great Neck Road; White Acres, on Lynnhaven, the home of Mrs. B. D. White and the late Judge White; the Adam Thoroughgood House, which is now owned by Mr. Thrasher, of Greenbriar Farms; the Cape Henry Shrine and the Memorial Cross, the old Light House, and the wild flower preserve at Lake Lawson.

## Thoroughgood House

Adam Thoroughgood is the best known of Princess Anne's "first citizens." "The good Adam Thoroughgood," as he is known to his neighbors and as he has come down to us through more than three centuries, came to the Colony at the age of fifteen in 1621. In not so many years he became one of the richest men of the colony, and so gave an early example of how, in this new world of equal opportunity, a man could progress subject only to his own limitations.

Of the houses built in Virginia, in the first fifty years following the founding of the colony in 1607, the Adam Thoroughgood House, erected in 1634, is the oldest still standing. It occupies, therefore, the unique position of being the oldest house in the United States built by an Englishman to be witnessed by the modern nation. It is a small house, a perfect example of early Colonial architecture, with walls three feet thick and supported at each end by a broad pyramided chimney. The house is of brick, with the bricks roughly and irregularly molded, mostly laid in English bond. The second floor rooms peep out of the steep roof sides through a series of dormer windows. In all of the four rooms of the house the wainscoting reaches to the ceiling and the old pine, of which the interior is constructed, has never known paint. Many old interesting pieces of furniture are to be seen

Though not among the homes and gardens open in Princess Anne County during garden week, the Lawson Miles home in Cavalier Park is one of the beautiful homes to be found at Virginia Beach.

in the house.

## Cape Henry and Memorial Cross

At Cape Henry three things of interest will be noted by garden travelers in Princess Anne County. The old light house standing high on a sand dune, was erected in 1791 by the National Government, the first to be erected with government funds. This structure, while not in use, is still in a good state of preservation, having been restored by the Society for the Preservation of Virginia Antiquities, to which it now belongs. Near this spot the first permanent English settlers landed April 26, 1607, and planted a cross prior to their voyage to Jamestown Island which was the first permanent English settlement in this country.

A large granite cross now stands on the spot. This cross was erected by members of the Order of Cape Henry 1607 after the land had been allocated by the Government for the purpose.

A few yards distant from the old light house stands the new

Cape Henry Light House. Built in 1881, it stands 187 feet high. This light serves as a beacon for ships entering Hampton Roads at night.

## Wild Flower Preserve

Following the Shore Drive visitors may enter the Wild Flower Preserve at Lake Lawson. This wooded spot is under the supervision of the Princess Anne Garden Club.

The chairman for Garden Week of the Princess Anne Garden Club is Mrs. Gustav Friebus.

## Other Garden Events

March 12th has been proclaimed by Governor William Tuck as Arbor Day, and appropriate tree planting ceremonies will take place in the county.

The International Flower Show will be held in New York March 8-13, and the Narcissus Show, sponsored by the Garden Club of Virginia, will be staged in Danville, April 3rd and 4th.

The annual meeting of the Garden Club of America will be held May 13-15, in Pittsburgh, Pa.

## Civic League To Hold Meeting

### SOUTH BEACH CIVIC LEAGUE

C. H. Driskill, president of the South Virginia Beach Civic League, announces the regular meeting of the organization for Monday evening, March 15th, at 8:00 P. M. in the W. T. Cooke School auditorium.

## DeKoven King Attends Flower Showing

Mr. DeKoven King is attending the International Flower Show in New York, and attending to some pre-Easter shopping for his shops here. Mr. King's sister, Mrs. B. V. Webb, from Guam, accompanied him on his trip to New York, and will visit her son, David Webb, while there.

# Group Meets to Formulate Plans for Financial Support of Community House

A cross-section of citizens from Princess Anne County and Virginia Beach met Monday evening at the Community House at the request of R. B. Taylor.

The meeting was for the purpose of devising ways and means for raising funds to assist in the operation of the newly acquired Youth Center.

W. W. Stroud, chairman of the House Committee, stated at the March council meeting that funds were not in hand to operate and asked the council to supply \$1,000 a month until such time as the building could realize something to defray a part of the operational cost. R. B. Taylor suggested that local citizens might be willing to make contributions to the work and not draw on the already overburdened town funds. Mr. Taylor was asked to head a committee for this purpose.

The meeting Monday evening was well attended and definite suggestions for raising funds were accepted. Committees within the group were appointed to look into the athletic and social events by which funds might be raised. It was decided to make no personal solicitations other than letters requesting a contribution, inasmuch as there had been so many demands upon citizens of the community. Mr. Taylor said that the Red Cross drive is being conducted during the month of March, therefore no fund raising activities for the Community House will take place until after April 1st. He also pointed out that this movement for the benefit of the young people of the community was one of the most forward steps taken in Virginia Beach and merited the wholehearted support of every citizen.

## Director Fantone Works With Teen-Age Group; Form Study Club at Center

### TEEN-AGE CLUB ACTIVITIES

The Teen-Age Club of the Beach will meet Saturday night, March 13th, at the Community House for a juke-box dance from 8:30 P. M. to 12, midnight.

This Saturday night's feature will be a jitterbug contest open to the age group 13-18 years. The Junior Women's Club will serve refreshments during the event.

Mr. and Mrs. Jerry Trout, Mr. and Mrs. Sam Foote and Mr. and Mrs. Horace Simmons will be the chaperones for this dance.

### TEEN-AGE STUDY GROUP

Mr. William Fantone, director of the Community House has announced that a study club for teen-agers has been organized. The set aside at the Community House will be between 7 and 8 P.

M. each week-day night. These periods will be supervised by carefully selected adults of the community.

### TEEN-AGE BOXING PROGRAM

A meeting to launch a teen-age boxing program will be held at 7 o'clock Friday night in the Community House, and it is hoped that all those interested will attend.

Joe LaGiglia, Landon Hilliard and Dr. Robert Verner will serve as supervisors in this program. It is planned to enroll boys between the ages of 15 and 18 years into groups with a view to staging boxing matches later.

All youngsters and fathers of youngsters are urged to attend the initial meeting at which time plans will be formulated for getting the program underway.

## JEFFERSON STANDARD ANNOUNCES

the Appointment of  
**RALPH G. BOSHER**  
as District Manager for  
**VIRGINIA BEACH**  
and Vicinity

Office: 1512 Atlantic Ave.

The Jefferson Standard Life Insurance Company is pleased to announce the opening of a new District Office for Virginia Beach and vicinity and appointment of Ralph G. Bosher as District Manager.

Mr. Bosher started his career with Jefferson Standard as an agent in the Company's Home Office in Greensboro, N. C. in January 1940. Except for an interval of 28 months in the Army Air Force during the last war, he has been associated with the Company since that time.

From the beginning, Mr. Bosher has shown keen aptitude for the life insurance business. In 1946 and 1947 he led the Company's entire Field Force in production of new business. He is a member of the Million Dollar Round Table of the National Association of Life Underwriters, having qualified for two consecutive years. In 1947 he placed more than \$1,500,000 new business. Mr. Bosher has had experience in organizational work, having served as District Manager of the Company's District Office in Burlington,

N. C. during 1946. He has been associated with the Norfolk Branch Office since February 1947. With this background of training and experience, Mr. Bosher is unusually well qualified to head up the new District Office in Virginia Beach.

Territory served by the Virginia Beach District Office include the County of Princess Anne.

Associated with Mr. Bosher is B. R. McCotter of Virginia Beach, formerly of Southern Pines, N. C.

This District is a division of the Norfolk Branch Office, which collects premiums and renders general service to policyholders in this territory. C. F. Radcliff is Branch Manager of the Norfolk District.

### DESIRABLE OPENINGS

There are several desirable openings in this area for qualified men and women. If you are interested in representing a good Southern Company with an outstanding record of progress, write to Ralph G. Bosher, 1512 Atlantic Ave., Virginia Beach, Va.

## Why did Aunt Hallie wrap the ice in paper?

It made the ice melt slower, so she figured she'd save money.

You don't see today's Aunt Hallie rustling around trying to turn off her electric refrigerator. Housekeeping economy is just as important, but there's a difference...

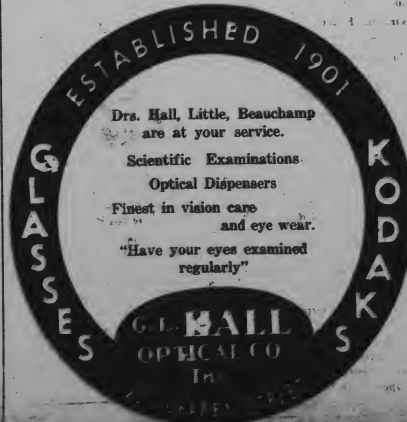

It costs so very little to run a refrigerator with electricity! For an average family—less than a nickel a day.

You've helped make electricity so low in price by using it for more and more jobs. And the sound, business methods of the electric companies have made it more and more of a bargain, in spite of the rising costs of making and delivering electricity.

Today, the average family still gets twice as much electricity for its money as it did just twenty years ago!

**From where I sit... by Joe Marsh**

**Ben's Bride Gets Chickenhearted**

Ben Ryder was mighty proud of his young bride when she offered to care for his new flock of baby chicks. "Just like a mother with her brood," he boasts.

Then came market time for eggs — and the crisis! Ben simply wouldn't let Ben near his chickens with an axe. She'd raised them as babies — she'd named them — they were her very own!

Ben found himself a glass of beer, to think things over anxiously. He'd been the price on eggs — he'd found Ben had put up

with his peculiarities, he guessed he could put up with her feelings for the chickens.

So now Ben has the pleasant thought of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live" himself. And whenever his master-fetted chicken, he takes his wife over to Andy's Garden Tavern for a crisp wing and a glass of beer.

Agent Ozlin Reports on Hybrid Corn

DOES HYBRID CORN PAY?

As a result of a questionnaire pertaining to the 1947 corn grown in Princess Anne County, 96 farmers complied with the request and submitted the following information. These 96 farmers planted 2,936 acres in hybrid corn in 1947, the total yield was 171,671 bushels, or an average yield per acre of 58 bushels. H. W. Ozlin, county agent, reports.

These same 96 farmers planted on their farms in 1947 711 acres of open-pollinated corn. This 711 acres produced a total of 31,624 or an average yield of 44 bushels per acre, or a loss of 14 bushels per acre on this 711 acres, which amounted to 9,954 bushels. Valuing this 9,954 bushels at \$3.00 per bushel amounts to \$29,862, or an average of \$208.55 per farm.

Based on the above on a county-wide basis, or for 500 corn growers and assuming that the same percentage would hold true, the loss in Princess Anne County for 1947 was \$104,775, by planting 20 per cent of the corn acreage in open-

pollinated corn. It will be noted from this that 80 per cent of the acreage planted in 1947 was planted to hybrid.

The hybrids favored by these 96 farmers were: Punks 711; U. S. 263; U. S. 367; Ill. 448; Punks 136; and for the white corn, W. 263 was the favorite with practically every grower. These same questionnaires revealed that the 96 farmers grew in 1947, 4,560 acres of soybeans, and which indicates that there was 30,000 acres of soybeans grown in Princess Anne County in 1947. These same farmers indicated that choice varieties of soybeans were as follows: Oden was by far the favorite variety, with Haberlandt coming second, Tokio third, Wood's Yellow fourth, and Vol-State fifth.

Information received from P. H. DeHart, extension agronomist at Elizabethburg, indicates that the Oden and Vol-State are the two leading beans grown in Virginia from an oil content stand; and Mr. DeHart strongly urges

that a large part of the acreage planted in 1948 be planted to one of these beans.

POULTRYMEN GIVEN HINTS

An unfavorable egg-feed ratio for the poultry producer was cited here this week by H. W. Ozlin, county agent, who says that during January, 1948, it took more eggs to buy 100 pounds of feed than at any time during the past quarter of a century. With the limited amount of feed in the country, no one believes the price of grain will fall as rapidly as egg prices, he added.

Management practices as listed by the agent, to attain 50 per cent production in the flock—the minimum rate for profit—and to keep poultry records in the black while prices on both eggs and old hens continue their seasonal skid, follow:

Market or eat all birds that are dropping feathers or otherwise show that they are not producing. For a culling demonstration call on your county agent.

Market all male birds not being used in the breeding pen.

Rid flock of lice and mites. Keep laying mash before the birds all the time. Fill hoppers only one-half to two-thirds full. When good, clean pasture is available, let laying birds out for two or three hours in the late afternoon.

Do not crowd chicks. Allow eight square inches of hovel space and two-thirds square foot of floor space for each chick.

Use only waste-proof feeders. Keep all feed in containers and covered so rats cannot waste it. Join the rat-killing campaign. For replacement chicks, buy from flocks that have been bred and selected for egg production.

Security Loan Drive Planned to Fight Inflation

SECURITY LOAN DRIVE  
APRIL 15-JUNE 30

Secretary of the Treasury John W. Snyder has announced the opening of the Security Loan Drive for April 15th to run through June 30th. The purpose of the drive is to promote savings and fight inflation. An organization along the lines of the war-time, bond-selling campaigns will be recruited for the drive. Area quotas will be assigned.

Commenting on the campaign, Secretary Snyder said: "The Treasury has two specific purposes in conducting the Security Loan. One is to encourage Americans to build greater security for themselves through greater savings. The other is to relieve inflationary pressures. These purposes are interlocking; one serves the other, and both serve the welfare of the nation."

"There is general recognition of the fact that buying Savings Bonds is one of the best investments an American can make. Millions who bought these bonds during the war continue to buy them. Many are able to buy more—by saving more—and will do so if they are asked. We are about to do the asking."

## DEPARTMENT CHAIRMEN NAMED BY PRESIDENT OF LOCAL CLUB

### Junior Woman's Club Elect Twenty To Membership

Twenty new members were added to the roster of the Junior Woman's Club of Princess Anne County at the meeting held on Tuesday evening in the Community House, Mrs. J. R. Addenbrook, publicity chairman, announced.

Those who were taken into the club are:

Mrs. Ralph Bellies, Miss Mabel Brumley, Mrs. Paul DeWitt, Miss Edith Johnson, Miss Corinne King, Mrs. Jacob Kopp, Mrs. Pat Highbanks, Mrs. Lydon Harrell, Mrs. D. M. Malbon, Mrs. John McCombs, Mrs. Ralph Midgette, Mrs. Carl Nemyko, Mrs. Raymond Pritchard, Mrs. Holman Rawls, Mrs. Robert Simpson, Mrs. J. L. Strole, Jr., Mrs. Herbert Thornton, Mrs. H. N. Webb, Mrs. A. B. Powell, Jr., Mrs. C. C. Carpenter.

#### Committee Department Heads

The following new department heads were announced by Mrs. Kelyam:

Mrs. Harry Yearby, chairman of education; Mrs. Andrew Moore chairman of fine arts; Mrs. Gerould Trout, chairman of public welfare; Mrs. Owen Moore, chairman and budget committee; Mrs. Langley F. Land, chairman of social committee; Mrs. J. W. D. Cassada, publicity chairman; Mrs. Samuel Perdue, telephone chairman. There are to be two new committees, Attendance with Mrs. L. O. Clark chairman and Bulletin with Mrs. B. F. Barco as chairman. Under Fine Arts Department are the following sub-departments: Music, with Mrs. Thomas Rose as chairman, Art, headed by Mrs. John Tucker, Literature, with Mrs. Frank Pentress as chairman and Drama headed by Mrs. Richard Goodman.

Under the Education Department there will be American Home with Mrs. Wm. F. Gibson as chairman, American Citizenship, headed by Mrs. J. Goodenow Tyler, Jr. and Legislation, with Mrs. Albin Malhes, chairman. Under Public Welfare we have Youth Conservation, headed by Mrs. J. L. LeGiglia, who with Mrs. Samuel Foote is serving on the teen-age committee of the Community House.

## Princess Anne Civic Council Holds Regular Meeting

The Princess Anne Civic Council held the March meeting last Wednesday evening with John H. Waters, Jr., of the C & P Telephone Company as guest speaker.

Mr. Waters traced the operation of his company from six months prior to Pearl Harbor and emphasized the handicaps under which the company had to operate during the war when the Army and Navy commandeered the output of Western Electric and left the C & P to operate with 1943 supplies. He said the company had spent \$20,000,000 in rural service in Virginia with an 80% increase in rural service. He also said that the company was planning to spend \$600,000 for additional service in the fall.

Mr. Fielding, chairman of the school committee reported the addition of a new school bus for children in tenth-second and third grades, which relieved a congested condition and allowed the younger groups to leave later in the morning and reach home earlier in the afternoon.

The Council went on record as protesting the increase in bus fare and authorized the writing of a letter to the State Corporation Commission to that effect.

Announcement was made that the next meeting of the Princess Anne County Civic Council will be held April 14 at 8 p.m. in the East Ocean View Civic League.

At the conclusion of the March meeting refreshments were served by the Chesapeake Beach M. C.

## Legion Auxiliary Hears Bayne Talk

Members of the American Legion Auxiliary of Princess Anne County Unit 113 heard a report of the Virginia Beach Playgroup at the regular March meeting on Monday afternoon.

Fire Chief E. E. Bayne, president of the organization, outlined the activities of the playgroup and expressed the need of additional adult supervision on the outdoor field and in the Community House.

The members voted to contribute \$25 to the Playgroup, \$25 to the operation of the Community House and \$10 to the current Red Cross drive.

It was also decided to send 3 girls to Girls' State which is held each summer at Radford College in Blacksburg, Va.

## Music Club to Meet

Mrs. Louise Boyd Robinson and Mrs. Maclin Simons will be co-hostesses at the regular meeting of the Virginia Beach Music Club which will meet at the home of Mrs. Robinson on Friday, March 19 at 8 p.m.

## Red Cross Established Here Since 1933

[The Princess Anne Chapter of the American Red Cross is asking for the support of every resident of the district. The annual drive is in progress and Frank Kellam, general chairman, and his workers endeavoring to raise a quota for the work. Eighty-one and two tenths percent of all funds collected in Princess Anne County stays in the County for immediate needs of residents and help in case of emergency. The local office and chapter expenses are paid for by local contributions at the time of the annual drive.]

In 1933 when Virginia Beach suffered severe damage from a storm there was no Red Cross Chapter in the County. Shortly thereafter The Rev. J. B. Ciover, minister of the First Presbyterian Church, was instrumental in organizing a chapter which held meetings in the church. In 1939 H. W. Chaffee was appointed as chairman for the local group with Mrs. Frank Sullivan executive secretary. The office was moved

## Plans Under Way For Organization Of Junior C of C

Plans are under way for the organization of a Virginia Beach Junior Chamber of Commerce, according to announcement by Mr. Heywood Tatem, who will serve as temporary chairman until the organization is perfected.

A meeting was held at Mr. Tatem's home on 75th street Thursday evening with Jack Mengel, Dawson Taylor, Harry Rumble, Eddie Renn, William McDonald and Gordon Beakin in attendance. This group, Tatem said, will form the nucleus of the local organization.

The Junior Chamber of Commerce is a National organization and the Beach group is being sponsored by the Norfolk Junior Chamber of Commerce. Stewart Beckner, president of the Norfolk group, and two State directors attended the initial meeting to aid in drawing up constitution and by-laws for the local group and aiding in other matters pertaining to organization. Mr. Tatem stated that the age limit for the group was thirty-six.

In addition to those named the following were present from the Norfolk Organization: George McCubbin, 2nd Vice president; George Mohr, Secretary and Gus Snyder, National Director of the Junior Chamber of Commerce.

The next meeting of the organization will be held on Tuesday March 30 at the Community House. At this time a temporary chairman, Secretary and By-laws committee will be appointed. A later date at which time the Charter will be presented to the group and election of officers will be held.

## Boxing Club Plans Bout in Community House in Two Wks

The recently formed boxing organization of the Community House is in the process of making plans for the initial bout to be held in the near future. Next Wednesday night the fighters will be matched in preparation for the bout.

Classes under the direction of Joe LaGiglia, director, assisted by instructors Henry Lam, George Webb, Landon Hillard, George Weiss and Haywood Tatem, have been under way for the past week and all of the boys have been weighted in.

The group is divided into two sections, one up to 12 years old, the other from 12 to 18. Each class has been receiving instruction in the art of self defense, offensive and defensive, foot work and boxing strategy.

Mr. William Kellam is in charge of the ticket sales for the coming bout.

## Residents Vote for Rent Decontrol

### Ashburn Questions Legality of Bill Ousting Registrar

In reply to a petition for a writ of mandamus presented by F. W. Ackles, attorney for the electoral board, Willard Ashburn, representing A. E. Gregg, registrar for Virginia Beach, questioned the legality of the act of legislature in passing a bill for the removal of Mr. Gregg and the appointment of another registrar.

In his statements to the court Mr. Ashburn said the act of legislature was constitutional he would like proof of its application to Princess Anne County. He stated that Mr. Gregg had not been officially notified of the passage of the bill and that in as much as no registrar had been appointed by March first, he automatically would succeed himself for another term of office from March 1, 1948 to March 1, 1949, according to State law.

Mr. Ashburn questioned the legality of the electoral board to remove Mr. Gregg from office or to set additional dates and places for the registration of voters.

## Season Softball Plans to be Topic Of Meeting

All soft ball enthusiasts are asked to attend a meeting in the Town Hall on March 25 at 8 p.m. E. B. Bayne, president of the Virginia Beach Playgroup Association says that the eight teams which played last season are being organized and league games will start May 10.

Bayne also says that umpires are greatly needed as well as new players and volunteers for both positions are requested to attend the meeting Thursday.

Election of officers will take place at the meeting and further plans for scheduled games will be discussed, Bayne added.

## Classroom Teacher Group Gives Show

The Princess Anne Classroom Teachers Association will sponsor a marionette program March 24th at Oceana High School Auditorium. Two performances will be presented: Aladdin and Oriental Variety at 1:30 p.m. and Robin Hood at 8:00 p.m.

For the past eighteen years the Kingsland Marionettes have been presented through the country by the owners, Mabel and Cedric Heald. The marionette company is one of the outstanding in the field of puppetry.

A packed council chamber voiced opinions for and against the lifting of the rent control at Virginia Beach Tuesday morning. William Rudolph, architect formerly of Virginia Beach, turned the meeting over to William Truitt, chairman of the Area Rent Control Board of Norfolk to ascertain the opinion of local residents.

## Theater Group to Be Headed by Les Shelly

L. B. Shelly was elected president of the Little Theater group which was organized this week at a meeting in the Community House.

Following the successful production of the Beach Folies by the Junior Woman's Club, Mrs. J. D. W. Cassada, acting as temporary publicity chairman, said members of the club and several other interested persons had instigated a movement to organize a little theatre group at Virginia Beach which would be a Town organization and not limited to the Woman's Club group. The organization will be incorporated and will be called The Little Theatre Corporation of Virginia Beach, Mrs. Cassada said.

The initial meeting, presided over by Miss Carol Simpson, well known for her activity in Little Theater groups, was attended by Mr. and Mrs. George Mullen; Mr. and Mrs. J. W. D. Cassada; Mrs. Robert Thurman; Mr. and Mrs. W. C. Pennington; Mrs. William Sills; L. B. Shelly; E. B. Taylor; and John D. Leitch, Jr.

Officers Elected: Gaston Battaglia, president of the Norfolk Little Theater group, attended the meeting and offered his services in an advisory capacity in the perfection of the organization, and in assisting John D. Leitch, Jr., the appointed chairman of the by-laws and constitution committee, in drawing up the proper by-laws.

Officers elected were Les B. Shelly, president; R. B. Taylor, 1st vice-president; Mrs. William Sills, 2nd vice-president; Mrs. Robert Thurman, secretary; Mr. George Mullen, treasurer and Carol Simpson, director.

A temporary loan of 300 from the Junior Woman's Club was made in an effort to assist the newly formed organization to get on its feet, Mrs. Cassada reported.

The next meeting will be held in the near future and any one interested in any phase of Little Theatre work is invited to attend. Mrs. Cassada laid special emphasis on the fact that a theater group must have more than actors and actresses. Stage hands, scenery painters, costume directors and many behind the scenes jobs are necessary to a successful production and anyone interested or willing to take part in the new organization is invited to attend the next meeting. She said plans were discussed at the initial meeting for a first production the latter part of April.

Information from the Area office in Atlanta was to the effect that rent control was no longer desired at Virginia Beach and before action was taken by the Norfolk Board under which Virginia Beach operated it was felt necessary to determine the will of the majority of local residents. The area affected extends from Cape Henry, through the Virginia Beach area, exclusive of Sea Tack, the colored section.

Opposition to lifting the rent control was asked for first by Mr. Truitt. Five members present opposed the action with the belief that the situation would be taken advantage of and their rents raised to a prohibitive price. This would necessitate moving and a possible less desirable location have to be accepted to "meet the family budget."

Sam Pidgeon asked the question "If controls are lifted where will rents go?" Mr. Pidgeon stated that all people wanted was a fair and just condition, that at present there was no equitable basis for rents at Virginia Beach.

Mr. Truitt said there was no possibility of stabilizing the rents, it was a matter of having full rent control or not having it and the board could make no attempt to arrive at any decision as to what rents could be asked.

#### FULL DE-CONTROL

Fifty-five members present voted for a full de-control. W. H. Terry representing himself and members of his family owning and renting property, presented building statistics which he said he felt would have a definite tendency to stabilize rents in that there supply of homes and apartments would be "adequate to fill the needs. Mr. Terry stated that since January 1945 in Virginia Beach 700 building permits had been granted and in the Lynnhaven district of the County, 548, making a total in the area of 1248. In some instances the permit were issued for structures which would house more than one family.

Opinions were voiced by W. T. Jarvis, who congratulated the Board in what it was doing; Clarence Hayman; Duck Braithwaite; Mrs. G. C. Manson; Hugh Simmons, who stated that there were still some good land lords at the Beach who would try not to take advantage of conditions; V. H. Miller, who stated that "the removal is justified"; Howard S. Meyers, who voiced the opinion that rent removal would improve employment at the Beach.

Mr. Truitt gave the opportunity to every one who wished to express an opinion for or against the proposed de-control by the area board in Atlanta and after receiving a 55 to 5 vote adjourned the meeting with the statement that this opinion would be handed to the Atlanta office for final decision.

A representative from the Atlanta Board, has a pent several weeks at Virginia Beach making a detailed survey of conditions and his report to the Area office was to the effect that Virginia Beach did not need the control. The meeting Tuesday morning was a result of the report submitted to the Atlanta Office.

## WHERE WILL RENTS GO NOW?

With property owners and real estate firms voting loudly and unanimously to take the controls off rents at Virginia Beach there seems to be a feeling of unrest among permanent residents of the community as to whether they will have to seek other homes or move out of town in order to live within their means. The very unfortunate rents demanded (and gotten) in war years has left an unpleasant and uneasy feeling in the minds of many local residents.

However there is the other side of the picture to be considered. Many apartments and houses have had a rent ceiling so low there is no possible chance of breaking even on the rent. These buildings are maintained, in many instances, as a livelihood for the owners. It is only fair that they should realize a fair profit on the investment. During the war high rents were paid for inadequate quarters with a much lower rent allowed for much better homes. The unequalized condition is not a fair one.

The solution as presented at the meeting of townspeople and rent control board members seems to be that the supply and demand for homes is almost on a par and when supply and demand equalize a price stabilizing will of necessity follow. The opinion voiced at the meeting was that with controls off more building will take place and that, of necessity, will have a tendency to keep rents on a safe and sane level.

War time reports about profiteering in Virginia Beach did not help the town. Unfavorable publicity spreads very quickly. Should dropping the rent control give property owners the feeling that "the lid is off" and exorbitant prices are demanded, all the good of the last season will be undone and Virginia Beach will again suffer the loss. One un-convincing minded person was heard to make the remark, "In the summer we DO everybody, in the winter we DO each other." It is sincerely hoped that property owners will not try to take advantage of the removal of rent control, should it come, and DO everybody who visits our community or the residents of the community.

## JUNIOR CHAMBER OF COMMERCE

Virginia Beach is taking another forward step in the direction of good citizenship. Since the close of the war a great many young men have either returned to the Beach to make their homes and earn their livelihoods or have found it a pleasant place to be during the past and have come to the community to settle down and become a part of the town.

These young men, establishing a foothold in the business world of the Beach will be the future leaders of the community. The organization of the Junior Chamber of Commerce shows an earnestness in the promotion of a good community in which to live and do business. The organization is a CIVIC organization and not a political organization. Each member has a right to his own personal views but as an organization the good of the community is its objective.

It is the hope of the organizers that every young man in Virginia Beach will become affiliated with the organization and in so doing the group will be an asset with a value far too great to estimate.

## THE FIREMAN'S MASCOT

The local fire department is once again without a mascot, and this time a little worse for wear. After several unfortunate incidents perpetrated by the canine's pugilistic instinct, the animal was returned to its original owner.

## ON A POLITICIAN'S STATEMENT

"... this is not a measure to get rid of our present registrar, but a measure for the appointment of a registrar if, and when, a second precinct is created at Virginia Beach..."

Just like the platform at the train station, a politician's statement is just something "to get in on." After he's in (or you're on the train) there's no more use for it and it's immediately forgotten.

Obviously the bill recently passed in the State Legislature was presented with one explanation and now it is being used to further the ends of those who promoted the act. Though his term is not at its expiration, though he has done the job to the letter of the law, the registrar has been replaced. WHY? Of course Mr. Gregg is no longer in the employ of the Holt Motor Company.

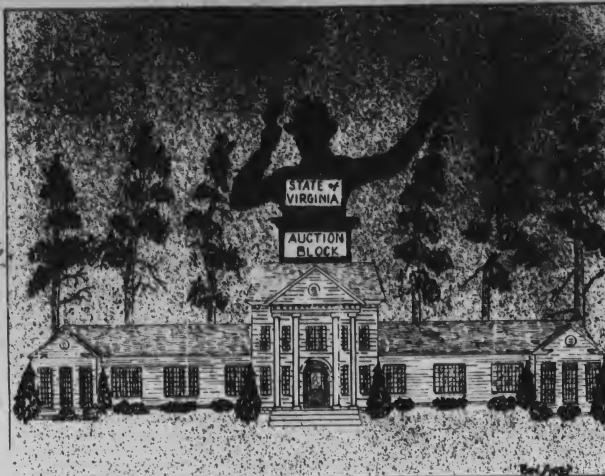

With the passing of the City Manager - Engineer Bill in the State Legislature and the resignation of an obviously competent engineer of the Town within the same week, we wonder what the connection is? Smells strange.

Grease Paint, footlights and hearty congratulations on a successful first production have inspired members of the Junior Woman's Club to organize a real theatrical movement at Virginia Beach. Uncovered talents in acting, dancing and singing with a desire to further enlarge on their abilities prompted the organization of a group of would-be "stars".

This organization is just another step in creating a spirit which will go far in making a healthier, happier and more cooperative community in which to live, work and play.

Of course on the other hand the taxpayers have a lot of money for the town to spend as best suits the spenders.

The financial condition of the Town must be in pretty bad shape when Town Treasurer Jones is not sure whether or not he will pay a legitimate bill on the excuse that the bill was not presented soon after the work was done.

## Deaths

## BURWELL JACKSON DAVIS

Burwell Jackson Davis, 74, well known business man and politician of Princess Anne County, died at a local hospital Monday at 5:30 a. m.

He had been in failing health for two years, but had been seriously ill only for the last three weeks.

A native of Norfolk County, he had resided in Princess Anne Co. from infancy. Residing near Lake Smith, he had operated the Davis Fish Company for a number of years. Recently he opened the Davis Grocery Company and was engaged in that business at the time of his death.

He was a son of the late Burwell J. and Mrs. Susan Robbins Davis. He had observed his 50th wedding anniversary on October 27, 1947.

In addition to his wife, Mrs. Fannie Whitehurst Davis, he is survived by a daughter, Mrs. Fred J. Sawyer; a granddaughter, Mrs. C. Q. Ferguson, both of Norfolk; a grandson, F. J. Sawyer, Jr. and a great grandson, F. J. Sawyer, III both of Newport R. I.; a sister, Mrs. Mary E. Whitehurst, of Norfolk.

Funeral services were held at the Cox Funeral Home, on Wednesday at 2 p.m. The Rev. Sparks Melton, D.D., pastor of Freeman Street Baptist Church, officiated. Interment was in Forest Lawn Cemetery.

VIRGINIA BEACH, VIRGINIA

"A VIRGINIA BEACH - HOME INDUSTRY"

Which are you relying on to assist you in  
the management of your property?

Doubtless, you have found from your  
own experience that successful property  
management calls for almost daily study  
based on facts... that casual supervision,  
based on "rumors" and "reports," is often  
costly.

Wouldn't it be immensely  
helpful to have a committee  
of investment specialists and  
eminently successful business  
men keep constant watch over  
your securities, analyze every  
development that might affect  
them and make prompt and regular rec-  
ommendations?

Commerce has developed just this type  
of arrangement to assist you now... and  
the members of your family later on.

A few minutes' planning today with  
one of our Trust Officers will in time to  
come save you and your family many finan-  
cial worries... and, possibly, heartaches.

heads-  
or tales?

The sound motion picture "The Calling of Matthew" will be shown Sunday evening at eight o'clock in the educational building of the Virginia Beach Methodist Church.

The picture will take the place of the regular evening service and the public is invited. Based on the account of the Calling of Matthew in Mark's Gospel the picture has been produced by Cathedral Films a firm which makes religious pictures based on stories of the Bible under the direction of Rev. James K. Friedrich.

This service is being sponsored by the Youth Fellowship of the Church and the young people of the community are cordially invited, according to an announcement by Jack Wroten, president of the Fellowship.

More people drive...  
More people want  
**CHEVROLETS**  
than any other make of car

True for years—and true than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

the other advantages of Chevrolet's famous BIG-CAR QUALITY at LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—almost each of the National Knee-Action Cliding Ride.

Chevrolet's world's champion V-8-Horsepower engine gives an exceptional combination of performance, endurance, dependability and economy.

The proved demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

**CHEVROLET and ONLY CHEVROLET IS FIRST!**

VIRGINIA BEACH

Can you pick out  
your neighbors?

• Their faces may not be familiar. But these men and women are typical of the "home town folks" who provide the telephone service in your community.

• Most telephone people live in the communities they serve. This in itself makes for more efficient operation. But that's not all. Because telephone people are local people, they are interested in local activities. You'll find them willingly doing their part in important civic affairs.

• Finally, the fact that these people are your neighbors brings a note of friendliness into the very human job of providing you, day by day, with good telephone service.

## Ozlin Advises Farmers of Gas Shortage

With gasoline supplies growing tighter as the spring plowing season approaches, County Agent H. W. Ozlin has urged farmers of this area to "stockpile their truck and tractor fuel requirements now to avoid dry gas tanks later when vitally needed."

Since refiners and distributors have given heating oil output "priority rating" at the expense of gasoline production and distribution during the past several months to relieve winter-strapped homes here and elsewhere in the Nation he explained, gasoline is

becoming increasingly difficult to get.

Reports of dwindling stocks and spot shortages already are starting to crop up, causing growing concern among farmers, Ozlin said. "As a result, many operators fear they may not have enough to operate their petroleum-powered equipment when planting time rolls around."

Since petroleum industry spokesmen have said that the gasoline outlook will become progressively darker in the days immediately ahead, Ozlin advises that farm

operators here and in adjoining counties make provisions to beat the expected shortage by erecting more adequate storage facilities. They should build up their reserves before the sharply rising spring demand from motorists competes for the limited supplies.

This method of anticipating the motor fuel pinch assures the farmer of having on hand the gasoline needed at planting time. "Even with the steel supply still lagging far behind consumer demand, storage tanks of both the elevated gravity-flow and pump equipped skid types are immediately available," he said.

Such completely prefabricated all-welded tanks," added the county agent, "not only meet all recognized safety standards, but also are delivered locally at economical cost."

A Journal Devoted to the Interests of Princess Anne County and the State of Virginia

Vol. 23 — No. 20

VIRGINIA BEACH, VIRGINIA, FRIDAY, MARCH 20, 1948

SINGLE COPY 5c, \$2.00 PER YEAR

## Court Refuses Writ of Mandamus; Gregg Still Beach Registrar

### BOARD OF SUPERVISORS ADOPTS \$831,028.17 BUDGET FOR 1948 - 49

The Princess Anne County Board of Supervisors in regular session on Monday tentatively adopted a budget of \$831,028.17 for the fiscal year beginning July 1st. This is an increase of \$54,384 over the current year.

John B. Dey, chairman of the Princess Anne County School Board, presented a budget of \$487,018 which was also approved by the board. There was a proviso to this budget that it be met with the \$2.50 current levy. P. W. Cox, superintendent, said that on such a basis a \$20,000 deficit could be expected, \$17,404 of which represents an overdraft from the 1947-48 period. The school budget also reflects an increase over the \$431,064 figure for the current year.

Of the school budget total, the county's part will be \$211,716, the State will provide \$219,904 and other sources \$27,400.

A delegation from Creeds High School, led by J. R. Rounten, principal, and Marion Bright, asked that steps be taken to petition the court to authorize a referendum to be held in the Pungo District on the question of a bond issue of \$100,000 to provide for the construction of a gymnasium, extension of the school cafeteria, and the addition of at least one classroom.

This delegation also asked for an improvement to Gum Bridge, Beggar's Bridge and Nanny's Creek Bridge, saying that maximum load limits will not support safe passage of loaded school buses, and that buses unloaded at each bridge and pass over. The children follow on foot, they said, and buses reload on the other side. The request was referred to the State Highway Commission.

A letter replying to an invitation to President Truman to attend the annual Cape Henry pilgrimage, directed to County Clerk

William F. Hudgins, was read. The invitation was refused for the reason, as stated in the letter, that his appointment calendar was filled on that date.

An appropriation of \$3,000 was granted for the purchase of an athletic field for Oceana High School, after it had been agreed that no funds for improvements or equipment would be granted by the board. The field will be constructed on a tract of land, known as the Potter property, consisting of approximately four acres.

A resolution was drafted to be sent to the United States District Engineer, Port Norfolk, in lieu of the board's attendance at a hearing Wednesday at 2:30 P. M. in the engineer's office concerning permits for pound fishing within 400 feet of the shoreline in the Virginia Beach resort area. The resolution requested the removal of existing pound poles and asked that no further permits be issued.

**Oppose Bus Fare Rates**

The supervisors adopted a resolution stating that the board is of the opinion that an increase in bus fares should be permitted the Norfolk Southern until such time as it could be determined that the rate increases are justified after the \$60,000 saving the company allegedly realized from removal of the rail buses.

The supervisor further requested the State Corporation Commission to delay granting the increase in fares on routes in Princess Anne County at this time.

T. S. Turner, of the State Forestry Service, asked the board to approve the Pine Sand-Trag Act which was amended at the recent session of the Legislature to include Princess Anne, Accomack and Northampton counties if their respective boards of supervisors approve. The request was tabled for the time being.

George P. Charas, residence, Bay Colony, estimated cost: \$16,000.00.

### C of C Board To Hold Important Meeting on April 1

The board of directors of the Virginia Beach Chamber of Commerce will meet Thursday evening, April 1st, it was announced by W. F. Crockett, president of the local organization.

Major business to come before the group at next week's meeting will be a discussion of the 1948 Virginia Beach advertising program and fund. The program is scheduled to get underway in mid-April, but insufficient funds may cause a severe curtailment of the original estimate of the program. Ways and means to finance the program, one of the organization's most important functions, will be discussed.

In addition to the advertising program, reports will be made by various committees of the Chamber, including the Transportation Committee and the Trade Development Committee. The latter committee is readying plans for the construction of a highway "welcome" sign at the junction of U. S. Route 66 and Laskin Blvd.

Water Skiing at the Cavalier Yacht and Country Club

Last week end's warm weather brought out a number of Virginia Beach residents in bathing suits, sun suits and sportswear. According to Rufus Kight, manager of the Cavalier Yacht and Country Club, the golf course was filled. Many interested persons were out inspecting the Correct-Craft boats on display and the Beach's first water skiing of the season was undertaken.

### Junior Boxing Matches Organized At Com. House

The athletic committee of the Community House, headed by Mel Good, and assisted by E. B. Byrne, E. W. Smith and Alay Cohen, has organized a teen-age boxing group which will stage the first boxing matches on Friday, April 2nd at 8 P. M. in the Community House. Joe LaChapelle has been directing the matches with the assistance of Haywood Tatem and George Webb as instructors. Others connected with the organization are: Landon Hillard, who will be referee; Owen and Andy Moore, business managers; William F. Kellam, advertising and tickets; Ben Wahrman and Dr. Robert E. Vetter, judges, and Dr. Vetter, attending physician.

Matches will be held on March 26th and April 2nd.

The boxers have been paired as follows:

Guy Smithson, 60 lbs. vs. Bob McVey, 65 lbs.

Earl Cappa, 100 lbs. vs. D. Pidgeon, 153 lbs.

James Newman, 80 lbs. vs. Tony Jennings, 85 lbs.

W. T. Madlin, 135 lbs. vs. A. Smith, 116 lbs.

J. Smithson, 64 lbs. vs. Alfred Gregg, 65 lbs.

Billy Nicholson, 106 lbs. vs. Bobby Derrin, 147 lbs.

James Speight, 146 lbs. vs. Bobby Rice, 147 lbs.

Sonny Davis, 139 lbs. vs. Joe Paul, 134 lbs.

Earl Hoggard, 112 lbs. vs. Leo Carroll, 116 lbs.

W. W. Wiles, 159 lbs. vs. Paul Neal, 159 lbs.

Fred Yates, 160 lbs. vs. Luther Malbon, 160 lbs.

Mont Paul, 45 lbs. vs. Torrence Edwards, 45 lbs.

T. J. Davis, 32 lbs. vs. Bruce Murphy, 32 lbs.

### Theatre Group To Hear Dramatic Director of W & M

On Monday, March 29th, at 8:00 P. M., there will be a meeting of The Little Theatre Corporation of Virginia Beach in the Panorama Room of the Cavalier Hotel for the purpose of outlining the plans and policies of The Little Theatre Group.

Guest speaker for the meeting will be Mrs. Thomas Kennedy, dramatic director of the College of William and Mary Extension, and Mr. Pierre Schmitz, honorary past president of The Little Theatre Group of Norfolk.

Anyone interested in Little Theatre work is urged to attend this meeting.

The following is a list of job classifications for which volunteers are needed: acting, set designing, scene building and painting, lighting and make-up, properties, reading and casting, typing, tickets, ushering, transportation, childrens theater and workshop.

The directors of The Little Theatre Corporation are: Mr. Les Shelley, president; Mr. Robert Taylor, first vice president; Mrs. William Sills, second vice president; Mr. Robert Thurman, secretary; Mr. George Mullen, treasurer; Mr. John Leitch, legal advisor, and Miss Arvid Sammons, publicity director. Miss Carol Simpson, well known for her work in Little Theatre groups, will be play director.

### Army Day to be Observed at Fort Story on April 6th

Norfolk will take its Army Day celebration on April 6th to Fort Story where those participating will hear Maj. Gen. A. C. McAuliffe, USA, deputy director for research and development, Department of the Army, in an address in conjunction with a dinner at the Officers Club.

Alex H. Sell, chairman of the Naval and Military Affairs Committee of the Norfolk Association of Commerce, announced that the Army Day dinner at 7 P. M. will be followed by dancing.

He advised that members of the association can obtain tickets at the headquarters offices on West Main Street. Members of other organizations, including veteran and civic groups which are assisting in the observance, were urged to see their representatives on the general committee for tickets.

Maurice E. Bennett, Jr., secretary of the committee, said that the attendance will be limited to 300 and announced that about half of the available tickets have already been sold.

### 60 Day Deferrment To Be Asked on Bus Fare Raise

The Virginia Beach Town Council in special meeting on Tuesday night passed a resolution petitioning the State Corporation Commission to delay action for sixty days on the proposed increase in bus fares requested by the Norfolk Southern Bus Corporation. The hearing on the subject is scheduled for March 31st.

The council's resolution, enacted in a special meeting Tuesday night, specified that "the said Council is uninformed as to the rates proposed by the bus corporation and has been unable at this time to secure any information on the proposed raise in rates..." and asked for a sixty-day delay in order to secure information concerning the proposed increase "so that it may be in a position to determine whether or not, in its opinion, the proposed increase is fair and just..."

The council meeting in the town hall was followed by a meeting called by the Transportation Committee of the Chamber of Commerce, headed by R. Lee Page, to discuss the Norfolk Southern's application for a rate increase.

The proposed increase is from 86c to \$1.03 on the round trip tickets on the Virginia division only. In explaining the increase Mr. Fletcher, of the Norfolk Southern Bus Corporation, stated that since 1940 there had been a ten-cent increase per bus mile to operate and that the company was operating under a loss.

Page and L. B. Shelley, also a member of the committee, reported that they had called to confer with bus company officials but had been unable to secure adequate information concerning the company's claim of financial loss in the operation of the bus lines.

They were instructed, by unanimous consent of persons attending the meeting, to oppose the increase in hearings before the Corporation Commission and, should further developments arise, to call another public meeting to inform the townspeople.

Chairman Page also said that the committee from the Chamber of Commerce will work with the transportation committee from the town council in opposing the raise.

### Public Warned by Better Business Association

The Better Business Association of Princess Anne County has released a bulletin warning merchants in the community to be on the lookout for a woman who is wanted for raising the denomination of money orders and cashing them. The warning was issued by the Post Office Department with the request that should anyone identify her the nearest post office inspector should be notified at once. The description is as follows:

A woman using the name of Helen Walker cashed three money orders at Lincoln, Nebraska, March 8, 1948. The orders had been raised from \$1.00 to \$50.00, and were cashed at clothing stores. Her description follows: age 35; race white; height: 5' 10"; weight: 160 pounds; hair: red-dyed; clothing: bright green coat and hat; identification: used Nebraska drivers' license. One of these three money orders was purchased at Oklahoma City, Okla., March 2, 1948; and one at Webb City, Mo., March 3, 1948. On two of the orders the name of the remitter is given as T. R. Walker and on the other it is given as Fred Walker.

Helen Walker is the name of the spy on all three orders. The protective marginal cut was entirely removed in each instance, and the word "twenty" was misspelled as "ninety."

A petition for a writ of mandamus on behalf of Princess Anne County Electoral Board was denied by Judge Clyde H. Jacobs, of the Circuit Court of Norfolk, sitting for Judge Floyd E. Kellam, of the Circuit Court of Princess Anne County, at a session Wednesday at Princess Anne Court House.

### Twenty-Eight To Attend Convention From P. A. County

The Democrats of Princess Anne County on Wednesday elected 28 delegates, with a total strength of 11 votes, to the State Democratic Party Convention in Richmond on July 2nd. The convention July 2nd will choose Virginia's electors to the National Democratic Party Convention in Philadelphia July 12th. If President Truman is re-nominated, it may also be the convention to meet again and choose another presidential candidate for the Virginia Democratic Party.

The Princess Anne Committee chose the mass meeting procedure, and Wednesday's proceedings moved smoothly, with about 35 Democrats answering the call. Chairman W. F. Hudgins presided and J. P. Woodhouse served as secretary.

The delegates were instructed to follow "the unit rule," which means that the group will cast its 11 votes as a whole and as decided by the majority of the delegation.

**District Delegates Named**

Those elected from the several districts were:

Kempesville District (one-half vote each): R. W. Magruder, Harry B. Davis, J. L. Hargrove, William P. Hudgins.

Lynnhaven District (one-third vote each): Robert G. Barr, Jr., R. A. Jones, R. L. Simpson, H. A. Holt, Jr., Roy Smith, J. G. Dey, Fred A. Haycox, H. E. Halstead, W. Russell Hatchett, P. W. Ackles, J. P. Holland, C. P. Hearne.

Seaboard District (one-third vote each): Sidney S. Kellam, Richard B. Kellam, D. Y. Malbon, S. Paul Brown, W. L. White, J. P. Woodhouse.

Pungo District (one-half vote each): W. E. Williamson, D. J. Vaughan, Lynus A. Williams, R. O. Halstead.

Blackwater District (one-half vote each): J. S. Ives and M. C. Mansfield.

### March Born Composers Subject of Music Club

Mrs. Louise Boyd Robinson and Mrs. Maclean Simmons were hostesses at the meeting of the Virginia Beach Music Club on Friday afternoon at the Dundee Inn. The feature study of the meeting was compositions from the works of composers whose birth month is March, and was under the direction of Mrs. Raymond Pritchard and Mrs. Maclean Simmons. Biographical sketches of Chopin and Bach were given by Mrs. Simmons.

The following musical program as rendered:

May Night: Palmgren; Caprice Viennois: Kreisler—Mrs. Edward Church; Au Printemps: Gounod; Vol Ché Sapate (Marriage of Figaro): Mozart—Mrs. R. C. Everett, accompanied by Mrs. Church; Préludium: Kreisler; Sonata: Handel—Mrs. L. B. Wickersham, violin solo, accompanied by Mrs. Roland Thorp; Sonata in E Minor: Grieg—Mrs. Robert Steinbiller; Valeur: Bruckner; Etude in E Minor: Etude in C Flat Major: Chopin—Mrs. Louise Boyd Robinson.

Tea was served at the conclusion of the program. Mrs. L. B. Wickersham presided at the tea table.

The petition of the writ was to obtain possession of the registration books for the Town of Virginia Beach which are now in the possession of A. E. Gregg, registrar for Virginia Beach, and which he had refused to turn over to Champ P. Hearn, recently appointed registrar following the passage of a bill by Legislature for the appointment of a general registrar for the town. Mr. Gregg's term of office does not expire until May 28, 1948.

**Four Hour Hearing**

The four hour hearing dealt with the constitutionality of the special act and attempted to show whether the bill was drafted for the sole purpose of taking Gregg from office and appointing a new registrar, or was a bill which would apply to any town in the State of Virginia.

W. R. Ashburn, attorney for Gregg, subpoenaed Roy Smith, town attorney, who testified that he had drafted the original bill which stipulated the bill was for the benefit of the Town of Virginia Beach, but the legislative committee on drafting bills had revised the rough draft deleting "Virginia Beach" and inserted in its stead the wording designed to authorize the appointment of a general registrar "in a town of not less than 2,600 residents, which is located in a county having a population of not less than 19,000, and adjacent to a city having a population of not less than 140,000 as of the last census." In commenting on the revised language Mr. Ashburn pointed out that the revision had not been through various very clearly inasmuch as Virginia Beach was apparently the only town in Virginia which came within these specifications.

Upon further cross examination by Mr. Ashburn, Mr. Smith admitted he had drafted the bill at the request of councilmen and that a delegation of approximately 10 had appeared in Richmond when the bill was presented by Representative H. B. Davis. Mr. Davis testified, upon being questioned by Mr. Ashburn, that he had introduced the bill after receiving a written request signed by all members of the town council, except Mayor H. Warfield Latta, and upon request of the 40 or 50 delegates from the county who appeared in Richmond in behalf of the legislation.

Testimony by C. T. Moore, secretary of the electoral board, showed that the board was not instrumental in drafting the bill nor did he as secretary know the proposed new registrar.

A. B. James, another member of the electoral board, stated that he had not seen the bill until after its passage and that the Virginia Beach Town Council and not the board had been instrumental in its drafting.

**Not Uncontested**

Upon the evidence submitted, Judge Jacobs ruled that the special act of the 1948 General Assembly creating the office of registrar for Virginia Beach was constitutional. Mr. Gregg will, therefore, continue in office as registrar for Virginia Beach until May 28th at which time he may succeed himself if no one else is appointed.

Commonwealth's Attorney P. W. Ackles, Jr., assisted by Richard A. Kellam, represented the board of electors and cited special legislation enacted in similar claims substantiating their claim of constitutionality in the special act of the General Assembly.

Mr. Kellam pointed out in his defense that at present the law applies to Virginia Beach "as a classification" but could very easily apply to any similar town in the State, therefore should not be construed as a "special law." He further stated that in proposing the bill was the council's idea to have a general registrar.

Another point made to simplify the voting contention and to improve conditions in the community and that it made no difference how the bill began, it had become legislative act and was, therefore, legal.

## BEHIND THE BOARDWALK

## SWIMMING WEATHER

Three straight days with a temperature of 65 to 70, a gentle breeze and a beach to tell on brought out the brave would-be bathers, and the sands were dotted the entire length of the beach with last year's bathing suits, retrieved from the pack room, and a few new ones worn by bathers who believed in being prepared.

The unseasonable weather was paralleled on March 22, 1894, when the mercury shot up to 88 degrees at 3 P. M. The high on Sunday was 89 degrees which brought a stream of traffic to the Beach along all roads. A seasonal change at the News office is the telephone call which says: "I have returned to the Beach, will you please change my mailing address and send my paper to the town address." Already those calls have come from Florida, winter residents and that is a sure indication that the winter season is over and thoughts are returning to the opening of cottages and hotels and the beginning of another summer season.

## WARM WEATHER FIRE HAZARDS

Fire loss in this country is naturally at its peak during the winter, when heating plants are being used to the limit. But the approach of the warm season brings special and very dangerous hazards.

Many homes and businesses have been destroyed because the grass wasn't cut on adjoining vacant property and caught fire. Every community should have a suitable law in this regard and enforce its strictly and impartially.

Carelessness in burning rubbish during dry days takes its share of the toll. Such fires should never be left unattended. And some means of controlling or quenching them if they threaten to get out of hand should be immediately available.

Spring and summer will witness a tremendous increase in tourist travel through the rural areas and timbered country. Millions of acres of splendid timber have gone up in smoke, leaving nothing but an ugly and scarred landscape as a memorial, because people have thrown burning matches and cigarettes from cars, and because campers have not made absolutely sure that their fires were out before moving on. These crimes of carelessness are covered in the law—but police and forest service officials can't be everywhere. Fire prevention, in all its many phases, is up to the individual.

When spring clean-up time comes, do a real and thorough job of it. Get rid of the junk and the refuse. A clean house and clean premises mean fire prevention.

## WOULD-HE PRESIDENTS

Henry A. Wallace continues to crowd forward expressing in all of his speeches unadvised notions that have no political value. He is weakening the strength of the Democratic party.

Governor Dewey charges "bad management and poor judgment of our Federal Government," and he traces it back to the New Deal which depreciated the dollar, boosted the National debt, and discouraged production.

Senator Taft traces confusion in the Administration to the New Deal and the continuation of its policy by President Truman. He seems to match Dewey's optimism about getting the Republican nomination.

Harold E. Stassen keeps pegging away and he expresses the belief that war with Russia can be avoided if we follow a consistent, intelligent policy. He wants the United States to stop sending Russia machine tools, electrical equipment and other materials of part of a Communist war machine.

All of the Presidential candidates are pulling strings and expressing themselves cautiously upon National issues.

The majority opinion in Washington indicates that the Democrats will not nominate President Truman. Senator Byrd of Virginia is "favorably mentioned." The Republican battle is between Dewey and Taft. Both men have tremendous popularity and support of the entire political organization and the Republican party, including the powerful forces of the Senate and House of Representatives. Senator Vandenberg stands at the head of the list of all "possibles."

## AS OTHERS SEE IT

—AND HE DID!  
(Wall Street Journal)

A young man taking over a defunct weekly newspaper, discovered when he went out to solicit advertising, that one of the town's leading merchants—Josh Weatherly—didn't believe in newspaper publicity. The storekeeper said he never read the ads in the paper, and didn't believe anyone else did.

"Will you advertise in my paper if I convince you folks do read the ads?" the newspaper man asked.

"Yes," the merchant replied, "but you can't."

The next issue of the paper carried a small line in an obscure corner, reading: "What is Josh Weatherly going to do about it?"

The following day Weatherly burst into the office of the newspaper and demanded relief from the horde of wits and half-wits who had descended upon him to inquire what he was going to do about it. He promised to stand by any explanation the publisher printed.

Accordingly, the next issue carried the announcement: "Weatherly is going to advertise, of course."

## THE INJURY RISK

Generally speaking the buying public are balking at higher prices. But there is a blockade mid-way and all this talk of war, bends the price curve back into steep grades.

## Musical Musings

by Milton Epstein

Beethoven's Ninth Symphony excites our admiration because of its warm and engaging humanity. It is structurally simple, yet withal, the greatest symphony by the man who wrote the greatest symphonic music of all time.

It was completed in 1823, three years before his death, and he conducted it in May, 1824. He never heard it, for it was written during the period of his complete deafness.

The first movement creates the tone for the entire work; a searching mood, a seeking for something elusive, a discontent with actualities, and a striving for higher things.

The second movement is in the classic "fugue" form, in which the theme is contrasted in two or more instrumental voices. Here we have a question being asked and reiterated by every part of the orchestra. The music flickers from one instrument to another until a short religious phrase appears in momentary solemnity.

The third movement, a lovely adagio, sings its stately cadences in song like melody. The strings and woodwinds carry this beautiful song forward in tremulous and vibrant music. Later in the movement, the brasses peal forth and tell us of the impending disclosures—the answers we have been seeking.

In the fourth movement of this symphony, Beethoven reaches a sublime altitude. After a short period of preparation, he begins a rapturous march which carries into the virtuosic portion of the symphony. The "Ode to Joy," written by Schiller, is sung by four soloists and a chorus.

This is the moment toward which the whole work has been striving. The "Ode" dominates the entire work and we have a perfect combination of words and music that touches the recesses of our understanding and answers our searching and our seeking.

The orchestra rises to great heights, the soloists reach out, the chorus swells, and in a great paean of joy, a very great feeling of exaltation, we know the answer to our quest.

It is "Hope," for it is Spring—and joy is here.

## EASTERN STAR MEETING

There will be a special meeting of Virginia Beach Chapter No. 75, Order of the Eastern Star, Monday, March 29th, at 8 P. M., at the Ocean Club, 19th Street, for the purpose of the reading of the Worthy Matron's Report and installation of new officers. Mrs. Emma L. Gray, Past Grand Matron, will be installing officer. All Members in good standing are cordially invited to attend.

## WE ARE TOO SOFT

by J. R. Jones

It is perfectly plain that one traitor member of the United Nations is Russia—the country that murdered its Czar and the last royal family; the country that liquidated the Ukraine; the country that sneaked its way into the United Nations in order to oppress World Peace.

The United States has never faltered in its efforts to restore normal conditions among the nations that were crushed in World War II. Russia has been a traitor—in taking over Czechoslovakia, and in reaching out for Finland and other countries.

Russian Communists have somehow wormed into many positions in the Government of the United States—not by connivance of American citizens, but by trickery and treachery.

The hysteria that some of our important American officials are sympathizers with the Communists is about 98 per cent nonsense. This correspondent has studied conditions in the National Capital since before World War I and up to date; he is certain that there should be no definite action by the United States to give Joe Stalin a kick in the pants. It is also clear that the great sacrifice by the American people involved in the financing of the Marshall Plan will not stop with Russia. Don't make any mistake about it: the situation is very serious, and Russia hasn't been honest with the World at any time.

## STATE DEMOCRATIC CONVENTION JULY 2nd

A Virginia Democratic convention has been called for Friday, July 2nd, in Richmond, by the party's State Central Committee.

The Democratic party leaders set the convention date and place at a meeting in Richmond at which they also:

1. Condemned President Truman's civil rights proposals;
2. Requested that funds be withheld from the national committee; and
3. Commended Governor Tuck for his "courageous stand" against the Truman proposals.

Basis of representation at the convention will be one delegate for each 100 votes or major fraction thereof cast by counties and cities in the 1940 gubernatorial election.

This session was a harmonious one with no discussion of any motion offered.

## T-B MEETING

The annual meeting of the Princess Anne Tuberculosis Association will be held at the Presbyterian Church on 24th Street at 11:00 A. M. on April 1st. Mrs. Kathryn C. Hardy, in announcing the meeting, said everyone willing to assist in the work may call Norfolk 2-6111 and all services will be gratefully accepted. She also expressed the appreciation of the Association for the support of the campaign against tuberculosis in the purchase of Christmas seals. Mrs. Hardy stated that help is needed in the seal sale and X-ray surveys and everyone willing to assist in the work may call Norfolk 2-6111 and all services will be gratefully accepted.

"PRETEND YOU'RE A MARINE, GEORGE, AND DIG A LOT OF LITTLE FOX HOLES SO DADDY CAN PLANT CORN."

## AN OPEN LETTER

I believe I have the right to explain to the public my reason for not running over the registration books and records of the Town of Virginia Beach.

I was appointed by the Electoral Board of Princess Anne County to serve as registrar for the town; my term of office beginning May 20th, 1944, and expiring May 20th, 1946, when I was reappointed for another two year term.

I have discharged the duties of my office to the best of my ability and am confident that no one has just cause to complain of my failure to perform my duties in an honest and satisfactory manner.

If I have not performed my duties satisfactorily then I have the right to know in what way I have failed and to answer any charges that may be brought against me. Therefore until I am directed to surrender the records by the Court I shall consider that my appointment as registrar is in full force and effect until the expiration date of my present term, May 20th, 1946.

Should I be directed by the Court to surrender the records of the town I shall immediately appeal to the Court for a hearing in answer to any charges that may have been brought against me and if no charges are presented I shall ask the Court to rescind its order on the basis that there are no legitimate grounds for my removal.

A. E. OREGO

## LETTER TO THE EDITOR:

The NEWS has received two of the following letters during the past week. Both letters are identical but are from different senders. We give both names and addresses for anyone who might be interested.

To The Chief Editor  
Of the Daily Newspaper  
Virginia Beach, Virginia, U.S.A.

Berlin - 14th of February

Dear People!

I am looking for somebody who like to correspondent with somebody who lives in Europe. My name is Helmut Herles, 13 years old and my nationality is Czechoslovakia. I am living with my parents since my birth in Berlin. When the American occupation came to Berlin I became acquainted with many American soldiers and I had a very good time with them. So I learned a lot of english and there for I would be very happy if I find somebody, it doesn't make any difference what age who like to correspondent with me you know I like to learn english pretty fluently because in later years maybe be there will be a opportunity to get abroad. I like very much to become acquainted with the country because I know all ready the people.

Dear Sir, My present men tell me that you will do your best what you can to find somebody for me.

Many thanks for the trouble what you get with me pardon me for that but when I am once over there there I try to do something for you

Many good greetings to your good people from the American Sector of Berlin

Most respectfully

Helmut Herles

# Detroit Symphony Plays for Virginia Music Festival

Program for the three concerts in the Virginia Music Festival may series at the University of Virginia include five of the ten musical favorites named in the Festival's State-wide poll. Mrs. Randolph Catlin, Festival president and originator of the poll, announced today.

Prepared by the Festival's Music Program Committee and approved by Dr. Darl Krueger, conductor of the Detroit Symphony Orchestra which will play at all the Festival concerts, the programs include

the selections which received the highest number of votes from the music lovers in Richmond, Roanoke, Charlottesville, Albemarle County, Orange and Staunton who joined in the poll.

Dr. Krueger and the orchestra will play on Friday night, May 21, the prelude to Act 1 of Lohengrin, by Wagner, which ranked sixth; Brahms's Fourth Symphony; Bach's B Minor Mass Chorus, with 200 voice chorists from Virginia college glee clubs; and Enescu's Roumanian Rhapsody.

Saturday night's concert, designed to include music of especially wide appeal, will bring the overture to Mendelssohn's Midsummer Night's Dream, Beethoven's Fifth Symphony, George Gershwin's Rhapsody in Blue, Offenbach's Caïre Parisien, and the Rosenkavalier Waltzes of Strauss.

Pianist Henrietta Schumann will play Beethoven's Second Piano Concerto, which tied for first place in the poll with the Beethoven work, and for which she is famous, at the Sunday afternoon concert, May 23. Also on Sunday's program are the Overture to Ciofis Breugnot, Kavalaky; and Tchaikovsky's Fifth Symphony which placed third in the poll.

The Festival's Music Program Committee, headed by Dr. Stephen D. Tuttle, head of the Division of Music at the University of Virginia, was strongly influenced by the poll music in arranging the program for the May series, Mrs. Catlin said.

A firm believer in planning a program for Virginia's second Festival which the audience wants, Mrs. Catlin said that the committee allowed its own tastes to be submerged to conform to requests and to produce a balanced musical offering.

The "Rhapsody in Blue," which ranked second among the approximately 400 different selections named in the Festival poll, and which received the overwhelming vote of the students at the University of Virginia, was placed on the program over the objections of many musical experts, Mrs. Catlin revealed. In spite of the controversy which arose over the question, during which one member of the program committee said "Gershwin over my dead body," the poll results won out largely due to Mrs. Catlin's efforts.

"Brahms and Wagner's generations laughed at them," the Festival president declared, "and it was 100 years before Bach's B Minor Mass was played." She predicted that, 100 years from now, "Gershwin and Wagner will be equally important as the creators of something new in music."

She quoted in defense of Gershwin, Deems-Taylor's remark that "Music is written for our enjoyment, and only incidentally for our edification; many a potential music lover is frightened away by the solemnity of music's devotees." Mrs. Catlin's postcard poll, be-

lieved to have been the first of its kind in the United States, brought in nearly 1,000 requests.

Members of Dr. Tuttle's program committee are: Mrs. Colgate W. Darden, Jr., of the University of Virginia; Mrs. Gray Dunnington, of Orange; John H. Hogan, of Charlottesville; Walter Ryan, Jr., of New York and Virginia, and Professor Robert H. Webb, of the Ancient Languages Department at the University of Virginia.

will be played in Scott Stadium at the University. In case of rain, the concerts will be moved to the University's Memorial Gymnasium, which seats only 3,000. Advance sale of reserved seats has therefore been limited to 3,000.

In addition to the three series concerts, the Detroit Symphony, conducted by Valter Poole, will give a special concert for young people on Saturday, May 23, at 2:15 P. M. Program for the performance will be announced in April.

All three Festival series concerts

## New Members Aim of County Farm Bureau

The board of directors of the Princess Anne Farm Bureau decided at a recent meeting to put on an intensive drive for members in the organization. It was the unanimous opinion that more of our Princess Anne farmers should become affiliated and each director was asked to put on a drive in his individual district.

Grayson M. Whitehurst, president of the organization, said that the directors had voted at the past meeting to extend an honorary membership in the Princess Anne Farm Bureau to Fred Drolette, manager of the City Farm, and to all farm veterans of World War Two.

Among other business matters under discussion was the farmers' wholesale market center. Specialists from Washington and Richmond are conducting a survey to determine the most advantageous location and other problems incident to opening the market.

## Corn Growing Club

The board of directors which heartily endorsed the Princess Anne corn growing club and Mr. Whitehurst said all farm bureau members were urged to sign up before the deadline, April 1st. He said the club would bring a lot of good publicity to Princess Anne County and teach growers a lot about corn.

A motion was unanimously passed opposing daylight saving time in the Norfolk area this summer, and the chairman was directed to write to the mayors of Norfolk and Virginia Beach to this effect. They also went on record as opposing the removal of the control of the milk industry from the Food and Dairy Division to the Health Department.

## Drainage

The drainage problem was under discussion and the chairman was directed to write to Mr. M. C. Mansfield, chairman of the county board of supervisors, and ask for a special meeting of this board with the board of the farm bureau for the purpose of discussing the drainage problems in the county.

## Commission Is Praised For Securing Bridges

### PROPOSED BRIDGE AND FERRY SYSTEM PRAISED

Richmond—Tidewater Virginia leaders expressed high enthusiasm here Tuesday, March 13rd, for the work of the State Highway Commission toward securing for Eastern Virginia the four bridge and ferry projects authorized under the Revenue Bond Act of 1940.

Headed by Sen. R. O. Norris, a 32-man delegation appeared at the regular meeting of the Highway Commission and expressed full approval of the Commission's plans to finance under one bond issue the Chesapeake Ferries, the James River Bridge System, the Yorktown Bridge, and a bridge across the Rappahannock River at Grey's Point.

The group was in complete agreement with Sen. William A. Wright, chairman of the State Conservation Commission, who said "This will mean more for Eastern Virginia than anything in the past 100 years."

Those present included Senators Norris, Wright, W. M. Minter, and Benjamin T. Pitts; Speaker of the House G. Alvin Masonburg; and Delegates Tayloe Murphy, C. F. Unruh, Lewis A. McMullan, Jr., and J. Addison Hagan; Randolph Smith, of the Rappahannock River Ferry Association; W. S. Harney, of the Norfolk Chamber of Commerce; G. Leslie Hall, President of the Tidewater Automobile Association; Purchasing Agent Dick of the Newport News Ship-

## Rail oddities

building and Drydock Co., and a number of other Tidewater leaders.

Several speakers praised the Commission's work in Tidewater Virginia, and said the bridge and ferry projects would stand as "monuments" to the efforts of the Highway Commission.

The intense enthusiasm follow-

ed a Commission announcement that not only had the purchase of the Chesapeake Ferries been completed and a permit for the Yorktown bridge secured, but negotiations are progressing toward the purchase of the James River Bridge System and a permit for the Rappahannock Bridge is in prospect for this year.

## PUBLIC MEETING

8:00 P. M., March 23, 1948

WAS NOT SPONSORED by

NORFOLK SOUTHERN BUS CORPORATION

We direct your attention to the following letter—

March 22, 1948

Mr. R. Lee Page, Chairman  
Transportation Committee  
Virginia Beach Chamber of Commerce  
Virginia Beach, Virginia

Dear Sir:

We were very much surprised to observe in the "Virginia Beach Sun" an ad of the Transportation Committee of the Virginia Beach Chamber of Commerce calling a public meeting of the citizens of Virginia Beach and Princess Anne County under the auspices of the Virginia Beach Chamber of Commerce and the Norfolk Southern Bus Corporation for the purposes of discussing the proposed increases in bus rates and other transportation problems on Tuesday, March 23rd, at 8:00 P. M. in the Town Hall.

Norfolk Southern Bus Corporation had nothing whatsoever to do with inserting this ad, had nothing whatsoever to do with scheduling a public meeting, and had nothing whatsoever to do with the news article that appeared in the "Virginia Beach Sun" on the same day, entitled "Public Meeting Called to Discuss Bus Fares." We were informed by the "Virginia Beach Sun" that you personally had arranged to have this ad inserted in that paper.

As you well know, details of this sort cannot be thoroughly discussed and properly handled at a mass meeting.

We are willing to meet with your committee or any individual at any time to answer any questions relating to the proposed increase of our fares.

We stand ready at all times to confer with any individual or any committee representing a civic organization for the purpose of discussing their transportation problems.

Under the foregoing circumstances, we will not have a representative present at the mass meeting which you have called for 8:00 o'clock P. M., Tuesday, March 23rd, in the Town Hall at Virginia Beach.

Yours very truly,

(Signed) E. M. FLETCHER,

Vice-President and General Manager

NORFOLK SOUTHERN BUS CORPORATION

PARTIES : ANNOUNCEMENTS : PERSONALS

Gumb-Smith

Mr. and Mrs. Edwin James Smith have issued invitations to the marriage of their daughter, Margaret Love, to Mr. Dana Frederic Gumb, Ensign, USN, on Saturday, the third of April, at eight o'clock at the Gallies Episcopal Church, and to the reception immediately following at the home of the bride in Birdneck Point.

Mrs. Roy Smith will entertain Tuesday at her home on Avenue D at a luncheon in honor of Miss Smith. Her guests will number nine and will include the bride's attendants.

Mrs. Philip Sanderson and Miss Lacy Baxter will entertain Friday evening, April 2nd, at their home in Norfolk at a buffet supper following the rehearsal of the wedding of their niece, Miss Margaret Love Smith and Mr. Dana Frederic Gumb, Ensign, USN. Their guests will be the bridal party and out-of-town guests.

Mrs. John F. Winn, Jr., and Mrs. Joseph C. Jett will entertain tomorrow at one o'clock at the home of Mrs. Winn on Raleigh Drive at a luncheon in honor of Misses Ann Everett Darden and Sylvia Joyce Carpenter, debutantes. The guests will number thirty.

Mrs. David Pender, Jr., will entertain Monday at her home in Bay Colony at a luncheon at one-thirty o'clock in honor of Miss Elizabeth Wight Kyle and Miss Ann Everett Darden, debutantes. Her guests will be the debutantes of the season.

Mr. and Mrs. Bristow Hardin have returned to their home on 35th Street after attending the baptism of their granddaughter, Elizabeth Evans Hardin, which took place last Sunday at Ware Parish, Gloucester, Va., and was administered by the Rev. Reginald Eastman.

James Allen Tyler arrived last week-end from V. P. I., Blacksburg, Va., to spend the spring holidays with his brother and sister-in-law, Mr. and Mrs. J. Goodenow Tyler, Jr., at their home in Rudes Heights.

George Barner, Jr., has returned to his home on 79th Street after spending some time in Richmond and Washington, D. C.

Mr. and Mrs. John Gurkin, Jr., and daughter, Sally, have left to spend the holidays in Lynchburg.

Mr. and Mrs. J. Raymond Pritchard, Jr., and son, John, have returned to their home after spending some time in Emporia, Va.

Mr. F. M. Williams, Jr., has returned to his home in Oceana after a brief business trip to Atlanta, Georgia.

Mr. and Mrs. F. P. Whitehurst, Jr., and Mr. and Mrs. Harold Baker, of Norfolk, are spending the week-end in Baltimore.

Miss Katherine Wood arrived on Wednesday from Hollins College, Hollins, Va., to spend Easter with her parents, Mr. and Mrs. A. C. Wood, on Pochontas Drive.

Robby Moser will return today to his home on 53rd Street after visiting George Bradford in Petersburg, Va. He will be accompanied by Mr. Bradford and will be his guest for the week-end.

Mr. and Mrs. Cleo Rumble are spending some time in New York City.

Stanley Cowley has returned to his home in Pittsburgh, Pa., after visiting his sister, Mrs. James I. Martin, on 52nd Street.

Mr. and Mrs. Peter Holland, Jr., returned Monday to their home on 53rd Street after spending ten days in Miami, Florida.

Holmes Butler, Jr., arrived this week from Washington and Lee University, Lexington, Va., to spend Easter with his mother, Mrs. Holmes Butler, on 54th Street.

Mrs. Clinton Carpenter has returned to her home on 53rd Street after spending several days in Washington, D. C. She was accompanied home by her daughter, Miss Sylvia Joyce Carpenter, debutante, who has been spending some time in Washington and Annapolis, Md.

Mrs. Constance Moore returned Wednesday to her home on Pochontas Drive after visiting her son-in-law and daughter, Mr. and Mrs. Vera Todd, in Richmond, Va.

Frank Samson, of Richmond, spent last week-end at his cottage on Pochontas Drive.

Lewis Rawlings, Jr., arrived on Thursday from Landon School, Bethesda, Md., to spend Easter at the Princess Anne Club.

Mrs. John Moyler has returned to Richmond after spending the week-end with her son-in-law and daughter, Mr. and Mrs. James Powell Watson, Jr., at their home on 60th Street.

Miss Doris Jones has returned to her home in Suffolk, Va., after visiting Mrs. Holmes Butler on 54th Street.

Miss Alice Cole will arrive tomorrow from Waynesboro, Va., to spend Easter with her niece, Mrs. James Kelley, and Mr. Kelley, at their home on Holly Point.

Mr. and Mrs. Taylor Johnson have returned to their home in Cavalier Park after spending some time in Pinehurst, N. C.

Mr. and Mrs. Peter Holland, IV, and young son, of Petersburg, Va., will spend the Easter holidays with Mr. Holland's parents, Mr. and Mrs. Peter Holland, Jr., on 53rd Street.

Among those who arrived this week from Mary Washington College, Fredericksburg, Va., to spend Easter at their homes are Misses Gwendolyn Simmons, Jane Robinson, Betsy Kyle, Susan Dodson, Ann Lee Baum and Helen Ann Pantone.

Mr. and Mrs. George Hudgins, of Norfolk, are visiting Mr. and Mrs. Bernard Smith at their home on Cavalier Drive.

Richard Miller has returned to Daytona Beach, Florida, after spending the week-end with his mother, Mrs. Elizabeth Miller, on 5th Street. He was accompanied by Mrs. Miller, who will spend several months in Daytona.

Hayden O. Merrill, who spent last week-end with Mr. and Mrs. George Barner on 79th Street, has returned to his home in Philadelphia, Pa.

Mr. Thomas S. Clarkson will arrive Saturday from Baltimore, Md., to spend Easter with her brother and sister-in-law, Mr. and Mrs. John Cole, on 53rd Street.

Mrs. S. M. O'Brien will return today to her home in Bay Colony after spending several weeks in Florida.

Mr. and Mrs. Lawrence Tucker and Miss Kirkland Tucker returned Monday to their home in Rudee Heights after spending four months with Mrs. Tucker's mother, Mrs. Kirkland Ruffin, in Norfolk.

Miss Helen Byrd Graham arrived Thursday from Mary Washington College, Fredericksburg, to spend the Easter holidays with her parents, Mr. and Mrs. Walter Graham, in Oceana.

Mrs. John Cole has returned to her home in Richmond after visiting her son-in-law and daughter, Mr. and Mrs. Preston Hix, in Bay Colony.

### How to Outwit Stubborn Eaters

If nursery rebellion has your nerves frayed to the nth degree and your imagination has ceased to function, perhaps these tips will help you in feeling that not-so-model eater. Sometimes it requires a slight prod to allow the wheels of your imagination to stimulate newer and fresher ideas for solving your problems. The following suggestions are offered to eliminate juvenile hunger strikes and change snuff noses to appreciative smiles at the sight of colorful and attractively prepared food with rose-and-basil-appel.

Mother may be the chief offender because she consistently offers a monotonous diet of dull drab foods. Restore harmony to your household by introducing the cheerful keynote of variety—variety in flavor, color, texture, aroma and service at each meal. This is a sure way of changing frowns of rejection to smiles of approval.

**HOW TO VARY FLAVOR**—Combine a succulent vegetable, such as tomato, with bland, dry, sliced chicken and potatoes. Then, wind up the meal with tangy, refreshing pineapple rice pudding with milk. An interesting balance of tang and bland, sweet and not so sweet, perks up lazy taste buds.

**HOW TO VARY COLOR**—Here's your opportunity to be ingenious. A subtle use of colored garnishes through the use of parsley sprigs, watercress leaves, bits of jellies, jams and gelatins, colored sugars, nuts, colored syrups will do wonders. Repeat this attractive color scheme in the table equipment—a change in color of table mats, dishware, glasses and cutlery are great mind-changers to accept food.

**HOW TO VARY TEXTURE**—After the child has passed the strained food age, he wants to become sophisticated in his food. Develop this

sense by avoiding such "blah" food arrangements as mashed potatoes, creamed ground beef and always-soft desserts. Instead give his meal texture variety with a soft, a chewy and a crisp food. Here's how—for a soft food, serve prune pudding; for a chewy food bring on vegetables with lamb and liver; and then add the crunchiness of celery curls, raw apple slices and plain crisp cookies.

**HOW TO MAKE LITTLE NOSHES QUIVER FROM Piquant AROMAS**—Even to this day, adults remember the cheerful homey smell of hot appleauce, the clean pleasant tang of fresh lemon peel and the Sherlock nasal trail to ruddy tomato soup. Need more he said!

**HOW TO VARY SERVICE**—Indoors, outdoors, alone and with the family; experiment with these changes. An egg for instance, can be so many things other than the usual scrambled, soft or hard cooked, poached, baked, creamed or omelet. Create new adventures in eating with a custard, milk shake, egg nog, pudding, sauce, soufflé and soup. Or let an egg play a new role and appear hard cooked in soup, salad or with potatoes. The gold flecks of grated yolk are always appreciated on salads, potatoes, other vegetables and soups.

Have you ever used cereals in: brown betty, cookies, puddings, candies or pancakes?

Have you forgotten that there are so many cheeses and they can be used as soup garnishes, salad accompaniments, main dishes and as dessert partners?

Dust off that recipe book and check off these clever ways to get more milk in the diet:

Molasses and fruit-flavored milk  
Malted and frosted milk  
Egg nog  
Hot chocolate and chocolate milk  
Creamed soups using junior foods  
Milk toast  
Milk sherbet  
Ice cream  
Bread pudding  
Creamed vegetables  
Cooking cereal with milk.

Are you proud of each meal you serve to your youngster? Is it as pretty as a picture? That's your test. It's a real and interesting challenge.

# Churches

The NEWS will be glad to make additions and corrections to this list from time to time. All items of church importance will be published in an endeavor to keep the list up to date as a permanent directory.

**OCEANA METHODIST CHURCH**  
Rev. I. L. Jewell, Pastor.  
Church School, 8:45 a.m., R. F. Wright, Supt. Morning Worship 11:00 a.m. Intermediate-Senior Fellowship, 6:30 p.m. Intermediate choir practice, 8:00 p.m. Young Adult Fellowship, Rev. R. B. Jackson, leader. Wednesday 7:30 p.m., Church Night, Board or Committee meetings. Friday 3:15 p.m. Children's Hour-Junior Choir practice. Friday, 7:30 p.m. Adult Choir practice. W.S.C.S. meetings on the second Thursday of each month at 2:30 p.m.

**OCEANA METHODIST CHURCH**  
Holy Communion will be observed at Oceana Methodist Church on Thursday at 8:00 P. M., commemorating the institution of the Lord's Supper.

Good Friday service will be conducted at the church on Friday at 8:00 P. M. The service will center in "The Seven Words Spoken On The Cross." Special music will be rendered by the choir.

A community sunrise service will be conducted Easter Sunday at 6 A. M. sponsored by the Youth and Young Adult Fellowships of the church.

The children's division of the church will hold an Easter egg hunt on the church grounds on Monday at 2:30 P. M. All the children of the community under twelve years of age are invited.

The following special music will be rendered by the choir for the Easter Sunday service:

"Christ Triumphant," F. Von; "Alleluia, Christ Is Risen," Van Woert; "Easter Morn," Mallard; "Bells Of Easter," Noel Benson; "Gloria," Mesart.

The members of the choir are as follows:

Soprano: Madams W. V. Spence, Earl Reiselbach, Carlye Bruhn, Blair Myers, Robert Day, Frank Malbon, and Misses Mary Williams and Audrey Midgley; alto: Madams Clarence Day, R. F. Wright and Alfred Newberry; tenor: Clarence Day; basses: S. B. Myers and Robert Day. Mrs. I. L. Jewell is the accompanist and choir director.

## FIRST BAPTIST CHURCH

Virginia Beach

Sermon topics for Easter Sunday, March 28th, are as follows: A. M.—"The Easter Message." P. M.—"The Resurrection of Faith."

A baptismal service will be held during part of the evening hour of worship.

Wednesday evening at 7 o'clock the monthly meeting of the Sunday School Workers Council will be held, opening with a "pot luck" supper at the church.

The mid-week prayer meeting will be held at the church Wednesday evening at eight o'clock.

Good Friday, March 26th - Litany and sermon Emmanuel Church Kempville. This is a union service for Lynnhaven Parish.

## STAR OF THE SEA CATHOLIC CHURCH

14th Street & Arctic Circle  
Father Philip Brennan, Masses 8:15 and 10:15 a.m. Sundays. Week Days 7:40 a.m. Rosary 8:30 a.m. Mass each week day.

The Lenten Services, which reached their greatest significance on Holy Thursday, will be carried over to Good Friday and Holy Saturday, when memorable events in the life of the Savior will be recalled.

Good Friday services begin at 8 o'clock A. M. The gospel of our Savior's sufferings will be read by William H. Delaney. Following this, the cross will be unveiled and venerated by the congregation. The usual Good Friday procession will be made around the church and, after this, the Mass of the Presanctified will end the morning services. On Good Friday the Stations of the Cross will be made from 12 noon to 3 P. M. and at 7:30 in the evening.

The Holy Saturday services, because of their length, begin at five o'clock A. M., even before the dawn. The paschal fire is lighted from a flint; the candles are lighted from this; the holy water and baptismal water are consecrated and mass begins at 8 o'clock.

Easter Sunday masses will be at 8:15 and high mass at 10:15. The glorious Mass de Angeli, or high mass, will be sung by a full choir with Mrs. Thomas J. Galvin at the organ. The music is strikingly beautiful and will require an hour and a half to cover it completely.

Father Brennan extends to all his cordial greetings for a Holy, Peaceful Easter.

## FIRST PRESBYTERIAN CHURCH

36th & Pacific, Va. Beach  
Rev. Robert P. Davis, pastor, 8:45 a.m. Church School, Mr. Ben McClesky, Supt. 9:45 a.m. Adult Bible Classes. 11:00 a.m. Morning Worship. Friday evening, 7:30 Boy Scouts.

Rev. R. P. Davis, pastor, announces that Good Friday services will be held at the church Friday evening at eight o'clock. The sermon will be delivered by the pastor. The choir will present "Go To Dark Gethsemane," by Tertius Ntelle, and "There Is A Green Hill Far Away," by Gounod.

The music for the Easter morning services will be held at eleven o'clock A. M. The processional is "Welcome Happy Morn," by Fortunatus; the offertory is "Hosanna," by Granier; the anthem is "Now Is Come The Salvation," by Tretter; the recessional hymn is "The Day of Resurrection," by John of Damascus. The sermon subject is "Whom Seekest Thou."

## LYNNHAVEN PRESBYTERIAN CHURCH

(Lynnhaven)

Rev. D. Burke Kerr, pastor. 10:00 a.m., Church School. 11:00 a.m. Morning Worship. 6 p.m. Pioneers of the Church. 7:00 p.m. Evening Worship Service. 8:00 p.m. Youth Fellowship of the Church.

Music for Easter Services at the Lynnhaven Presbyterian Church will be as follows:  
Processional: "Gaily He Hath Borne Our Crosses," Handel; Processional: "Christ the Lord Is Risen Today," Davids; Anthem: "Risen, A Glorious King," I. B. Wilson.

Choir Anthem: "Woe You There When They Crucified My Lord," Spiritual.

Choir Anthem: "Into the Woods My Master Went," Larkin. Choir Anthem: "In Joseph's Lovely Garden," Dickinson.

Adult Choir—Offertory: "Behold the Lamb of God," Handel. Postlude: "Hallelujah Chorus," "The Messiah," Handel.

Mrs. Burke Kerr is director.

## EAST OCEANA VIEW PRESBYTERIAN CHURCH

The Rev. J. Jordan Riggan, Minister. Sunday School 9:30 a.m. E. Almond, Supt. Morning Worship 11:00 a.m. Youth Fellowship 7:00 p.m. Prayer Meeting 7:30 p.m.

Left to Right: Top two—Francis Whittle Green, daughter of Mrs. Frank W. Green and the late Ensign Frank W. Green; Mary Clinton Davis, daughter of Mr. and Mrs. Holman Davis. Second row — Harvie Ann Deal, daughter of Mr. and Mrs. R. C. Deal, Jr.; Linda Dean Harden, daughter of Mr. and Mrs. E. R. Harden, III; Sara Frances Finley, daughter of Mr. and Mrs. L. D. Finley; C. Lyden Harrell, III, son of Mr. and Mrs. C. Lyden Harrell.

Third row — Irene Bernard Hilliard, daughter of Mr. and Mrs. J. Gordon Hilliard; Jane Allen Taylor, daughter of Mr. and Mrs. J. Gordon Taylor; Cooper Davis, daughter of the Rev.

Comdr. and Mrs. P. C. Morgan; Peggy Thornton, daughter of Mr. and Mrs. H. M. Thornton.

Fourth Row — Susan Elizabeth Taylor, daughter of Mr. and Mrs. Ralph Taylor; Caroline Tate Dickson, daughter of Mr. and Mrs. William P. Dickson; Reta Gray Parker, daughter of Mr. and Mrs. Gray Parker; Christopher Carson, son of the Rev. and Mrs. C. W. Carson.

## EASTERN SHORE CHURCH

Ocean View, Virginia  
The Rev. Charles W. O. Jr., Pastor. Morning Worship 11:00 a.m. Charles F. O. Jr., Supt. Sunday School 10:30 a.m.

Coming into the homestretch of his grim battle to free an innocent man, James Stewart has a very interesting audience in Helen Walker and Lee J. Cobb in the above scene from Twentieth Century-Fox's "Call Northside 777", which is coming to the BEACH THEATRE this week.

STIRRING... Spencer Tracy and Lona Turner in a tense moment from "Case Timberlane," eagerly-awaited M-G-M attraction which comes to the BEACH THEATRE screen this week, with Zachary Scott in the third starring role. Based on Sinclair Lewis' best-seller novel which had a reading public of some 17,000,000 persons; the story revolves about a midwestern judge who fights to save his marriage with a young wife.

## What's In a Route Number on a Highway?

Richmond-Special—What's in a highway route number?

Quite a lot, says the State Highway Department. The route-numbering system in Virginia follows several definite rules.

For one thing, any route which bears a number less than 600 is a primary route. It is therefore in the primary system, and the funds for its maintenance and construction are handled on a construction district basis rather than a county basis.

Routes bearing the number 600 or more are in the secondary system, composed mostly of roads taken over from the counties in 1932. All funds for the maintenance and construction of these roads are handled on a county basis.

In general, all even-numbered U. S. highways (such as 58, 60, 592, and 490) are east-west routes, and the odd-numbers (1, 18, 21, and 29) are used for north-south routes.

Sometimes they will fool you, though. Take Route 11, an odd-numbered north-south route, but which develops a distinct east-west tendency as it leaves Roanoke in the national picture, however. Route 11 is definitely a north-south road, leading from up-State New York to New Orleans.

U. S. numbered highways (such as 1, 11, and 80) are interstate highways. The Federal government has absolutely nothing to do with them, but the U. S. number is assumed by the American Association of State Highway Officials to insure a uniform numbering system for routes that cross State lines.

State numbers (such as Routes 2, 8, and 311) usually mean that the road is an intra-state highway which generally doesn't cross State lines.

Rounding out the picture, numbers above 1000 are usually reserved for suburban sub-division roads and the 9000 series is saved for secondary roads on the grounds of public schools.

## Plans Fading for Big Shrine Council Meeting at Beach

The on-again, off-again status of the joint meeting of the Southeastern and Mid-Atlantic Shrine Councils scheduled for September at Virginia Beach assumed the off position once more the past week, and prospects of reviving it appear slim.

This unexpected turn of events resulted from a visit of representatives of the two councils to Virginia Beach the past week. Frank A. Cundell, secretary of the large Southeastern group, stated that the European hotel rates offered the Shriners would undoubtedly prevent his group from visiting Virginia Beach. He expressed the fact that they were too high.

Cundell arrived in Virginia Beach the past Monday with a group that included O. M. Wilson, representing Yearak Temple, Atlanta, J. Sanford Sadler, president of the Mid-Atlantic Council, and Herman S. Nowinski, convention chairman, of Norfolk's Khedive Temple.

The visiting Shrine delegation appeared well pleased with the prospects of holding a joint meeting in Virginia Beach until the question of hotel rates arose. Originally American plan rates were offered the Shriners, but this was ultimately changed to European rates to satisfy the delegates. The rates, ranging from four to seven dollars per person, were felt to be excessive by the visiting Shriners.

Cundell pointed out that his group met last year in Miami Beach, Florida, where rates were considerably lower than those of

## Girl Scouts To Send Clothing To Needy In Foreign Country

The Virginia Beach Community Center is the collection depot for Princess Anne County, according to Mrs. Robert Hoffheimer, district public relations chairman for the Girl Scouts, who are preparing and sending friendship gifts of clothing to destitute children in Europe and Asia as a nation-wide project, and with a goal of one million garments.

Described as one of the most popular projects ever undertaken by the nation's million Girl Scouts, "Clothes for Friendship" is also the most ambitious. The Girl Scouts aim to make, send, remake or rehabilitate a total of 100,000 complete wardrobes of ten garments each for children between the ages of one year and fourteen years. The wardrobes are to be attractive as well as utilitarian so that children who might otherwise wear rags will have clothes

made in Virginia Beach, and that he felt that he could not recommend that his group meet in Virginia Beach under the circumstances.

Despite the possible loss of the Southeastern group the Mid-Atlantic Council plans to meet in Virginia Beach, according to Sadler, its president. This group would number between 3500 and 3000 Shriners.

Every effort will be made by local Shriners and Chamber of Commerce officials to secure the joint meeting as originally planned and a decision should be reached within the next two weeks.

they will be proud to wear. The American Friends Service Committee is handling distribution of the garments overseas.

Mrs. Gertrude Humble, district chairman of the Girl Scouts for Princess Anne County, will supervise, along with the district committee, the packing of these kits on April 16th. An urgent appeal is made to everyone in this area to

bring clothing for children aged one to fourteen years to Mr. Fanning at the Community Center as soon as possible. Clothes must be clean and in good condition. There is a particular need for underwear for all ages. Mrs. Hoffheimer stated, however, all clothing is needed so that the Girl Scouts of our area may fulfill their pledge to children of other lands.

## Sunday Marks 57th Year of Figurehead

Sunday, March 22nd, marks the 57th anniversary of the sinking of the Norwegian barque, The Dictator, off the shore of Virginia Beach. This sinking took a heavy toll of life, including the wife of the ship's captain and their only child. Nine members of the crew, including the captain were saved through the heroic efforts of the Coastguardmen from the Virginia Beach station.

A few pieces of lumber, the car's carrier by the barque, the ship's bell, and a few lamps and the wooden figurehead which graced its prow alone were salvaged.

The story as told by an eye witness has angles which have not been touched on before, and in questioning her the story came out in a vivid manner as though it were in recent years.

Miss Emily Gregory, now Mrs. B. F. Hilland, the wife of Virginia Beach's first mayor, then in her early teens, was a guest at the old Princess Anne Hotel between 14th and 16th Streets and the Ocean.

On the day of March 26th a heavy storm had been blowing all along the coast and with much interest she said she had watched the Norwegian barque battling the waves when at dusk she was wrecked and shattered by the heavy seas. Standing on the shore Mrs. Hilland saw the passengers attempt to save themselves. The captain tied his son to his back in an effort to save him but a wave washed him away and he and the child's mother were drowned. Their bodies were recovered several days later. The captain was unconscious when dragged from the surf.

Mrs. Hilland said she noticed the old figurehead floating offshore and requested S. E. Crittenden, manager of the Princess Anne Hotel, to rescue it. A boat was secured and the wooden image, which now stands at 16th Street, was brought ashore and placed on the lawn of the hotel. After the hotel burned in 1907 the figurehead was repaired, placed on a concrete base and removed to 16th

Street where it now stands as a tribute to men who "go down to the sea in ships" and remains one of the interesting sights to summer vacationists. The ancient tradition relative to figureheads in that no ship sailed without an image at her prow. Some ship owners had the image of wife, sweetheart or child at the bow; others were of animals, but it was thought that a ship without a figurehead was an ill-fated vessel and would have a stormy journey.

In connection with the anniversary of the sinking of The Dictator, Miss Junius Marquet, a resident of Virginia Beach for many years, has written a poem entitled "The Figurehead" which has been widely published. It is reprinted here for the benefit of those who are newcomers in the community.

"The Figurehead"  
by Juanita Marques

Standing on the sandy beach  
Just beyond the ocean's reach,  
Tell me Figurehead so strong,  
What you dream of all day long.  
As I listened, loud and clear  
Fell these words upon my ear—  
"I was like the Vikings old,  
Just so fearless, brave and bold.  
"Oft I sailed the briny deep,  
Where the ships their courses keep;

Many ships went to and fro  
In that time so long ago.  
"Signal lights from masts so high,  
Nightly glowed against the sky;  
Signal flags, like waving trees,  
Gaily fluttered in the breeze.  
"Once a barque I proudly lead,  
Acting as its Figurehead,  
THE DICTATOR was she called,  
Massive lumber what she hauled.  
"Safely to and fro we passed,  
But we met our fate at last;  
Stormy petrels in the sky  
Warned us that a storm was nigh.  
"How the Coast Guard worked to save

All from sinking 'neath the wave,  
Breaches buoy and long life line  
Saved, of all our number—nine.  
"Our good captain's wife and child  
Sank beneath the ocean wild;

## Garden Club of Virginia Sets Date For Kenmore Show

Two special Garden Week programs will be given at Kenmore, Fredericksburg, beautiful Colonial home of the patriot, Colonel Fielding Lewis, and his wife, Betty, only daughter of George Washington. The date of Garden Week is April 24th to May 1st, but the features will take place Monday afternoon, April 28th, at 3 o'clock, and Thursday, April 29th, from 10:30 A. M. to 12:30 P. M., and from 2 to 4:30 P. M. "Garden Week in Virginia," official guidebook, may be had free from headquarters, Jefferson Hotel, Richmond.

Six scenes depicting the life of Mary Washington, mother of Betty Lewis, and her immortal brother, will be given Monday by students and faculty members of Mary Washington College of the University of Virginia, Fredericksburg. There will be Colonial dances on the Kenmore lawn in addition to the six scenes taking place in the house, which will show how life was once lived in the old mansion built in 1752.

On Thursday, April 29th, the five "Episodes" given in the various rooms in continuous performance last year, will be repeated with practically the same cast. These will show the stirring historic events which actually took place there before and during the Revolution. These "Episodes" were seen last Spring by President and Mrs. Truman, members of the cabinet and a number of diplomats from various countries, all of whom will, of course, be invited again. They were seen also by hundreds of other people who were greatly impressed.

One of the many comments came from a sailor from Quantico hospital who wrote: "Never have I witnessed such wonderful performances as were depicted in the various scenes at Kenmore. It is not every day that one can witness such historic episodes."

Kenmore will be open every day of Garden Week from 9-6 o'clock when guests will be received by costumed hostesses. Tea and gingerbread will be served each day in the Kenmore kitchen without charge, the gingerbread having been made from Mary Washington's own recipe. During the war 60,000 service men had reason to thank Mrs. Washington for knowing how to make such good gingerbread and for writing the recipe.

Admission to Kenmore will be 50c and for the "Episodes," April 29th, \$1.00, both plus Federal tax.

Many a fear that day was shed  
O'er the bodies of the dead.  
"Now at Norfolk miles away  
They lie buried, so men say,  
Strange hands, with tenderest care,  
Deck their graves with flowers fair.  
"This is what I dream all day,  
While the children round me play,  
While the lovers carve their name  
On my battered wooden frame.  
"Then when night steals o'er the land,  
As upon the beach I stand,  
Lonely here beside the deep  
I my faithful vigil keep."

## Surf Club Announces Bands for Summer

### SURF CLUB OPENING

Announcement is made of the official opening of the Surf Club on May 26th with dancing nightly and with tea dances on Sunday afternoons.

In making the announcement the management stated that a number of famous name bands had been secured for the season and will include Carmen Cavallaro, Guy Lombardo, Sammy Kaye, Tommy Dorsey, the Three Suns, Ted Weems and Gene Krupa.

The Surf Club was sold last October and incorporated under the name of The Surf Realty Co., Inc. and involved a financial transaction amounting to \$225,000, according to a statement made by Harvey Lindsey, representative of the owners at the time of the sale. Jack Kane, president, and Murray Kosman announced in the fall their intentions to secure the best entertainment possible for the 1948 season.

Erected in 1896, the club was operated during that and succeeding seasons through 1943 by the owners, but was closed in 1943 because of wartime restrictions. It was reopened and operated under lease by Jack Valentine during the seasons of 1943, 1944 and 1945, but again reverted to owner-management in 1946 when a \$100,000 improvement program was undertaken and completed before the seasonal opening.

Built by the Surf Beach Club, Inc., the original stockholders included Pretlow Darden, Harvey Lindsey, C. D. Barnard, Vivian Hodgson and H. Garrett Smith, but subsequently the stock ownership passed to Darden and Lind-

say. Mrs. Audrey H. Darden and Mrs. Katherine D. Lindsey were the owners at the time of the recent sale.

When it became known the Surf Beach Club was for sale, several interests other than the ultimate purchasers initiated efforts to acquire the property.

The physical properties, which have undergone numerous renovations through the years, are largely of concrete, cinder block and steel construction. The main dance floor, including an indoor dance pavilion, accommodates up to 3,000 persons.

There are numerous other facilities for dancing and entertainment. Among these are 44 open front cabanas, 24 cabanas and a parking lot for up to 500 automobiles.

The club is situated on 18 lots embracing all of Block 3 and the entire ocean frontage of Block 1 on the plat of Overlook. The property fronts approximately 600 feet on the Atlantic Ocean, between Fifty-fifth and Fifty-sixth Streets, and fronts on Atlantic Boulevard about 380 feet. Its greatest depth—from the ocean to the boulevard—is about 900 feet.

Get that paint job done early in the summer season

The "Stop-at-Nothing" Vehicle  
the Whole Country Needed—

4-WHEEL-DRIVE  
UNIVERSAL

Jeep

THE UNIVERSAL "JEEP" is the kind of vehicle this country has needed for forty years. It is a tough, rugged vehicle that can always be depended on to take men and supplies where they are needed.

With selection of 2 and 4-wheel drive, the Universal "Jeep" gives speed on hard roads and ability to get over bad roads or travel cross-country. With all four wheels pulling, you go through mud, sand and snow that stops ordinary vehicles. The "Jeep" will climb a 40-per-cent grade and maneuver its way through dense growth.

For every kind of work—on or off the road, in any weather—the Universal "Jeep" measures up to every need. We invite you to drive the "Jeep" fifty miles and see for yourself.

Kept from Streams

## SPORTSMANSHIP IS NEEDED

The problem is squarely up to good sportsmen and to sportsmen's organizations to do whatever they may to improve the sportsman's attitude of those who hunt and fish in this State. Manners cannot be legislated into people. There is a real need for improvement in consideration for the rights of others, and the lack of consideration shown by many who hunt and fish brings about highly undesirable results which, in many cases, are far-reaching.

This year there's been a marked increase in the number of trout streams which have been closed for the sole reason that those who have been accustomed to fish these streams have made themselves so obnoxious to the landowners along these streams. Where a stream is closed to public fishing, the Commission can no longer stock it with trout.

Many farmers are resentful, with perfect right, toward men who hunt on their lands for the simple reason that these hunters damage property and run roughshod across lands as if they owned them. There is constant danger of disastrous fires because of the carelessness of such hunters. Inexcusable inconveniences are occasioned just because hunters will not be cautious and courteous.

A great deal of this sort of thing can be corrected if true sportsmen will make a conscious effort to do what they can to lift the level of sportsmanship among all classes of people who hunt and fish. There is room for an immense amount of missionary work in this direction.

The coming months will see many people fishing with natural bait and a great many game fish will be hooked on minnows, worms

FIXING UP the HOME  
By Diane Guster

## How About Steak Tonight?

THERE'S really nothing quite as good as a well broiled steak. This method of dry heat cooking brings out the finest taste. The results should be enough to whet the dullest appetite.

Broiling, while considered by many to be a fine art, is really very simple. There are many schools of thought; some say salt added before cooking causes loss of juice; others produce fine steaks by making a paste of salt and smearing it over the steak as thick as the crust has to be broken off.

Whatever your method, be sure you have a good hot flame, with the steak broiling about two or three inches under it. If your broiler is connected to a thermostatically controlled oven, let the oven door open so that the flame will not turn down.

A gas flame does the best broiling if you don't have the of an open casserole. The gas flames the broiling smoke, the kitchen cleaner and pi the quick, sharp heat needed can have a modern gas wherever you plan to fire. C the city you can use L.P. G modern gas fuel that is del in bottle-like steel cylinders tank truck. Consult the "and your community.

## JOE LYLE

Sells Virginia Beach

Phone 1197

If you want to enjoy budget-busting holiday eating, join the Easter parade of thrifty shoppers . . . to A&P I don't know of a better place to buy festive foods at everyday prices. And the variety is so big you'll get lots of grand ideas just by browsing around. Here are a few I came home with recently!

## SMART BUNNY SALAD

Half a peeled fresh pear makes a honey of a bunny when you place it on a side down on shredded greens, insert almonds for ears and whole cloves for features, and add a ball of cream cheese for a tail. Delicious served with A&P's ANN PAGE MAYONNAISE — the creamy-smooth mayonnaise worn by the season's best-dressed salads.

## TRIO OF TOPPERS

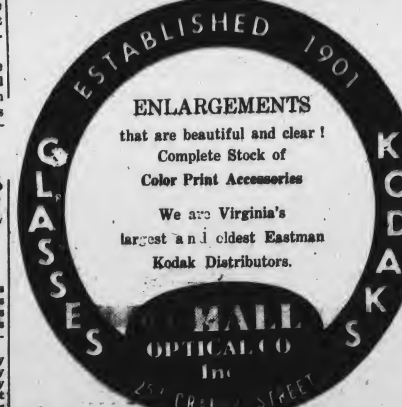

Because no one hat style suits every taste, there are dozens of different Easter bonnets. And because no one coffee flavor suits every taste either, there are 8 different blends of A&P COFFEE. EIGHT O'CLOCK (mild), BED CIRCLE (medium), and BOKAL (strong). They're all top . . . all sold in the whole bean, and Custom Ground when you buy, just right for best results in your coffemaker. So voice your choice . . . and rejoice!

## BEST NEST

Wondering how to use all the eggs the Easter Bunny's going to bring? Here's a suggestion: Let the shelled eggs stand in beet juice till they're blushing prettily, place each one in a nest of fresh-tasting A&P CANNED SPINACH, and arrange around your ham or roast.

## EASTER SUNDAY

A very special Sunday like Easter rates a very special sundae, made like this: Combine 1/2 cup white corn syrup, 1/4 cup sugar and 1/2 tsp. salt. Cook till mixture reaches 246°F., or small amount forms firm ball in cold water. Remove from heat; add 1/4 cup shortening and 5 cups of crunchy SUNNYFIELD CORN FLAKES — sold exclusively by A&P. Toss w/ fork till flakes are coated, and . . . read on cookie sheet to cool. Cumble and serve in ice cream. Enough for 15 to 20 sundae. (Sundae unused topping in covered jar.)

## WASH DAY.

What day do you do your washing? Want a vacation from the drudgery of your task?

O. K. - Call us a couple of days in advance and we will let our washer expert bring out one of the NEW 1948 EASY SPINDRIER Washers and do your week's wash for you.

You will not be under the slightest obligation. We just want to know if you don't agree with us that the Easy Spindrier is the smoothest operating washing machine you have ever seen perform, and that it washes clothes cleaner and with less effort than any other washer.

Give us a ring and watch while we wash.

It's Being Done at Willow Run!

Kaiser-Frazer Introduces  
Four New 1948 Models

• The 1948 KAISER • The 1948 KAISER CUSTOM  
• The 1948 FRAZER • The 1948 FRAZER MANHATTAN

# AT NO INCREASE IN PRICE!

While Other New Car Prices Are Advancing

HERE'S WHY Kaiser-Frazer can make this announcement while other new car prices spiral upward. Kaiser-Frazer controls its own supply of many basic raw materials . . . has its own engine plant, foundry and steel mill. Materials from these sources funnel into new and modern Willow Run — the largest automobile manufacturing plant in the world under one roof.

Unfinished steel goes in one end of this great plant and comes out a quality automobile, ready to be driven away. All this is accomplished in a matter of hours, and with the economy of Kaiser-Frazer straight-line production. This is an achievement of men who are injecting new methods and ideas into an old industry.

In the new 1948 Kaiser, Frazer, Kaiser Custom, and Frazer Manhattan you get all the features

that others have attempted to copy since Kaiser-Frazer design was introduced in 1947.

So far no one has been able to more than approximate the graceful exterior body lines. No one has come near matching the roadability . . . the ride resulting from seats cradled between the front and rear wheels, such wide seats with both elbow and shoulder room. And now have the style features, the wide choice of colors and fabrics.

You get all this plus the many refinements made possible by years-ahead engineering and design. And, of course, all 1948 Kaiser or Frazer cars have the new Goodyear M-poured pressure Super-Cushion tires that make bumps something you see but never feel.

Enjoy a ride today in America's newest new cars — the 1948 cars that have not gone up in price!

Wherever you drive, wherever you go, toward the corner, down the street, there is a Kaiser-Frazer dealer ready to serve you with genuine factory parts and approved service.

We Invite You to SEE, DRIVE and COMPARE them, Today!

## Community House Program Includes Special Performances by Name Bands

The weekly appearance of big name orchestras in the Community House has proved an added stimulus to an already busy program, according to William Fantone, Community House director.

Tony Reed and Tony Pastor, two nationally famous dance bands, have played on the past two successive Saturday afternoons in the Community House auditorium to a combined crowd estimated at more than 700 persons.

It is hoped that Larry Clinton and his organization will play in the Community House this Saturday. The bands are furnished free to the Community House by the management of the popular Ocean Club of Virginia Beach.

### TONY PASTOR

Children at the Virginia Beach Community House had a rare treat last Saturday afternoon when Tony Pastor and his orchestra and feature artists played for dancing. Mr. Pastor has been playing at the Ocean Club in the Whitehead building on 16th and Atlantic Ave. from Saturday evening until Wednesday when he left Virginia Beach for New York and later for a tour of Canada.

Through the courtesy of the management of the Ocean Club and the generosity of Mr. Pastor and his artists, this service was rendered without cost for the enjoyment of the young people of the Beach. The Cloony Sisters and

Buddy Jones, vocalist, rendered selections. Joe Blumsky entertained the dancers with his mimicking of famous characters. Pastor's young brother, "Buddy" Foster, is also trumpeter with the orchestra and entertained the dancers with selections. Art Perella, feature drummer, added his entertainment for the young folks.

### TABLE TENNIS POPULAR

Future plans of table tennis enthusiasts of the Community House group include the staging of a table tennis tournament. The proposed tournament was announced by Sam Fidgeon, who has taken over supervision of the sport at the Community House.

Fidgeon also announced that the House has acquired two additional tables which now brings the total number of tables for the game to four. One or two tables are reserved for the use of female players.

During the next few weeks players will be placed in groups to fit their individual abilities at the game, and tournament pairings will be based on the group ranking of the players, it was explained.

## Beach Post Office Has Opening For Local Veteran

Custodial positions, restricted to veterans, are open in the post office service at Virginia Beach. L. E. Ansell, secretary of the U. S. Civil Service Board of Examiners, announced this week.

Competition in this examination is restricted by law to persons entitled to veteran preference and applications from non-veterans will not be accepted.

Mr. Ansell said that applications must be filed with the office of the Director, Fourth U. S. Civil Service Region, Temporary Building "A", 3rd and Jefferson Drive, S. W., Washington 25, D. C., not later than April 13, 1948. The vacancies are located at the Virginia Beach post office and consist in laborer, charman and charwoman.

## To Meet At Town Hall on Tuesday

The attention of all veterans residing at Virginia Beach and in Princess Anne County is called to the fact that the Disabled American Veterans, Post of Virginia Beach, will meet at the Town Hall on Tuesday night, March 30th, at 8:00 P. M.

Many of the members of the armed forces of the past wars are eligible and can derive a great deal of benefit from attending this meeting, the local commander announced.

The primary objective of this organization is to assist those veterans and their families who need assistance, both in obtaining their due rights and in cutting down on red tape. He further stated there are many benefits provided for and which would prove profitable to become familiar. There are provisions for pensions for widows, orphans and parents of World War I and II veterans for death in service or due to service.

Also pensions are payable to widows and children of World War II veterans whose death was not due to service.

The aforementioned are only two examples of the many benefits. It is requested that all veterans who may be interested in hearing their rights attend this meeting.

## Load Limits To Be Removed from State Highways

Richmond, Special—All emergency load limits on Virginia highways will be lifted on Monday, March 29th, the State Highway Department announced today.

The normal limits of 45,000 lbs. on heavy-duty routes and 35,000 lbs. on all other roads will be restored at that time.

The department expressed its "sincere appreciation" for the "high degree of cooperation" rendered by hauliers during the emergency caused by quick-thaw which followed Winter's deep freeze.

Many roads are broken and in poor condition, engineers said. Tractors were asked, insofar as possible, to keep weights down on these weaker roads.
